LEBECK & CORNELL HONESDALE.

A runaway that might have proved fatal occurred here about 10 a. m. yesterday. A team of horses owned by William Hubster, of Cherry Ridge, were tied in front of the postoffice. The wagon to which they were hitched was large and heavy and contained empty milk cans. The horses became frightened by the passing of a horse-drawn car and a boy driving a goat and made a frantic dash, breaking the halter and turning down Main street at a terrific speed. The road was filled with wagons of every description. A woman and a boy were coming up street in a small wagon and were directly in the way of the runaway team, and as she turned sharply to the left it seemed as if she must be run down and probably killed. People on the street stood breathless as she raised her whip and struck the horse on the side of the head. The horse leaped forward carrying the occupants out of danger, but with only a hair's breadth to spare. On dashed the horses and made direct for a team attached to an ice wagon. In front of Katz Brothers they dashed on the sidewalk, and would have smashed the large plate glass front of the store but for the timely intervention of a telegraph pole, which the wagon could not go through and in an instant the horses and wagon were separated but brought to a standstill. The wagon had become so firmly attached to the pole that it was some time before it could be removed. A few moments before this a horse owned by a Mr. Wedner ran up Main street, but was stopped by Drayman Kimble, who is an expert at stopping runaways. Percy Bentley, of Williamsport, has been shaking hands with old acquaintances here this week. Postoffice aspirants are still on the anxious seat.

Hettering, Indianapolis, Ind., says: "For several months after spraining my ankle I was severely afflicted with Rheumatism. I finally tried DeWitt's 'Mystic Cure' for Rheumatism, and in 4 days could walk without my cane; two bottles cured me sound and well. I take great pleasure in recommending the 'Mystic Cure' to all who are afflicted with Rheumatism." Sold by Carl Lorenz, Druggist, 418 Lackawanna avenue, Scranton.

BASE BALL TEAM. The Local Organization Will Buy and Maintain the Club. The stockholders of the Carbondale base ball club came together Monday night in the board of trade rooms and a special number were present. The object of the meeting seem to be to decide the future prospect of the club. The financial prospects were thoroughly discussed and it was found that unless the sum of \$1,000 was forthcoming, the club would have to be sacrificed and Carbondale would be minus a team. So enthusiastic was the feeling for the retention of a club, that another appeal was made and a soliciting committee appointed to urge delinquent stockholders to pay their assessments. It is to be hoped that they will pay up and that others will come to the rescue. However, if sold, it will not go to Mobile, as their offer has been withdrawn. The feeling was intense when it had become known that Judge Archbald had refused the charter. But Attorney Butler thinks it can be rectified and get the sanction of our judges.

STUART'S THE NUMBER OF PHYSICIANS WHO USE THE NEW PREPARATION FOR DYSPEPSIA AND WASTING DISEASES.

THEY DO SO BECAUSE IT IS NOT A SECRET PATENT MEDICINE. And because they know it cures every form of indigestion and stomach trouble. It has been recently stated that not less than 40,000 physicians are using or endorsing the new discovery for indigestion sold by druggists under the name of Stuart's Dyspepsia Tablets. Dr. Tomlinson gives the following reasons why physicians regard this new remedy with so much favor. First, because it is not a secret patent medicine but a scientific combination of vegetable essences, pure aseptic pepsin, free from animal impurities and of very high digestive power, bismuth and gold salts.

It has been tested repeatedly and the experiments have proven that one grain of the digestive principles in Stuart's Dyspepsia Tablets will digest three thousand times its own weight of lean meat, eggs, oatmeal and similar wholesome foods. The tablets are wholly upon the food taken into the stomach, digesting it thoroughly no matter whether the stomach is in good working order or not, and cure all forms of dyspepsia and stomach troubles on the common sense plan that they nourish the body and rest the stomach at the same time. Stuart's Dyspepsia Tablets do not act upon the bowels like the old-fashioned after-dinner pills; nor are they an artificial stimulant like "stomach bitters," nor are they in any way similar to so-called pre-digested foods, which consist of 5 per cent. of "glucose," the stuff that cheap candies are made from, but Stuart's Dyspepsia Tablets do what none of these do, they act wholly upon the food eaten and digest it completely and the cure of indigestion is an assured fact, because the food being promptly digested, it cannot lie for hours in the stomach, fermenting, decaying, inflaming the system with the germs of disease, but is assimilated, nourishing and invigorating not only the body and brain, but the stomach.

The tablets are absolutely harmless and can be given and are given with benefit to little children and infants suffering from indigestion, as shown above, they contain no mineral poison, nor anything in any way injurious. Dr. Wuertch says he has noticed in many cases that the tablets not only cured indigestion, but that a very noticeable increase of flesh resulted where people who used the tablets were thin and ran down in flesh before taking them, and it is not at all surprising that such should be the case when it is remembered that most people are thin because their stomachs are out of order and when perfect digestion is brought back an increase of flesh is the natural accompaniment. Within the last six months many thousands of cases of stomach trouble and dyspepsia have been cured by Stuart's Dyspepsia Tablets and their convenience and popularity is such that druggists everywhere are now selling them. The price is 50 cents per package and if your druggist has not yet ordered them he will get them for you from his wholesaler. They are manufactured by Stuart & Co., Marshall, Minn.

Your druggist, if he is honest, will tell you that Stuart's Dyspepsia Tablets is the only preparation now before the public that is recommended and designed solely for the cure of indigestion and stomach troubles, no other claims are made for it, it is not claimed to be a cure-all. Unformed colored posters are in charge of day coaches to show all attention to the passengers on the Nickel Plate Road.

NO DISGRACE. IS one of the very common ailments of mankind. It is the result of hard work or over-exertion, and is sometimes the legacy of fevers or severe attacks of sickness which have weakened the system, or the prostration of bowels, it is to be ruptured, but it is very annoying and sometimes dangerous. Until recently it was thought to be incurable, but now scientific research has discovered its cure.

ITS CURE. IS now ABSOLUTELY CERTAIN in almost every case. It is a simple matter to be returned. It gives written guarantee. No knife, no inconvenience, no operation.
