THE SCRANTON TRIBUNE-SATURDAY MORNING, MARCH 14, 1896. EDITOR 1S MAULED. **RAYS ON MANIAC'S BRAINS.** SPEECH FAVORING SILVER THOUSANDS Connolly lleged Blackmailer Savagely Treated by Superintendent of a Delaware Institution to Make Practical Tests. Entaged Citizens of Laverne. tion to Make Practical Tests. Wilmington, Del., March 13.—Dr. W. H. Hancker, superintendent of the Del-aware State hospital for the Insane at Farnhurst, is securing the necessary cylinders, chemicals and other appara-tus with which to experiment with the Roentgen rays and the latest inven-tions for photographing the brain and the solid portions of the body by means of penetrating light. Matchell, S. D., March 13.-Encour-aged by the action of the late Mitchell mob, the citizens of Luverne, Minn., have taken the law into their own hands, and maltreated Editor F. N. Balley, who, it is alleged, had been blackmailing prominent citizens of that Ex-Secretary Poster Accused TESTIF Having Opened Pandora's Box. IN THE **BENATOR COCKRELL'S ADDRESS** He was seized by a mob, beaten and TO HAVING BEEN CURED BY the solid portions of the body by means of penetrating light. This will be the first practical test of the discovery for medical advantage made in Delaware. Dr. Hansker pro-poses to utilize the rays in photograph-ing the brains of maniacs and dement-ed persons who die at the institution. Cause of Financial Ills - Republican

Strongth in the House Is Increased. Gaston A. Robbins, of Alsbams Is Unseated.

Washington, March 13 .- With the exception of one rather curious episode at the opening of today's session, the senate was entirely relieved of all consideration of the question of Cuban belligerency, and had its attention turned to the financial question. An allusion had been made in Mr. Sherman's speech on Thursday to a private communication which Mr. Lodge, of Massachusetts, was supposed to have received from was supposed to have received from the secretary of state, and to have made known confidentially to the committee on foreign relations. Mr. Lodge said Mr. Sherman had fallen into an unin-tentional error; that he had no inter-view with Mr. Olney, and had received no private communication from him, and that the paper which had been sent from the state department and had been read to the committee on foreign relaread to the committee on foreign rela-tions by one of its members was the statement by the Spanish minister giving the Spanish version of affairs in Cuba. Mr. Sherman admitted the mistake has had failen into, and to a sug-gestion that he should communicate the paper to the senate, he replied that if was a matter puly to be read in exect-tive session. Mr. Hoar, Massachusetts, and Wolcott, Colorado, commented upon the mention pullor behavior the matthe peculiar position in which the mat-ter was thus placed, and Mr. Hawley, of Connecticut, indicated his purpose to move that the senate insist on its disagreement to the house substitute for the Cuban resolution and ask for a

further conference. The financial condition of the govern-The financial condition of the govern-ment was presented in a four-hour speech by Mr. Cockrell, Missouri, in which he argued that every govern-ment obligation, with the single ex-ception of gold certificates, was pay-able in gold or silver coln, at the op-tion of the government, and he charged that Charles Foster, while secretary of the treasury, had, in October, 1891, sur-rendered, voluntarily, meekly and sub-missively, the right of the government to redeem the United States notes or missively, the right of the government to redeem the United States notes or greenbacks in silver as well as gold. That action on the part of Mr. Foster, Mr. Cockrell described as the pandora's box, out of which had come all the financial ills that had since fallen upon the country. the country.

ROBBINS UNSEATED.

The Republican strength in the house of representatives was increased by one this afternoon, when by a vote of 173 to 59, Gaston A. Robbins, Democrat. was declared to be not entitled to the seat occupied by him as a represent-ative from the Fourth district of Ala-bama, and William F. Aldrich, his Republican, opponent, was placed there-in. This result followed a two day's debate of the report of the committee on elections No. 1, today's session being accupied by Mr. Dinsmore (Dem, Ark.) in a three hours' speech in behalf of Robbins, and Mr. Danleis (Rep., N. Y.) chairman of the committee, closing in an argument in an hour more for Aldrich. The Republicans now number 247 members, the Democrats, 101; Pop-ulists, 7, and Silverities, 1. There is a vacancy from the Eleventh Texas dis-trict, caused by the recent death of Representative Crain. Mr. Aldrich ap-peared at the bar and was sworn in by Speaker Reed, amid Republican ap-May 20% 20% 20% 20% 20% 20% plause. The vote was along party lines, the Populists uniting with the Repub-

Before the election case was taken up two bills were passed. One was to re quire that engineers and assistant en gineers on steamers sailing under American registers shall be American citizens. The other was the tonnage tax bill, repealing the reciprocal pro-visions of the law of 1884, of which only Germany and the Netherlands took ad-vantage, and, reducing the tax on the coastwise trade between the Americans etween the United States and the West Indies and between the United States and Hawali from three to two cents a

but little actual business explains the strength of some markets and the weakness of others. Thus far there is decided increase in the demand for oots and shoes, secured by considerable concessions in price, but in other branches of business concessions are made in vain or are not made. Meanwhile it is encouraging to know that one of the most important business in-terests has realized definite improve-

As prices about Feb. 21 were on the whole the lowest ever known in this country, considerable space is given this week to comparison of quotations in the most important branches of manufacture, which show the extent of re-action since the rise last fall. It is especially noteworthy that prices of materials have varied quite differently from prices of manufactured products.

Thus cotton is 27.9 per cent. higher than a year ago, but cotton goods aver-age only 10.7 per cent. Wool is but 5.3 per cent, higher than a year ago, but woolen goods are on the whole about 4 per cent, lower. Pig iron is only 17 per cent. higher than a year ago, while finished products of iron and steel average 45 per cent. higher, Boots and shoes are practically not higher than a year ago, while leather has risen 11.5 per cent, and hides at the moment ar-only 2.2 per cent, higher. These com parisons are important because they disclose something of the grave dislo-cation of prices which inadequate consumption and combinations have pro-

The market for wheat is weaker with no better reason than the government report of wheat in farmers' hands, which is altogether out of keeping with the government estimate a year ago, and yet is probably more nearly cor-rect. Western receipts still exceeds last year's and for two weeks have been 4,567,392 bushels against 3,636,715 last year, while the Atlantic exports, four included this week a little small-er than a year ago, have been for two weeks 2,291,097 bushels against 3,510,152 ast year. Corn is a shade firmer with-out apparent reason and cotton goods gained a sixteenth although the pros-pect of yield this year is at least as good as it has been at any time. The stock market has not been much
