Glance at the Elements in Various Por-

tions of the Country. Washington, Feb. 26, 8 p. m.-Weather conditions: The pressure has fallen rapidly in all parts of the country, except on the northern Pacific coast. The belt of high pressure which extended across the southern portion of the country twenty-four hours ago, has divided into two areas of high pressure, one has withdrawn southeasterly to the guif of Mexico and the second has retired to the Pacific coast. An extensive depression has formed over the Beaky mountain slope, and the Mississippi valley, its center now being over Manitoba. A narrow belt of cloud stretches from Manitoba southeast-ward across the lake regions to southern New England; with this exception the weather is nearly clear every-where east of the Rocky mountains. A rapid rise in temperature has oc-curred on the middle and north At-lantic coast, the lower lake region and the Ohio and central Mississippi val-It is colder in the northwest For Thursday a diminishing cloudi-ness is indicated in the north Atlantic and fair weather to middle and south Atlantic states, accompanied by high er temperature.

The weather will be fair and warmer in the lake regions. Fair and colder weather is indicated for the upper Mississippl and Missouri valleys, and fair weather with nearly stationary temperature in the southwest.

AGAINST FREE SILVER.

Committee of the New York Chamber of Commerce Outlines a Poticy. New York, Feb. 26.—A special com-mittee of the chamber of commerce on sound financial legislation, met this afternoon in pursuance of instructions to outline a financial policy to be followed by the chamber during the coming pres-idential campaign. The following res-olution presented by Gustay H. Schwab, was unanimously adopted:

Resolved, That it is the sense of this committee that the agitation in favor of the maintenance of the present standard of value and against the free coinage of silver should be prosecuted with vigor. It was generally believed that Secretary of the Treasury Carlisle would ap-pear before the committee and speak on America's finances, but he did not

on America's finances, but he did not make his appearance.

The meeting of the committee was exceutive, but Chairman Henbe at its conclusion remarked to a reporter of the l'nited Press: "I was assured personally by Mr. Carlisle that he hoped there would be no straddling of the financial problem by the two great political parties but that each party, in its convention, would boildly take the built convention, would boldly take the bull by the horns and adopt the only safe policy, that favoring the gold standard for the nation to pursue."

BASE BALL GOSSIP.

"Sandy" Griffin will probably manage Wilkes-Barre this year. It is about settled that Sunday ball will be played not in but near Syracuse next year.

It is certain that the Scranton owners will cling to their determination against Sunday games by the team at home and abroad.

Tom Murray, the short stop who was tried by the Philadelphias in one game last year, may get a chance to show his speed with the Jersey City team. Jahn Horner, the Oriole pitcher signed by Scranton, is clerking this winter in the Hotel Marion, in Atlanta. His habits are good and he practices daily. Horner is one of the best looking players in the busi-ness. He has a lady-killing moustache, but what is better he can pitch.

The Scranton make-up is as follows to date: Catchers, Jack Hess and Edward Rafferty: pitchers, Thomas G. Johnson, Dick Brown, Jack Horner, John Cronin, Ed. Hetr, George Getts, Dan Mullarkey; gecond base, "Piggy" Ward; third base, James Maguire; short stop, William Heller; left field; Peter Eagan; center or right field, Pat Meaney and E. L. Bradley; extra player, Ed. Sweney.

tra player, Ed. Sweeney.

The Buffalo Express says: While the other members of the Eastern league are hustling around for players to strengthen the weak points in their respective teams. Buffalo is quietly resting on its oars, satisfied that it has pennunt-winning material in the men already signed. This may be true, but other clubs are not taking any chances as Buffalo does, and Manager Rowe may wake up when it is too late to find that he has miscalculated on the quality of ball that is to be played in the Eastern league this season.

Scranton has signed seven pitchers, two

the Eastern league this season.

Scranton has signed seven pitchers, two catchers, three infielders, four outfielders and one utility man, a total of seventeen players. The only position vacant is first base, and this does not present a hopeless proposition. The National league season will open about a month before that of the Eastern, and it is not improbable that some of the big league's numerous timber will be cast adrift. This is, indeed, sure to happen, as each club will begin with from tweety-five to thirty-five men. Then will be Scranton's opportunity to secure a first baseman—if one is not meanwhile obtained. The rumor that Carey, to be released by Baltimore, will be signed is incorrect.
