## DUPONT CASE CONSIDERED

CUBAN CONFERENCE DESIRED

ware. Although the facts in the case are conceded on both sides of the chamber, the legal point is one on which the two political parties take opposite views; and on that opposition hinges the two political parties take opposite views; and on that opposition hinges a dispute which may occupy the time of the senate for weeks to come. It seems that in the Delaware joint assembly, on the 9th of May, 1895, Mr. Dupont received fifteen votes out of a total of thirty cast. But as to one of the thirty votes, it is contended on the part of Mr. Dupont, that it was illegal and void, it having been cast by Mr. Watson, a senator who had on the death of the governor, succeeded to that office, and who could not, as claimed by the Republican members of the committee on privileges and elections, legally or constitutionally act as senator. In that case the total legal vote cast being only twenty-nine, Mr. Dupont would have received a majority and would be entitled to a seat in the senate. The contention on the part of the Democratic members of the duties of governor by Mr. Watson did not divest him of his rights as a state senator, and that, at all events, that was a question to be determined by the senate of Delaware, and not by the senate of the United States. Mr. Mitchell (Rep. of Delaware, and not by the senate of the United States. Mr. Mitchell (Rep., Ogn), chairman of the committee on privileges and elections, made the opening argument, in favor of the right of Mr. Dupont. He spoke for three and one-half hours, and had not concluded his speech when the matter was laid

aside for the day.

The senate disagreed to the house

HOUSE PROCEEDINGS.

After passing a few relatively unimportant bills, the house spent the rest of today's session in the consideration in committee of the whole, of the fees and salary amendment to the legislative, executive and judicial appropriation bill. The whole time was spent upon the section fixing the salaries of district attorneys of the federal courts, which range from \$2,000 to \$5,000. The section was made the target for nearly a score of amendments, chiefly intended to increase the sums alloted to various colors and texture.

Now, he looks well groomed, as if he intended to go directly from the senate chamber to an "afternoon tea." He walks with a more sprightly step and his general appearance has undergone a decided change since he declared himself to be "Pennsylvania's favorite son." It appears to be the style for senatorial favorite sons to affect black frock coats as soon as their boom is announced. Senator Allison seldom appears in the senate chamber now in any other attire. Senators Cullom, Davis and even Senator Tillman recognize the demands of the occasion and wear a frock coat just the same as the other presidential possibilities. \$3,500 to \$4,000, and that of the attorney for the eastern district of Michigan from \$3,000 to \$4,000.

an from \$3,000 to \$4,000.

An amendment was agreed to requiring the attorney general in appointing assistant district attorneys, to make his selections from residents of the district in which they are to serve. In the course of the afternoon a message was received from the senate announc-

accompanying papers and maps.

CONVICT LABOR BILL. The sub-committee of the house labor committee having charge of matters pertaining to convict labor today reported favorably to the full committee the bill of Mr. Southwick, of New York, the bill of Mr. Southwick, or New the object of which is to protect free the object of which is in which it is engaged from the injurious effects of convict labor. To accomplish this end, it confines the sale of convict goods, wares and manufactures to the state in which they are produced. Time for adjournment arrived before the full committee could pass on the measure but the indications are that it will receive a favorable report at the next

The committee ordered favorably reported the bill of Mr. Prince, of Illin-ois, providing for the settlement of accounts of laborers and mechanics arising under the eight hour law. A proposition by Mr. Broderick, of Kansas, provising that the claims should be paid to claimants in person or by check, was added to the measure.

## "SAINTS" DRIVEN OUT.

People of Tremont City Object to the Teachings of Evangelists. Springfield, Ohio, March 4 .- The citizens of Tremont City, a small village six miles west of here, are in a state of great excitement over white cap notices which have been posted all over the town warning a number of persons calling themselves "saints," who have been holding meetings in the principal hall of the village, that they must leave the community immediately or take

the consequences. The meetings have been attended by the young people of the neighborhood, speakers have indulted in ideas that are not in conformity with the teachings of the Bible. As a result of the notices Revs. John Schell and William Warner have left the village, or at least could not be found today.

### HANGED AND THEN SET FREE An Oklahoma Prisoner Strung Up Three Times by a Mob.

Perry, O. T., March 4.—At about two o'clock yesterday morning a large band of masked men rode into Tecumseh, the county seat of Pottawatomic county, Oklahoma, and took from the jail Jacob 

McLaughlin knew all the murderers. McLaughlin refused to tell anything and the mob fastened a rope about his neck and, throwing the rope over the branch of a tree, drew him up. Presently the men let him down, but as he still refused to speak they repeated the operation. This was done three times, but he remained obstinate and was

## BIG FIRE AT DANBURY.

Three Persons Badly Injured-Fifteen Buildings Destroyed.

Danbury, Conn., March 4.—For four hours this morning the fire department battled with a fierce fire which raged in the center of the city, and before it was subdued, property worth \$150,000 was destroyed. Half the damage is covered by insurance.

New York, March 4.—Higher quotations from London, accompanied by liberal purchases of St. Paul and Louisville and Nashville, the favorable statements of the Rock Island and St. Paul for February and semi-official re-ports from Washington that the chief executive will act slowly in the matter of the resolutions adopted by the sen-ate and the lower house recognizing the belligerency of Cuba, all tended to re-store confidence in values at the stock exchange today. Operators for a rise were disposed to add to their holding of the better class of stock and as a rule an advance of §4a½ per cent. took rule an advance of 1/4a1/2 per cent. took place. It will be recalled that firms with connections at the capitol were among the heaviest sellers of stocks last week and the change of front to-day excited no little comment. In the advance noted, St. Paul, Rock Island, Louisville and Nashville, Sugar, Jersey Central, Northern Pacific preferred and the Could Issues, were conspicuous St. the Gould issues were conspicuous, St. Paul sold up to 78% on talk of an in-crease in the dividend. The directors are to meet early this month for ac-tion on this question. Sugar got back to 117% on the revival of the old reports of a division of part of the surplus in addition to the regular 3 per cent. The directors, it is understood are to meet tomorrok. General Electric rose to 33%, the recent favorable decisions to 33%, the recent favorable decisions having stimulated purchase. There were a few weak spots, and of these Burlington and Quincy was the most copspicuous because of the strength of the other grangers. The stock fell from 76% to 75% and back to 76%. Tobacco was feverish at 76a77. The reported issue of \$1,000,000 new preferred stock cannot be confirmed. Leather preferred dropped from 62 to 55%, and later recovered to 66%. There were no new developments to account for the weakness of the stocks. In the last hour the market was firm with St. Paul, Sugar and Louisville and Nashville as the features. Total sales were 267,179 shares.
