TEMPERANCE TALK.

Miss Dornblazer speaks of the work of the W. C. T. U.

Miss Queen Dornblazer, of Philadelphia, the state superintendent of the work among foreigners on behalf of the Women's Christian Temperance union, addressed a large audience of the young people of the Christian Endeavor society, and her address was listened to with close attention.

In the evening the auditorium of the Berean Baptist tabernacle was filled by an attentive audience, and after the reading of the Crusade psalm, the 146th, by Miss Dornblazer and a fervent prayer by the pastor, the Rev. T. E. Jepson, the president of the local Women's Christian Temperance corps, Mrs. Estabrook, in a well-chosen remarks, introduced Miss Dornblazer. In her introductory remarks she dwelt very forcibly upon the fatherhood of God and the common brotherhood of man as the principles upon which all Christian effort should be based. She emphasized that she brought no new creed or dogma, but she brought the old, old story in its fullness as applicable to uplift the fallen and the advance the movement of truth and righteousness. Prohibition was her main theme and she advanced many arguments in its favor and recapitulated the work accomplished amongst the foreign element, of which there are thousands in Pennsylvania.

They supply Bibles and tracts and inculcate in their minds their duties as true citizens. Her address was listened to with undivided attention, and the Rev. T. E. Jepson and Mrs. Estabrook expressed the hope that the address would stir up the local organizations to a sense of their duties.

Worn Out Women

Should read this letter. It shows the wonderful building-up powers of Hood's Sarsaparilla, the great blood purifier.

"I wish I could stand in some public place and cry to alluring humanity, 'Hurry, hurry, hurry, what wonderful things Hood's Sarsaparilla has done for me and my family.' I cannot express what I suffered. Only one of my sex knows what a woman can suffer in my condition. I was prostrate with nervousness and weakness. The least noise would drive me frantic. I decided to take Hood's Sarsaparilla. I am overjoyed to say that I am now well, healthy, rosy and plump."

Hood's Sarsaparilla is the best medicine for those suffering as I have suffered." Mrs. C. C. KIRKPATRICK, Pine Grove, Penn. Price, six for \$5.

HONESDALE.

Hardly a burglary has occurred in Honesdale but that Graham Watts, the hardware dealer, is a sufferer. Saturday night, thieves riddled lower Main street and with the aid of a chisel and auger stolen from Sweeney's boat yard, succeeded in making their way into two storerooms, but failed in their attempt on the safe. The burglars first broke in the door of Watt's hardware store. A heavy brass padlock was wrenched apart, and the main lock of the door was broken open, forcing a chisel in the edge of the door and using it as a lever. Eight revolvers, twenty razors, some silver spoons and other small articles, were taken from the store, and to about \$50. J. Freeman & Son, clothing store, a few doors above, were next tackled in the same way, but for some reason the burglars could not get in and they passed on to the clothing store of Mr. Fox, where they made a successful entrance. Two suits of clothes, two overcoats, two hats and a few pairs of suspenders amounting in all to \$50, were taken. No money was secured at either store. The razors taken from Watt's hardware store, the blades, Graham Watts, Honesdale, Pa., and should be easily identified. Two policemen, John Duan and Calvin Brown, are out on duty all night. The robbery occurred in Policeman Duan's beat, but he was not aware that anything was wrong. At 1.30 he tried all the doors along Main street, and everything was safe at that hour. He discovered nothing amiss on his regular walks after that, and it was not until Night Watchman David Bolls was returning from his duty at the Honesdale SIK mill, that the robbery was discovered, and the proprietors notified. Mr. Watts learned that two suspicious men had left the Crown house early in the morning and started in the direction of Hawley. He telephoned Thomas Gill, at White Mills, who rode to the town and the men passed through there. The Hawley constable was notified and the two men arrested. Sheriff Murphy and Mr. Watts drove to Hawley and had the men searched. They gave their residence as being near Scranton, but, as nothing suspicious was found about them, and as they told a straight story, they were allowed to go.

A Professional Nurse Afflicted with Bright's Disease of the Kidneys Finds a Cure.

(From the Buffalo News.) Mrs. A. E. Taylor has resided in Buffalo for over forty years, her address is 250 Herkimer avenue; as a professional nurse she has nursed back to health many a sufferer. Disease in all its varied forms have become as familiar to her as the regular practitioner. Her occupation is one that taxes the strongest constitution, but the fatigue of long watching and nursing at last brought her to a bed of sickness. Mrs. Taylor speaks of her complaint and cure as follows: "After being confined to my bed for some time my disease assumed such a serious aspect that a doctor was called in. He pronounced my ailment Bright's disease of the kidneys in the third degree and a very bad case. My limbs swelled up so that I could not walk across the floor, and indeed, help myself in any way. My face bloated up and my eyes swelled so that the sight was badly impaired. I had a constant flow of nearly two months without any marked improvement from the doctor's treatment. I have taken quarts of buchu and juniper. I tried battery treatment, but all without any lasting benefit until two months finally giving up in despair. Hearing of Doan's Kidney Pills I gave them a trial, and after taking three boxes I was able to get up without assistance and walk, something I had not done in months. A continued steady improvement with their use. The swelling in my leg left, the color returned to my face, changing from a chalky color to healthy bloom. I now consider myself entirely cured and shall never rest praising the little pill that saved me."

Doan's Kidney Pills are certainly a surprising discovery for kidney ailments. I shall be glad to tell anyone of the wonderful cure they performed for me.
