RESOLUTIONS ADOPTED. We, the Republicans of the First legis-lative district of Lackawanna county in convention assembled do hereby renew our allegiance to the Republican party and do declare in favor of a sound fiscal policy and auch a protective tariff as will guard the working people of our country from competition with the pauper labor of Europe. We endorse the platform adopted by the late state Republican convention and pledge ourselves to the support of the candidates to be named at the St. Louis convention. While we congratulate the country and the Republican party upon the fact that no Republican has been proposed for the nomination for the presidency, whose election would not bring honor to the chief office of the people, we nevertheless
