BAY STATE HEARD FROM

The Massachusetts Republicans Declare Against Silver.

THEY FAVOR REED AND GOLD

In the Financial Plank the Nationalists of the Day Are Attributed to a Desire for White Metal Which Should Be Checked.

Boston, March 27.—The Republican state convention was held here today. The following delegates-at-large to the national convention were chosen: Henry Cabot Lodge, of Nahant; W. Murray Crane, of Dalton; Hon. E. S. Draper, of Hopedale; and Curtis Guild, Jr., of Boston. Alternates: R. H. Boutwell, of Belmont; L. C. Southard, of Easton; R. F. Hawkins, of Springfield, and S. E. Courtney, of Boston.

The financial plank of the platform is as follows: We regard the silver agitation as hurtful to business and detrimental to the credit of the nation. We are entirely opposed to the free and unlimited coinage of silver, and every change in the existing gold standard, except by international agreement. Each dollar must be backed by its own gold. The credit of the United States must be maintained at the highest point. No debt can be incurred for any purpose, either at home or abroad. Every promise must be rigidly kept, and every obligation payable in full. We are opposed to the unsound and dangerous system of state banks; we support the national banking system and believe that it should be so amended as to give it room for expansion and opportunity to the citizens of the growing business and population of the country.

The resolutions express sympathy with Cuba and declare the belief that the United States should use its influence and good offices in the interests of humanity to bring to an end the useless and bloody war now desolating Cuba, and to give to the people of that island peace and self-government. The Massachusetts Republicans have never undertaken to pledge or bind their delegates to a national convention. We do not intend to do so now. We are not going to declare our preference among the candidates for the Republican nomination to the presidency. We present to the national convention for nomination as president, and we urge all our delegates to give their earnest, united and active support to a fearless leader, tried in many hard conflicts, a man of national reputation, of undoubted character, unwavering Republicanism, and greatest abilities, the Hon. Thomas H. Reed, of Maine.

MANLEY'S PREDICTIONS. Washington, March 27.—J. H. Manley sent to W. Murray Crane the following telegram today: Washington, D. C., March 27, 1896. Hon. W. Murray Crane, Republican State Convention, Boston, Mass. I am glad to hear of your inquiry. This is the first time since the inauguration of Mr. McKinley that the issue of the tariff has been brought up. Governor McKinley will have 92 delegates, provided you assign to him the Ohio men who went down before the Ohio convention at Cincinnati. We were confident of Mr. Blaine's nomination. He was elected by a majority of 100,000 votes, but he had opposed his nomination. Senator McKim of Indiana, Senator Morton of Kentucky, Governor Hayes, of Ohio, and Governor Harrison, of Pennsylvania, were all so sure of Mr. Blaine's nomination that they regarded it as settled, and yet he was defeated in the convention and the man went down before the Ohio governor.

JEFFERSON'S BIRTHDAY. Chauncey Black Desires That the Event Be Observed by Democratic Clubs. Washington, March 27.—Chauncey F. Black, president of the National Association of Democratic Clubs, has issued the following address relative to the celebration of the birthday of Thomas Jefferson.

To the National Association of Democratic Clubs: Jefferson is as the Democratic party, when its members are in harmony, support the principles upon which it was founded—strict construction, equal rights, with economy and simplicity of administration. Jefferson is the embodiment of a great majority of the American people. I especially urge upon the Democratic organizations affiliated with the national association to improve the opportunity of general recurrence to these democratic principles as defined and illustrated in some common and solemn celebration of the birthday of Thomas Jefferson.

MRS. BOOTH SPEAKS OUT. Tells Why She and Her Husband Left the Salvationists. Pittsburg, March 27.—Mrs. Ballington Booth lectured last night at Sewickley on "Shim and Shelter Work in Large Cities" to a large audience. After the lecture Mrs. Booth broke the silence as to the cause of herself and the commander breaking away from the old organization. She practically admitted that they had become too much Americanized to suit the ideas of the powers in London. She said the whole thing was caused by the fact that they had outlived the work they intended to carry out in America.

THE MATABELE UPRISING

Settlers Are Flocking to Towns and Volunteers Enrolling.

LATEST AFRICAN TROUBLE

Reinforcements of Mounted Police Sent to Bulawayo and Other Places. Many Settlers Reported Slain. A Patrol Repulsed.

Cape Town, March 27.—Dispatches received from Bulawayo, Matabeland, this morning indicate that an uprising of the natives has taken place, and the revolt is likely to spread to other parts of South Africa. The settlers in Matabeland are flocking into the towns, and the latter are being placed in a state of defense. Volunteers are enrolling everywhere, and the necessary steps taken to meet serious developments.

LANGDON-McGRATH CASE.

From Present Appearance the Murder Is Liable to Be Unwaged—Old Man Langdon Conducts Business in a Cell.

Philadelphia, March 27.—Beyond the fact that Annie J. McGrath was buried this afternoon from the home of her parents, 2018 Gratz street, nothing was developed in the case which is now the talk of the city. The coroner, who says he knows nothing, his deputy says the same, and every member of the coroner's staff greeted each visitor with the query: "What do you know that is new in the McGrath case?"

Dr. Luffman and Dr. Mattern, of the coroner's office, called at the city hall this morning, and after a consultation with Dr. Langdon, the latter was brought from his cell and submitted to another examination from a medical standpoint. His tongue was carefully looked at for a purpose that was not explained, but the organ was found to be in the condition prescribed by Dr. McDowell, resumed almost its normal condition. Langdon consulted with his physician, Dr. McDowell, after the examination, and expressed himself as being much better than he was yesterday. He has had a desk placed in his cell, and is supplied with stationery, so that he can conduct his business behind the bars. His correspondence is under the espionage of the police, who seem to fear that he may communicate with some one who is interested in his case.

Dr. McDowell stated that he would confer with Langdon's attorneys and that he had a theory which he thought was a key to the whole mystery. He declined to make known this theory until after he had seen Lawyer Arthur Moore.

The regular monthly meeting of the Altoona and Phillipsburg connecting railroad, of which Langdon is president, was held today at three o'clock. The directors, Messrs. Dickey, Roland and Davis, resigned, and their places were filled by the election of Ed. C. Lee, Henry Lewis and Kenton Warner. The newly elected directors are also directors of the United Coaleries company and their election is made to strengthen the company in view of Langdon's difficulties.

It was learned on good authority today that there is a strong probability that the chemical analysis now being made of the blood of Annie McGrath's blood will show that she died of poisoning. So far this analysis has developed nothing in this direction. It is believed that the poison seems to be in the blood of the woman, and the chemist will make his report on the result of his examination on Monday.

TO REGULATE VICE.

New York Law and Order Society Advocates a New Scheme.

New York, March 27.—The Times tomorrow will publish the following: The law and order society of the state of New York has drafted a bill, for submission to the legislature providing for licenses for houses of ill repute, within certain districts in New York city.

BIG COAL LEASE.

Twelve Thousand Acres of Land to Be Leased. Greensburg, Pa., March 27.—A. B. Copeland, of Parnassus, has just completed the largest lease of a contiguous tract of coal land on record in the United States.

Mr. Copeland represents a syndicate of capitalists and has secured 12,000 acres of coal land in Northern Westmoreland and Allegheny counties. The output will be of the retort process and the minor products of gas, ammonia and soda ash, etc., will more than equal the value of the coke. Work will begin within a few weeks. Two shafts are now being sunk on the property.

TO UNRAVEL A MYSTERY.

Chicago Police Endeavor to Discover Identity of a Dead Body. Chicago, March 27.—The police began today the attempt to unravel the mystery surrounding the body found in a box sold at a storage sale of unclaimed goods here yesterday. The body, it has been learned, was shipped by C. M. Morgan from Salt Lake City, Feb. 8, 1893, and consigned to himself at 106 Jefferson street, Chicago.

McKinley Booms. Wilmington, N. C., March 27.—At a meeting of the Republican executive committee of this State today, McKinley was declared for president. Russell for governor, and Pritchard for United States senator.

DUNN'S REVIEW OF TRADE.

A View of the Financial Situation Through the Optics of Alleged Exports—Prospects for Spring Business.

New York, March 27.—It. G. Dunn and company will say tomorrow in their weekly review of trade: "The return of failures are somewhat disappointing. Several of magnitude were mentioned a week ago, and they have swelled the aggregate of defaulted liabilities for the first three months to \$2,383,614 against \$1,371,121 last year. A heavy failure in Texas will also swell the aggregate of returns for the past week, which includes 259 in the United States against 224 last year and 29 in Canada against 42 last year."

No important change has occurred in the general condition of business during the week, and if trades in some respects look worse, in others they look better. Some failures of magnitude have occurred, which have caused much apprehension and unwillingness to lend among bankers, and there have been somewhat less favorable features in the dry goods market, but in iron and steel conditions are slightly and in boots and shoes considerably more hopeful. Foreign trade is a little more satisfactory, exports for the first three weeks showing an increase over last year of six per cent, while imports have shown nearly the same rate of decrease. In general, the course of some domestic prices tends to favor the marketing of staples abroad.

Wheat has gained about a point but corn and cotton remain unchanged. In Canada market the late indications do not warrant expectations that the mills will continue full production throughout the season. The demand for women's dress goods is the best feature of the woolen market. The sales of wool have fallen to less than half an ordinary year's full consumption, amounting last week to only 2,928,750 pounds, at the chief markets. A striking feature of the wool market is a sale of 39,000 pounds of American wool for shipment to England.

The iron and steel markets have disclosed a similar feature, for a little while ago the price of iron and steel was so low that it was almost impossible to imagine that such business of that sort is possible. The combination of Lake ore producers has at last announced its price for the coming season: \$1 for first-class Bessemer, \$1.10 for second-class Bessemer, \$1.25 for third-class Bessemer, \$1.50 for open hearth, \$1.75 for open hearth, \$1.85 for open hearth, \$2.00 for open hearth, \$2.10 for open hearth, \$2.20 for open hearth, \$2.30 for open hearth, \$2.40 for open hearth, \$2.50 for open hearth, \$2.60 for open hearth, \$2.70 for open hearth, \$2.80 for open hearth, \$2.90 for open hearth, \$3.00 for open hearth.

There has been no trading worth the name in railroad stocks during the past week, and scarcely any in the industrial, so that fluctuations in price are scarcely worth noting. The earnings of all the railroads have been rather less promising than in previous months, averaging only 3.4 per cent, better than last year, for the month of March thus far, but the tonnage for this month has so long been much in excess of previous years, has now fallen short of the movement in 1893. Something is expected in stock exchange circles from important negotiations which Mr. Morgan is endeavoring to make abroad, but on the whole little is done at present and little expected for some time to come in the security market.

BANDITS COME TO GRIEF.

Disguised as Negroes They Attempt a Robbery and Are Captured. Montgomery, Ala., March 27.—Two young white boys of this county, Lloyd, one 17 years of age, the other 14, blackened their faces last night and held up and robbed the station agent of Rafter in this county. W. S. Hightower, hightower was in the act of closing up the office, when the young men stuck the muzzle of a pistol under his nose. On seeing this, Hightower, what money he had, and with his plunger he snatched his pistol from the drawer, and, after a struggle, made him surrender, locking him up.

MRS. DAVIDSON NOT GUILTY.

Acquitted of the Charge of Having Blackmailed Rev. Dr. Brown. San Francisco, March 27.—Mrs. Mary A. Davidson was acquitted after a brief trial today of the charge of having extorted \$500 from Rev. C. Brown, a clergyman. The clergyman and the police detective, who testified merely to the arrest of Mrs. Davidson, were the only witnesses for the prosecution, and the defense presented no evidence.

BURNED TO DEATH.

Woman Aroused by a Fire Alarm Suffers an Awful Fate. Pittsburg, Pa., March 27.—Mrs. John Marks, of No. 2 First street, Allegheny, was burned at the Allegheny General hospital last night and died today. She had been taken there by her husband last evening and occupied a private room. Mrs. Marks was suffering from nervousness.

BATEY KNOCKED OUT.

Buffalo, N. Y., March 27.—It took Joe Duffin, of Syracuse, only one minute and a half to prove his superiority over Jack Batey, the color champion of East Liverpool, before the Empire Athletic club today. The contest was to have been twenty rounds and the old Buffalo Athletic club house, where was pulled out of a crowd of the doors in anticipation of a rattling bout. Both men were weary by the sports. There were three preliminary bouts.

WEYLER IS EXASPERATED

Complains That Cubans Will Not Come Out and Fight.

STILL ANOTHER PROCLAMATION

In Future Patriots Will Be Treated as Incendiaries and Bandits—News Reaches Havana of the Success of the Bermuda Expedition.

Madrid, March 27.—Count Morera, leader of the Cuban reform party, is dead. Havana, March 27.—Colonel Molina reports that he has had a fight with a guerrilla band pursuing very critical. A guerrilla band pursuing very critical, insurgents a numerous loss with the machete. The colonel of the battalion of Barbestro at Guira Molina has had a fight with the band of Sangulany, numbering 200, five of them being killed. Captain-General Weyler has once more issued a proclamation. He proclaims that in view of the fact that the insurgents avoid engagements with the troops and devote themselves entirely to acts of incendiarism, he has resolved to deal with them as incendiaries and bandits, applying the rule set forth in his former proclamation. Macoco is now in the eastern end of the island, between the west coast and the military line running through Mariel, Majama, Guanajay, Waterloo, Artemisa and Negundo. The guardianship of this line has been entrusted to General Arolas, who is riding along it with his chief of staff and a column of troops numbering 25,000 men. This column is now in the eastern end of the island, and the Spanish authorities once more express their confidence that they have the insurgents in a trap from which they cannot escape. Maximo Gomez is at present near Guines, but is going westward. Two negroes were executed yesterday in the fortress of Cabana. General Venecia Molina has arrived here. The return of the expedition to Cuba, with an expedition headed by the insurgent general, Calixto Garcia, on board, is confirmed.

POLICE DEFEATED.

A patrol of mounted police which was sent out from Bulawayo yesterday had a sharp engagement with the natives, and although the official report says that the troopers "retired in good order," unofficial advices have it that the patrol lost several men killed, had a number of men wounded, and bent a hasty retreat. The natives, it is stated, were a small detachment of volunteers which also pushed forward yesterday to protect the endangered settlers. The troopers, it is stated, are now occupying a fortified position about twenty-five miles from Bulawayo, while awaiting the reinforcement. The natives are a plenty of volunteers, but the horses necessary to mount them, and the arms, ammunition, and supplies necessary to equip them, are not forthcoming as promptly as they are expected. The natives have been caught unprepared for the outbreak, and the usual detachments of mounted police have been drawn upon to provide troopers for service elsewhere.

Other advices from Bulawayo today say that there was great alarm there last night, when the natives, called by a report, which turned out to be false, brought into the town at midnight, that the natives were within a few miles of the town. The women and children were ordered to the court-house, the men were all armed for the defence of the town, and scouting parties were sent in all directions.

The natives here that the outbreak is one of the outcomes of the Jameson raid and the defeat inflicted by the Boers upon the British. The natives here are greatly excited, and coupled with the arming of the Boers of the Transvaal and of the Orange Free State, and the departure of Boers from other parts of South Africa into the Transvaal, has excited the natives, who are led to believe that the British have been driven out of South Africa. The Transvaal and Orange Free State are making common cause against Great Britain, in which they are secretly encouraged by German agents.

BOERS DEFIANT.

The Boers are daily becoming more defiant, and are making more and more a large indemnity from Great Britain as a result of the Jameson raid is openly discussed, with confidence of the Boers. The Boers are making common cause against Great Britain, in which they are secretly encouraged by German agents.

WOMEN ON A DAKOTA JURY.

They Will Return a Verdict in a Divorce Trial at Brookings. Brookings, S. D., March 27.—A case that will attract attention all over the country is that of Phyllis vs. Phyllis, an action for divorce and the custody of a child, now on trial here.

SOLON REPULSES ROBBERS.

Senator Johnson Knocks Them Down and Saves His Salary. Columbus, Ohio, March 27.—Senator J. D. Johnson, of Celina, was attacked by two highwaymen in the state capitol. He was coming from the state treasurer's office, where he had just drawn his salary.

GAS CHARTERS REFUSED.

Secretary of the Commonwealth Rejects Applications. Pittsburg, Pa., March 27.—Secretary of the Commonwealth Reeder today decided four of the applications for gas company charters which have long been in abeyance. He refused charters to companies in Scranton, Allentown, Lancaster and Williamsport.
