Although again defeated by the champion, he is more than ever satisfied that he is the better player, and intends to sive him another battle and intends to give him another battle at the first opportunity. The table used in the contest was sent on from Chicago by the Brunswick-Balke-Callender company and was sup-plied by new cloths, cushions and ivory balls. Clearwater's backers set up an exactly similar table in the East End for their man to practice on. Keogh for their man to practice on. Keogh could get nothing but the ordinary 5 by 10 foot table, with large pockets to do his training on, and as a consequence he was very weak until he got used to the table. The fact that he defeated Clearwater in the second and third nights' play goes to prove that his ex-planation is very probably the right

Keogh had the crowd with him from Keogh had the crowd with him from the beginning, and during the second and third nights it fairly went wild over his nervy up-hill work. His cool-ness was made the chief feature of all the newspaper reports of the contest. Here is the way one of the Pittsburg Sunday papers headed its report of the contest: "Nervy Mr. Keogh. Dummore and the Ruthven riot has ceased to excite the minds of the resi-dents of that borough. Special Officer Fréd Mink, the ex-priest's body guard, is in a doubtful condition at the Lacka-wanna hospital Dr. Blanchard says the wounded man is resting comfort-ably and what is most to be feared is that blood poisoning may develop. If the bullet becomes incapsulated there is no danger. It will be a few days yet before Mink's chances of recovering can be correctly estimated. Keller and Sagraves are getting along well. No arrests were made yesterday of any of the men charged with partici-pating in the shooting affray. The warrants were turned over to the Dun-more police by County Detective Ley-shon and up to a late hour last night none of the suspects had been taken into custody. Christy Walsh, against whom Ruthven has made a statement charging him with having done some shooting, was around the streets of Dunmore and did not appear to be in any way evading arrest. Peter O'Horo of Ward street, and James Sweeney, after whom a search was made Mon-day night, have been keeping in the background. this in evidence but Judge Buffington would not allow it to be received. Se-cret Service Officer Matthew Griffin was placed on the stand. He identified the bills as those of a same series as were first chreukated in New York in 1887 by a gang of Italian counterfeiters. He found twelve bills of the same kind in Pittston four days after the arrest of Perrone and Palmieri, all of which were said to have been circulated on January 14. It is a most difficult matter to harmonize the conflicting stories concerning the afray, and no one seems to know definitely who did the shooting. Forty or fifty shots were fired, but who fired them is a question. Mink says if he sees the man who shot him he will readily recognize him;

Mink says if he sees the man who shot him he will readify recognize him; beyond that he knows nothing of the man's identity. Ruthven was at his boarding house as usual yesterday and gave out information that he intends to remain in town for some time yet. At an early hour yesterday morning F. E. Wagner and John Quinn, two residents of the borough, became en-gaged in a heated debate about the rioting. Quinn was charged with threatening to shoot Wagner and Special Officer Warner, who was near-by, arrested the former and brought him before Justice of the Peace Rob-ert Scott. Quinn arranged to enter ball but the case was settled upon the pay-ment of costs by the defendant.
