ELOQUENCE OF MR. VEST

The Senator from Missouri Pleads for the Cuban Patriots.

INTEREST IN THE STRUGGLE

War for Independence of Cuba the Subject of Oratory in Senate and House—Possibilities of a War with Spain.

Washington, Feb. 27.—The cause of Cuban independence had strong advocacy and support in the senate today in a speech of fervid and impassioned eloquence, delivered by Senator Vest, of Missouri. He spoke of Spain as a toothless old wolf sitting at the door of the cave of despotism and grinning at the procession of free republics; and he denounced the declaration of Captain General Weyler and asked whether the senate should sit silently and dumb while the Cubans were butchered into subjection to the Spanish queen. "If we do," he exclaimed, "God will curse us. The time will come when there will be a retribution upon us as a people, because we have not been true to the task assigned us by Providence, and have not cherished the legacy of self-government bequeathed to us by our fathers."

Mr. Vest's splendid rhetoric was listened to with rapt attention and great admiration by a full senate and crowded galleries, and his peroration was applauded on all sides. He was followed by Mr. Gray, of Delaware, who complimented him with the remark that if the independence of Cuba could be achieved by eloquence it had been achieved by the burning words that had fallen from the lips of the senator from Missouri. No one could have heard them, he said, without sympathizing with the feeling with which the senator's heart was throbbing, and without giving favorable response to every aspiration which he had uttered for that unhappy island.

Mr. Gray went on to argue the futility of declaring Cuban independence when every senator knew that the struggle for it was not yet successful.

The Cuban debate is to be continued tomorrow, Senator Sherman, of Ohio, being one of the senators who is to take part in it; and the voting on the resolution and amendments is to begin at 4 p. m.

The subject of the seacoast defences of the country was elaborately treated in a speech by Senator Proctor, of Vermont, in which he advocated land fortifications in preference to the creation of a powerful navy; and it was announced immediately that the committee on fortifications contemplated a trip to New York to examine the defences of that harbor.

Bills appropriating $500,000 for two first class revenue steamers for the Pacific coast and $100,000 for a public building at Newport News, Va., were passed. Also the army appropriation bill, with no greater delay than that caused by its being read in full. It appropriates over $23,000,000, and is the fifth of the annual appropriation bills that has passed the senate.

HOUSE PROCEEDINGS.

The house of representatives today was on the verge of declaring it to be the sense of congress that the government of the United States should recognize the belligerency of the revolutionists in Cuba, maintain an attitude of neutrality between them and the Spanish government, tender its good offices to secure Cuban independence, and, to intervene in the conflict progressing on that island, if necessary to protect legitimate American interests there. But the objection by Mr. Boutelle (Rep., Maine) prevented the great majority of the house from carrying out its desire and the matter has gone over until later in the day.

The incident was the climax of the proceedings of an important and interesting season. At once, after the reading of the journal, the house proceeded to further discuss the contested election case of Van Horn vs. Tarnsey from the Fifth Missouri district, and the debate was continued until 4.30, at which hour by previous agreement, the vote was taken. Messrs. Prince (Illinois), Long (Kansas) and Johnson (Indiana), all Republicans and members of the committee advocated the adoption of the majority report and Mr. Maguire (California) spoke for the minority, that the contest be reopened and the elections committee instructed to recount the ballots in certain precincts of Kansas City. The vote was yeas 112; nays 164.

The Democrats and Populists unitedly supported the minority and were joined by the following Republicans: Arnold (Pennsylvania), Brown, Burton (Ohio), Codding, Grosvenor, Fenton, Huling, Hyde, Kulp, Leighty, Parker, Pitney, Powers, Southwick, Taylor (a member of the committee), Wellington and Wright.

The resolution of the majority, declaring Van Horn entitled to the seat, and that Tarnsey was not elected, were agreed to, and the contestant was sworn in.

Today there had been an interruption of the debate to permit Mr. Hitt, chairman of the committee on foreign affairs to report the Cuban resolutions, and at that time Mr. Meredith (Dem., Va.) asked unanimous consent for their immediate consideration, declaring they could be passed in two minutes. McCall (Rep., Mass.) objected then and the subject was dropped.

MR. BOUTELLE OBJECTS.

In the course of the afternoon, however, many members asked Mr. Hitt to call them up at the close of the election case who stated to Mr. Hitt that every Republican on the floor desired to vote upon them at once. So as Mr. Van Horn and his sponsor, Judge Burton, were going up the aisle in front of the speaker's desk, Mr. Hitt called attention to the fact that the resolutions had been reported and asked that they be then considered.

To this Mr. Boutelle, who had protested against the haste with which the house passed the bill authorizing the appointment of the Venezuelan boundary commission, interposed an objection. He demanded, over audible and visible signs of discontent, that the house should give to a subject of such vast importance, involving as it did, possible war with Spain, at least decent deliberation. There was nothing in the face of his objection to do but withdraw the request, and that Mr. Hitt did, the great body of the Republicans leaving the hall with a sense of disappointment at the failure to pass the resolutions.

BUILT FOR ENDLESS AGES.

Vault Constructed of Brick a Century Ago Practically Indestructible.

Washington, Feb. 27.—When the Bank of the United States was established in Washington nearly 100 years ago, steel vaults were unknown, so the vault was built of brick. The old building is now occupied by Riggs & Co. as a bank. Recently it was decided to put in a steel vault, and last week a force of men were set at work on the old vault with crowbars and blasting powder. After five days' work and the removal of many tons of brick, the vault is apparently as impregnable as ever. It was built in two parts. The inner shell was square, with an arched ceiling. Outside of this brick were laid in cement to a thickness of nearly four feet, making the exterior in the shape of a cube.

At the corners of the arch the brick wall was almost double its thickness elsewhere. The brick were as hard as stone, and the cement by long standing had become practically indestructible. The old vault has protected almost countless millions of wealth in its time, and even now, after the present work, it is still in a condition to furnish absolute security.

WAR ON THE CIGARETTE.

Religious Bodies of Anderson Want a Prohibitive Ordinance Passed.

Anderson, Ind., Feb. 27.—The religious organizations and Christian working bodies of this city met today and circulated petitions asking the council to enact an ordinance making it a misdemeanor for boys below the age of 16 to smoke cigarettes. It is proposed to place the penalty at imprisonment from one to seven days.

Courts of inquiry will also be held and, if possible, the dealers who sell the cigarettes will be prosecuted under state laws. The Women's Christian Temperance union and the Ministerial association have taken a decided stand. A request will also be made for a curfew ordinance.

THE WORLD OF BUSINESS

Wall Street Review.

New York, Feb. 27.—The sensation in the Stock Exchange today was the break in Baltimore and Ohio of 6 per cent. to 26. The break in the stock was due to rumors that the company will default on its March interest; that a receivership is imminent and that a new bond issue is likely at any time. Late in the day bankers who have lately taken an interest in the property emphatically denied the unfavorable reports referred to above and President Cowen stated that according to the experts examination which has been completed the condition of the company is as represented to the board of directors on Feb. 1. He also said that the plan for the rehabilitation of the property has progressed so far as to meet with the approval of the directors and will be ready for announcement in a short time. Leather Preferred was decidedly weaker and dropped 4 per cent. to 61¾. The passing of the dividend has an adverse influence. Tobacco, after breaking to 77½ suddenly jumped to 79¾ and closed at 78¾. Sugar was sold down from 118⅛ to 116¼; rallied to 118⅛. The break in Baltimore and Ohio weakened the general railway list for a time, but in the late trading the sold out bulls and bears made efforts to recover their stock. Prices improved, but near the close when Leather Preferred dropped to its lowest point the market weakened and lft off about steady in tone. Net changes show gains of ¼a 1⅜ per cent. Leather Preferred lost 4, and Baltimore and Ohio 4¾ per cent. Total sales were 212,550 shares.

IDENTIFIED BODY IN A TRUNK

Editor of an Iowa Paper Throws Light on the Mystery at Des Moines.

Webster City, Ia., Feb. 27.—Editor Long, of the Journal, published at Manson, just west of here, has identified the body of a man found in a trunk at Des Moines as that of A. Taylor, who lived at Manson as late as September last. The dead man was employed by C. E. Thorpe, and left Manson because his employer could no longer give him work.

After reaching Omaha he became sick with typhoid fever, as did his daughter, and both were removed to the hospital. The daughter died about six weeks ago. The dead man leaves a widow and six children in poor circumstances.
