Resolved, That the West Side Board of Trade; in the interests of better street railway service, urge upon the Scranton Traction company to lay a double track from Franklin avenue along Lackawanna and West Lackawann avenues to Ninth street, and a single track thence along Ninth street in a northerly direction to Swetland street and thence along Swetland street to Main avenue. We believe that the double track and belt system would obviate many of the present difficulties in the street car service of Hyde Park. We respectfully request council to grant these privileges to the Traction company.

The members of the board have here tofore been opposed to double-tracks. A committee, consisting of President Mason, C. E. Daniels and Hon. John R. Farr, was appointed to arrange for the celebration of the board's anniversary. A supper will be held to commemorate the event. Communications were received and read on the one-cent postage movement. The board is not very anxious to endorse the reduction. The matter was referred to the legislative committee for action. A communication was also read in regard to the extraction of the tariff question from politics. The board ordered the letter filed. It was issued by the na-

Acker at that time expended several hundred dollars in repairing his property. Now the foundation walls are again shaken and it is thought that new ones will have to be placed. The cause of the settling is from an old and unused working of the Central mine. The place is said to be almost pillarless and the recent rains have caused the downfall of the roof in several places. New York, March 10.—There were few features of interest to the railway and miscellaneous speculation today. To-bacco, as of late, monopolized speculative attention and figured for 92,700 shares in a grand total of 189,597 shares. The stock first declined % to 72 and then on heavy transactions rose to 75¼ with a subsequent reaction of % 6%. The advance in the stock was ascribed to covering of short contracts. The average trader is giving this particular specialty a wide berth and its erratic fluctuations are ascribed to manipulations to insiders. There was a little doing in Cotton Oil and the stocks were firmer, the common rising to 15 and the preferred to 60%. The report of the Missouri Pacific for the year ending December 31, 1895, strengthened that stock for a time. The Grangers, Internationals, Trunk Lines and Anthracites were without feature and trading in them was on an unusually small scale. Chronic Rhoumatism Cured. Dr. B. H. Hettinger, Indianapolis, Ind., says: "For several months after sprain-ing my ankle I was severely afflicted with Rheumatism. I finally tried Det-chon's 'Mystic Cure' for Rheumatism, chon's 'Mystic Cure' for Rheumatism, and in 4 days could walk without my cane; two bottles cured me sound and well. I take great pleasure in recom-mending the 'Mystic Cure' to all who are afflicted with Rheumatism." Sold by Carl Lorenz, Druggist, 418 Lacka-wanna avenue, Scranton.

RUPTURE CAN BE CURED.

Many people say no; that is because they have heard of so many failures where the truss or the knife have been relied upon. Science has developed a new and better way—a system of treatment that positively curses and does away with the truss entirely afterwards. Dr /- P. O'Malley, Rupture Specialist, 80 South Washington street, Wilkee-Barra, administers this new treatment. There is no detention from business and persons from out of town can receive treatment and return home the same day. An absolute cure is suaranteed. There is no charge for examination, A visit once a weak for four to eight weeks will usually be sufficient for the most stubborn cases.

N. R.—Those not wishing treatmen can be fitted with the celebrated O'MALLEY TRUSS, guaranteed to hold any rupture that can be returned giving ease and comfort.
