SLEIGHING ACCIDENTS.

Narrow Escape at the Ontario and Western.

The pupils of Miss Amelia Ponckert, who had left early Saturday afternoon for a sleighride as far as Archbald, narrowly escaped a very serious disaster on their return journey. The team was in charge of William Hedden. The party was wholly composed of children to the number of about forty, and ranging in age from five to fifteen years. As the sleigh reached the Ontario and Western crossing in the North end of Jermyn, a locomotive in charge of Engineer Collins came speeding along the curve. The horses were on the track and the driver saw it was impossible for him to get across in time. He feared that the train could not be stopped. Hence he endeavored to turn back but unfortunately in doing so, the pole of the sleigh broke. Seeing their danger most of the children jumped off just as the train was speeding past. It was very fortunate that the sleigh was a few feet from the track and also that the horses stood the ordeal. Many of the children made for their homes on the cars, and reached the city about half-past eight, while not a few stuck to the sleigh, which was repaired and they had the further enjoyment of sleighing into the city at a little after ten o'clock.

Another Accident.

While J. F. McDonald was driving a cutter on Salem avenue on Saturday evening, upon coming to the street of the track at the corner of Main street the horse bolted and the cutter was overturned. Mr. McDonald was dragged in the snow for a considerable distance. Friends turned the cutter and the horse was got under control.

VALLEY WRECK.

An Engine Tumbles Over and Cars demolished—Traffic Blocked.

A wreck which blocked the Lehigh Valley road between this city and Delano occurred near Lehigh shortly after midnight yesterday morning, says the Hazleton Sentinel. Engine 146, in charge of Engineer Frank Bowman and Conductor Michael Reynolds, an engine in a mixed train of coal and merchandise to Delano, was derailed by a clogged frog. The train was then bowling along at a rapid rate of speed and the momentum of the cars pushed the engine over the side for a considerable distance, when it tumbled into a ditch. The trainmen meantime jumped to save themselves and all escaped in safety, except brakeman Michael O'Brien, who sustained slight injuries. The tracks were badly torn up and five cars were smashed. The engine was badly twisted and somewhat broken. Wreck crews from Weatherly and Delano arrived on the scene shortly after the work was in progress all day. The officials expect the tracks open for business this evening.

Trains were run over the Quakake branch between Penn Haven and Delano all day.

One of his legs was badly lacerated. He was taken to his home in the ambulance and Drs. Sicker and Grover were called and dressed his leg. It was thought at first that they would have to amputate the member, but the doctors now think that they can save it.

RUPTURE CAN BE CURED.

Many people say no; that is because they have heard of so many failures where the truth of the facts have been belied upon. Science has developed a system of treatment that positively cures and does away with the pain, entirely afterwards. It is not a cure, it is a cure and does not require treatment and return from the same day. An abscess cure is warranted. This is no laughing matter. A list of work for four to eight weeks may usually be sufficient for the most stubborn cases.

DAILY BARGAIN, NO. 16,
AT GUERNSEY BROTHERS'
GREAT RETIRAL SALE
224 WYOMING AVE.

A COMPLETE ORCHESTRA FOR \$90.00

The Wilcox & White Symphonia is the most perfect self-playing instrument ever devised. It is also the most perfect under the control of the player and every degree of light and shade, from the softest murmur to the strength of a brass band in its forte passages, can be produced at will. But its action is not merely mechanical. In addition to this it is a first class, high grade organ, with six sets of reeds and an ordinary five octave key board. In a word, this organ is sold at \$90.00 regularly, and it's well worth it. Sale Price for Cash Today \$90.00
