Washington, April & Senator Tur-pie (Dem., Ind.) who has achieved quite a reputation in the senate, in pic-turesque language, gave an illustra-tion of his powers in that line today, affording an hour and a half's enter-tainment to his brother senators and to a large audience in the galleries. The speech was made in support of the joint resolution introduced on the first of April by Mr. Call (Dem., Fla.) pro-posing intervention in the war now being prosecuted in Cuba. The objects of Mr. Turpie's invective were not so much General Weyler and the Spanish government as the chairman of the committee on foreign relations—Mr. Sherman (Rep., Ohio) and the junior senator from Massachusetts, Mr. Lodge. He ascribed to Mr. Sherman helpless inertia, delay and irrational obstruction; and spoke of his taling refuge in the crypt of the conference committee, very glad to be rid of his former action. Mr. Lodge was por-trayed by him as belonging to the jingo class of extremists, and as being singularly gifted with the power to clothe an interesting and exciting sub-ject with all the duliness of time worn commonplaces. He drew an amusing sketch of the controversy between Mr. Lodge and the Spanish minister and said that he had expected it to end in bery. The question was referred to the department of public in-struction as to whether the board had a right to adopt such a rule. Ringing a New Church Bell. Hammonton, April 8.—A controversy arcse Saturday at St. Joseph's Cath-olic church as 'o who should be the first to ring the new bell which had just been put in place. The dispute was soon settled by granting the privilege to the highest bidder. An Italian, named Marcuni, was given the first opportunity, and, taking the rope, he rang the bell thrice upon payment of \$15, followed by his wife, who paid the same amount. The ringing was then kept up for two hours ringing was then kept up for two hours at \$5.00 a stroke, the price finally being reduced to twenty-five strokes for twenty-five cents each. choir position in order to devote her entire time to her voice culture. She says she was formerly a mezzo soprano, but she now claims to be an extraordin arily high soprano. Another woman, who says she never sang a note in her life until she saw Tilla, pretends, without hesitation, to be now a prima don-na with a range up to high E flat. Tilla says Grover Cleveland possesses the proper formation of face which is the most important requisite for a perfect voice.

A Southern Doctor Fills a Woman Full of shot.

Talbottom, Ga., April 8 .- One of the most fearful tragedles in the annals of crime was enacted here last night when Dr. W. S. Ryder, a prominent dentist, shot and killed Miss Sallie Emma Owen. Ryder had brought Miss Owen owen. Ryter had brought ans owen into town from her home, about ten miles out, that afternoon, and left her at the home of J. H. McCoy, in Tal-bottom. Later in the evening, about 9 o'clock, he returned with a double-barreled shot gun, stepped to the door and fired at Miss Owen, who was sitsengers will not be disturbed and bagting in the parlor with A. Northern Pacific and Great Northern have started on a Pacific coastrace. The Northern Pacific started last week a fast train between St. Paul and the Pacific coast, making a great reduc-tion of time. Great Northern put a schedule in force on Sunday, going one better than the Northern Pacific. Bur-lington has also reduced train time on its Billings line to conform with the running time on the Northern Pacific.

The Southern Pacific Railroad company has just perfected an arrange-ment whereby through westbound Pullman passengers on the Mexican In-ternational railway can cross its Rio Grande without being disturbed by United States customs inspectors. Heretofore Federal officers have insisted upon sleeping cars being ready for inspection, which compelled the awakening of passengers at 4 a.m. An in-spector will now accompany the train from Eagle Pass and examine baggage en route between Eagle Pass and San Antonio at a convenient hour.
