The Spanish Minister the Subject of Much Asrimonious Talk-Much Contempt for Spaniards Is Expressed. The Delaware Election Case.

Washington, March 10.—The action of the Spanish minister in correcting or qualifying through the public press, statements made in the senate on the subject of the war in Cuba, and par-ticularly on the subject of General Weyler's purposes and character, was today made the ground work of a ques-tion of personal privilege by Senator Lodge (Rep., Mass). It was brought up immediately after the reading of the journal, and occupied most of the time usually given to the business of the morning hour. Mr. Lodge protested against any diplomatic representative Washington, March 10 .-- The action of

usually given to the business of the morning hour. Mr. Lodge protested against any diplomatic representative using the newspapers of the United States to criticise senators for words spoken in debate; and intimated that in any other country a foreign minister who should be guilty of such a viola-tion of propriety would be sent home. Mr. De Lome's action was rather pal-liated by Mr. Gray (Dem., Del.) al-though he admitted that it was a tech-nical violation of diplomatic usage. Mr. Teller (Rep., Colo.) was less be-nignantly inclined. Under the circum-stances he would not, if he were presi-dent, send the Spanish minister home, but he would suggest to him that a re-petition of the offence would necessi-tate his leaving the country. He ad-ded that Spain would have a right to take offence at the recognition of the United States of Cuban beligerency, but would not have a right to go to war on account of it. He avowed the delight he would feel if he learned to-day that Havana was in the hands of the insurgents and that the Spanish forces had been driven into the sea. ANOTHER PHASE.

ANOTHER PHASE.

The discussion was continued for over an hour and a half. When it ter-minated another phase of the Cuban question presented itself in the shape of a resolution which had been offered of a resolution which had been offered yesterday by Mr. Hoar (Rep., Mass.) to postpone the further consideration of the conference report till the 6th of April, and to direct the committee on foreign relations to report in the mean-time the facts on which the resolutions were justified. A rather acrimonious dialogue took place between Mr. Hoar and Mr. Sherman—which seemed to amuse senators and audience. Mr. Mor-can (Dem. Ala.) was drawn into it by ainuse senators and audience. Mr. Mor-gan (Dem., Ala.) was drawn into it by an allusion to his remarks some weeks ago about laying the sword on the table and allowing Spain to take it up if she choose. Mr. Hoar's resolution went over till tomorrow, when he is to speak upon it at some length. The rest of the day's session was given to the Delaware election case-Mr. Turple (Dem., Ind.) continuing but not finishing his speech against Mr. Dupont's right to the seat.

HOUSE PROCEEDINGS. The annual fight in the house of rep-resentatives against the appropriation of \$195,000 for "special and necessary facilities over the trunk lines between Boston and New Orleans," carried in the bill for the past seventeen years, engaged the attention of the house toengaged the attention of the house to-day in the course of the consideration of the post office appropriation bill. It was precipitated by Mr. Loud (Rep., Cal.), in charge of the bill, making a point of order that it was an appro-priation for a purpose not authorized by existing law. After some debate the point of order that it was an appro-priation for a purpose not authorized by existing law. After some debate the point of order was ovarruled by the ohair (Mr. Payne, Republican, New York), who followed several precedents in rulings to that effect going back Later Mr. Loud moved to strike out

Later Mr. Loud moved to strike out the item, but this was defeated, on a vote by tellers-93 to 114. Previously, on a division, the vote was: ayes, 100; noes, 95. So the item remains in the MIL Paragraphs providing appropriation for special facilities between Kansas City and Newton, Kansas and between Chicago and Omaha were stricken out on points of order. The provisions of the bill setting forth in detail the regulations under which street car mail service should be conducted, the prices to be paid, etc., were stricken out on a point of order made by Mr. Pickler (Rep., S. D.). This necessitated an increase of \$70,000 in the item of car fare and bicycle allowance to carriers. Only two or three miscellaneous mat-ters were disposed of in the session-bills for the relief of individuals.

As they started into the second car with the command to "Hold up your hands" by two of the men, a passenger in the front seat whipped out two revolvers and fired five shots at short range. The men jumped back and off the train just as it started up again. It was at the place that Kellogg Nichols, the express messenger, was murdered a few years ago. The place is isolated and dark. GROUNDS FOR DIVORCE.

Wife Says Her Husband Deceived Her and Never Combed His Whiskers.

Never Combed His Whiskers. Indianapolis, Ind., March 10.—One hundred people have been called here as witnesses in the divorce suit of Aman-da vs. William P. Binford, a well-known farmer of an adjoining county. The plaintiff complains that her husband deceived her as to his age, that he will not wear a wig, is slovenly and never combs his whiskers. She also alleges that she is compelled to borrow money from him at 8 per cent. Interest to supply absolute needs, and that he killed diseased hogs for family food. The plaintiff demands \$7,000 alimony and custody of the chil-dren. The husband sets up a cross complaint, alleging that she whipped him with a club and tore his clothes from his body.
