CHRISTIAN CONVENTION.

The Meetings Drawn to a Close by Three Special Meetings on Friday.

This convention, on behalf of the Rescue mission, was held on Thursday and Friday, at the Methodist church and was crowned with success. The meetings were increased in numbers and in interest. The morning service on Friday, the singing evangelist, spoke very earnestly on the blessedness of all who are forgiven. God, he said, would have us to be glad, joyful Christians.

Many of them gave testimonies and spoke that they were joyful in the Lord. Then the Rev. James Scovill, of Scranton, the founder of the mission, read the second and third chapters of First Corinthians and followed up with explanations and plainly showed that the Holy Spirit is the only teacher. In the afternoon the meeting was in charge of Mrs. A. E. Dunmore. She read what she termed the "love" chapter, I Corinthians, 13, showing the wonderful love of God to mankind. May we drink of this love so that we can be ready for the Master's service?

SILK MILL BONDS.

Stockholders Will Receive Interest from Dec. 1, 1895.

The people who invested their money in the silk mill have been for some time very anxious about their investment and at not receiving their bonds. The following letter will place them at rest. To the Editor of the "Tribune": As there seems to be some apprehension on the part of some of the subscribers to the silk mill bond, that the delay in the delivering of the bonds is unreasonable, I wish to state for all concerned that the delay has been unavoidable, and has been occasioned by obstacles in the way of the conveyance of the land to the trustees, which it was difficult to anticipate. In order to relieve any possible anxiety on the part of the subscribers, I am glad to be able to state that I have ascertained from the Erie Trusting company that interest will be paid from Dec. 1, 1895, every six months, as will be provided for in the bonds and mortgage, and to delay in getting the stock and bonds which I expect share will prevent all entitled to interest from receiving the same at the interest periods, namely, June 1 and Dec. 1, 1896. James E. Burr, Carbondale, March 21, 1896.

He has also taken three bottles for nervous headache and catarrh. It gave me great relief. Mrs. T. M. Smith, Rutherford Glen, Va.

Terrible

Starvation

is daily the cause of death on every side, not from inability to get food, but from the impossibility, caused by disease to assimilate it. Everyone has marked the continual losing of flesh and daily wasting away of some beloved friend. Call the disease what name you will, the fact remains that the ultimate end has been due to starvation. Don't wait too long, give the sufferer

Bovinine

It is not a medicine, but a food product, a powerful concentration into small bulk of the vital elements of lean beef, every bit of the nutritive qualities of which have been retained, on account of the special cold process by which it is prepared. It creates new red blood corpuscles, increases weight, builds flesh and nerve tissue, and strengthening the life-maintaining organs of the body, enables them to perform their functions naturally and throw off disease—ask your doctor, he will tell you this is so.

RUPTURE

is one of the very common ailments of mankind. It is usually the result of hard work or over-exertion, and is often times the legacy of fevers or severe attacks of disease which leave the abdominal muscles in a weakened condition, allowing the protrusion of bowel.

NO DISGRACE

to be ruptured, but it is very annoying and sometimes dangerous. Until recently it was thought to be incurable without an operation, but thanks to scientific research

ITS CURE

is now ABSOLUTELY CERTAIN in ninety out of a hundred cases where the rupture can be returned. I give a written guarantee to cure. No knife, no medicine, no operation; no detention from business, and no trouble of any kind. Write for the name of my office, which is free for the first week. My office is situated for the worst case. DR. ALEX. LEITCH, Surgeon, 101 Broadway, New York.

CAUTION

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.
