The bill to approve the compromise between the United States and the state of Arkan-sas, which has been the unfinished business for two weeks, but which has not been passed will be considered to-morrow. There appears to be little hope of its passing and there likewise appears to be a disposition to devote tomorrow only to its consideration. The postoffice bill will be laid before the full committee tomorrow and an effort made to report it to the senate durins the day. If this is done it will be called up in the senate Tuesday. The indian and naval bills are before the committee on appropriations, and it is behind that the Indian bill will be re-ported before the week is out, although the house action relative to the appro-priation for Indian schools is likely to cause some debate in committee. BOERS PREPARE TO FIGHT Expect a War for the Independence of South Africa.

> THE POSITION OF KRUEGER Says the Volksrand Will Not Let Him Go

to London Unless the Complete Independence of the Trans . vant Is Recognized.

London, March 29,-Advices confirm the importance of the Dutch agitation for the independence of South Africa. A letter received here from a member of the Cape parliament says that the English and Dutch political leaders concur in the belief that the position was never so threatening in the Trans-vaal. The heads of the movement are first amply providing for their own se hist amply providing for their own se-curity against a British attack. Many newcomers who are seen in Pretoria are known to be German soldiers. Every steamer sailing to Cape Town, Durban, and Port Elizabeth brings groups of so-called prospectors who are unable to conceal the stamp of the disciplinged soldier who is still under disciplined soldier who is still under military command. Besides the Ger-mans, the Boers are recruiting a foreign legion. The letter concludes with the statement that everybody knows that there is war ahead, and that plenty of British and Dutch blood will be shed ere the summer's grapes ripen.

Mr. Joseph Chamberlain, secretary of state for the Colonies, recently demanded of President Kruger of the Transvaal that he immediately accept or re-ject the invitation to visit London for the purpose of settling the questions that have arisen between Great Britain and the South African Republic. In response to this demand, President Kruger has telegraphed that the decision does not rest with him, but with the Volksraad, the Parliament of the

Republic, and that the latter will only assent to his going to London on con-dition that the Anglo-Boer convention WANTS OF ALL KINDS COST THAT MUCH, WHEN PAID FOR IN AD-VANCE. A government officer has told the rep-

resentative of the United Press that Mr. Chamberlain has, from the outset of the negotiations, distrusted Presi-dent Kruger, and has not failed to

MINISTERS SANGUINE.

The ministers seem to be more sanguine than the facts warrant, prob-ably not desiring to alarm the country and the last resources of diplomacy are exhausted. The Volksrand does not meet until April 4. President Kruger will then have dallied over Mr. Cham-berlain's invitation, which was sent early in February, for three months, during which time he has formed an al-liance with the Orange Free state re-

cially the artillery. That the issue of the negotiation

would be war has been contemplated by the British government for some time. This fact was pointed out in this correspondence on Feb. 15 last, at which time it was stated that the war

office, acting under instructions from the government had prepared to send an army corps of 20,000 men to South Africa. Of this force it was intended that a large contingent should be drawn from the Indian cavalry, artil-lery, and infantry.

There is reason for saying that this project has not been altered, but time has been on the side of the Boers. The fact and energy of President Kruger

REGULATORS SHOT.

Several Men Killed as the Result of Lonisiana's Political Race War.

New Orleans, March 29 .- The difficulties in St. Landry parish growing out of the attempt of the "white supre-macy faction" of the Democrats and Regulators from preventing the negroes from registering, have terminat-ed in several killings. The regulators assembled 300 strong at Palmetto, camped out there all day, and prevented any negro from registering, and se-verely whipped Rideau, the leading negro in the parish. At Grand Prairie the Regulators at-

tacked Alfred Fruget, a negro who had already registered, and opened fire on him. He replied, killing one of them, Tthanas Fontenot, and severely wound-ing another. He then surrendered to the authorities.

At Point Barre another negro, Julien Sletty, who was attacked in his house, killed one of the Regulators, Alcee Boutte, and was subsequently himself killed by the mob. The condition of affairs in St. Landry is growing worse, and several bodies of armed Regulat-ors are riding around the parish,

have made a successful invasion of the Transvaal by 20,000 British troops almost impossible. It is not the Trans-vaal alone that the British forces

would have to face, but the united Dutch people of the whole of South

Africa. The strictly non-sensational paper, the Manchester Guardian, published yesterday authoritative letters from Cape Colony in which it was said that a war against the Transvaal would mean a civil war, the British against

the Dutch facing each other from Pre-toria to Cape Town. The conquest of the Dutch would require as many troops as were sent to the Crimea. It

is not known accurately at the war office what the strength of the Boer forces alone is that are now ready to take the field. The representative of the United Press learns from an official source that within three months 2,500 Germans are estimated to have en-tered the Transvaal as immigrants. and these are known to be getting Transvaal money. The force of Zulus, trained and commanded by Boer and German officers, is estimated to number

60.000. Though their tribal fidelity to the Boers is doubtful, they can be trusted to fight against the British. Viewing the whole situation, includ-ing the troubles in Egypt and else-where, the English people are not likely to approve the gigantic task of conquering the Transvaal; yet they must face that or the alternative of a declaration of independence from the Trans vaal, the Orange Free state, and prob-ably Cape Colony, which would form the United States of South Africa.

GOT INDIANS' MONEY.

A Row in Which Two Indians Were Killed and Three Others Wounded.

Guthrie, Oklahoma, March 29.-Information has reached here of a row o

Thursday near Fort Sill Indian Agency, in which over \$18,000 in money on horse races changed hands, two Indians were killed, a Federal soldier wounded, and two spectators hurt. Last week the regular annuities due the Apache, Klowa and Comanche Indians were paid by the government, the aggregate

f money paid out being \$125,000. After he payment at Fort Sill the young bucks and an army of gamblers and confidence men retired about six miles from the fort and began a series of horse races. The race track was on the prairie.

After twenty races had been run and a large amount of money wagered, won, and lost, a general right was precipi-

tated by an Apache Indian, accusing a gambler of "doping" a horse which had already run six miles and won several races. Some of the Indians sided with the whites, and for forty-five minutes t riot ensued in which Little Horse and 'harley Leftshoe, Apaches, were killed, A soldier from the barracks and two ectators of the races were wounded

y random bullets. During the races some of the reds, aiter losing from \$500 to \$800, wagered and lost even the provisions and blankets which had been issued them a few hours before.
