ARCHBALD

Patrick Curran, of Rock Terrace, is the victim of a base act of ingratitude on the part of a young scoundrel from New York state, who stopped with him non Monday night. While traveling a few years ago Mr. Curran became acquainted with the father of the young man and when he learned that the son was in town Mr. Curran being very good natured insisted the young man should spend the night with him. Late in the night Mr. Curran's son. Anthony. in the night Mr. Curran's son, Anthony, came from his place of business with \$178 which he left in his pockets while he slept. Mr. Curran's guest arose early in the morning and complained that he was sick. He left the house before daybreak saving that he thought that he was sick. He left the house before daybreak saying that he thought a walk in the air would help him. Mrs. Curran's suspicions were aroused by the peculiar conduct of the man and his failure to return to the house strength-ened her belief that there was some-thing wrong. She told her son and when he arose and searched his pockets the reason for the mysterious disap-pearance was easily explained. All the money that the pockets contained was money that the pockets contained was taken. Mr. Curran informed Constable McHale and a search for the missing man was begun. # **ABOUT REFRIGERATORS**

Did you ever stop to consider how many \$'s worth of meat, milk, butter, etc., you throw away every summer for want of a good Refrigerator, to say nothing of the inconvenience and extra cost of being compelled to buy all perishable articles in driblets. Now a really good one will save enough of those \$'sin one season to pay for itself, and that is the title we claim for the New National.

#### Peruse These Pointers:

To obtain best results a refrigerator must be thoroughly cleaned onse a week-a difficult task ordinarily, but so easy with The National. You simply remove ice chamber, drip pan and waste pipe, and there you are. (See cut.) An ingenious little device enables you to remove waste pan and irip cup from front, thus avoiding the old back breaking method. These new points, coupled with a finely polished oak case, carved panels and Roman gold trimmings make this the simplest, most ornamental and economical refrigerator on the market.
