REV. CLEVELAND HANGS ON. The President's Brother Proves a Diffi-

cult Minister to Dismiss.
Watertown, N. Y., April 15.—When
the St. Lawrence Presbytery, in session
here yesterday afternoon adopted the report of a committee commending the dissolution of the relations between Rev. William M. Cleveland, brother of the president, and the church at Chaumont, of which he has been pastor, it was supposed that the Chaumont church troubles were ended. Pastor Cleveland however, is proving himself a stubborn fighter. He has entered a protest to the Presbytery against the dissolution of the pastoral relations, on the ground that it is against the will of the majority of the congregation, involves the condonation of palpable offenses against the church, turns over the church to the control of a party unworthy to rule and without suitable influence in the community and is against the true interests of religion and the church.

The Presbytery entered the protest upon its minutes with a statement that in so doing it does not assent to the validity of the position assumed by Mr. Cleveland, and here the matter rests at present.

FIGHT OVER SOLDIERS' HOME

Lively Speeches Provoked in the House on the Re-election of Board of Managers of Soldiers' Home. The Dupont Case.

Washington, April 15.-It was made washington. April 18.—It was made pretty clear from an incidental remark in the senate today that the predic-tions as to an early adjournment of congress are not likely to be verified. The slowly moving Dupont election case has been taken up, and Mr. Gray (Dem., Del.) was in the act of beginning an argument against the right of Mr. Dupont, when the chairman of the committee on appropriations, Mr. Allison (Rep., Iowa) made an inquiry as to the time when the election case would probably come to a vote. Mr. Mitchell (Rep., Oregon), chairman the committee on privileges and elec-tions, said that there were at least half a dozen more speeches to be made upon it, and that therefore he could

Kas., was renewed in the house today occupying nearly all of the session and will rage until 3 o'clock tomorrow. It came on when Mr. Hull, chairman of the committee on military affairs called up the joint resolution reported from that committee, providing for the elec-tion of General Franklin and G. W Steele (a representative from Indiana) to succeed themselves as members of the board; of General T. J. Henderson, an ex-member of congress from Illinois, to succeed General John C. Black, excommissioner of pensions, and of General G. L. Beale, of Maine, to succeed General Fassander of the same state. General Fessenden, of the same state, Mr. Blue (Rep., Kas.) moved to strike out the name of General Franklin and insert that of General O. O. Howard, and upon that addressed the house for two hours. He bitterly arraigned Genral Franklin's administration as presi dent of the board of managers, declar-ing that he was virtually the board. ing that he was virtually the board, dominating its policy and action. He charged, he said, from the record, that General Franklin was either grossly negligent, grossly incompetent or was not honest. He held that he was responsible for the retention in office of Calcaci Cauth where he account of Colonel Smith, whom he accused o drunkenness, frequent and continued, up to the present time—"vomiting, crawling drunk"—and of brutality to inmates of the home under

charge. General Franklin and Colonel Smith were defended by General William Cur-tis (Rep., N. Y.), a member of the committee on military affairs. Mr. Poole (Rep., N. Y.) and Mr. Henry (Rep., Conn.) and these officials and the board Conn.) and these officials and the board of managers by General G. W. Steele (Rep., Ind.), a member of the board.
Mr. Mahon (Rep., Pa.) proposed an amendment to the joint resolution providing for a joint congressional investigation of the charges of drunkenness and brutality against Colonel Smith, the officer to be removed by the board of managers, should a majority of the committee find the charges to be well founded. The matter was still pending founded. The matter was still pending when the house adjourned at 5 o'clock. The house adopted the resolutions unanimously reported by elections com-mittee No. 3 that Robert Morgan (Rep.) was not elected, and that R. C. Latimer (Dem..) was elected a representative from the Third South Carolina district and that the latter is entitled to hold

CUBAN CORRESPONDENCE. The president sent to the senate today a formal letter in answer to Senday a formal letter in answer to sen-ator Hoar's resolution calling for the Cuban correspondence. With the let-ter is a large mass of papers composed of the correspondence of 1875 and 1878, when General Grant offered to meditate between Spain and Cuba. Of the letters sent to the senate most of them have been published. They show how the effer to meditate was made, re-ceived and rejected. The correspond-ence does not contain any intimation of the rumored offer of President Cleve-land said to have been made recently. In fact the correspondence does not deal with any action of recent date and is therefore very disappointing to the senators who had hoped to gain some information as to the president's policy. The administration senators say, however, that the president has only carried out what the resolution asked for and that was the correspondence between 1875 and 1878, and that it did not contemplate the correspondence of recent date. They further state that this correspondence is valuable and important at this time, for it will show to the multiple what repredent the president. the public what precedent the president is acting on in what they claim is his policy now of offering mediation.

# KNOCKS OUT PROHIBITION.

Decision in South Dakota Sustaining Saloon License Ordinances. Yankton, S. D., April 15.—A decision of the supreme court sustaining the saloon license ordinance in face of the prohibitory state law is creating con-sternation in prohibition circles. An appeal was taken from the justice and circuit courts of Yankton county from a verdict against a saloonkeeper for selling liquor without a license. He contended that the city ordinance conflicted with the state constiliquor. Now the supreme court sustains the ordinance.

MUMMY-MAKING PROCESS.

Toledo Undertaker Preserves Bodies as in Olden Days in Egypt. Toledo, O., April 15.—Physicians and scientists are greatly interested in the work of Karl Mathias, a Toledo undertaker, in the mummifying of Albe C. Weeks, of Warren, N. H., who died

unitionly on the train in this city a few weeks ago. Mr. Mathias claims to have discovered the original Egyptian process of preserving bodies of the dead. All the organs are left in the body and the heat and chemical processes have not perceptibly changed

the general appearance. The skin is as hard and as brown as leather. Mr. Mathias says that the experiment has proved a thorough suc-cess, and the rays of the sun or ex-rosure to the fiercest test of the elements would not affect the body.

and reached the door just in time to see a runaway team pass by.

The driver's coat had fallen and wound about the hub till it resembled a human form, and the supposition is that Mrs. Loflan thought it was the body of her little grandson, who had been playing in the road a moment before. With a cry of distress, she drop-ped to the floor and never regained consciousness.

### MARKET AND STOCK REPORT.

the committee on privileges and elections, said that there were at least half a dozen more speeches to be made upon it, and that therefore he coufid not fix any time for the vote, although he was anxious to have the case disposed of. He consented, however, to let the matter go over, when Mr. Gray should have finished his speech, so as to make way for the Indian appropriation bill, the navai appropriation and five first resolution for an investigation of the recent bond issues.

"That practically means." Mr. Gorman interposed, "that the Dupont case is not to be disposed of until after the last of June."

Mr. Gray occupied over three hours in the presentation of the case against Mr. Dupont's claim to the vacant seal from the state of Delaware; and had not finished his speech when the senate this afternoon in executive session matified the treaty with Great Britain providing for the appointment of a commission for the assessment of the damages growing out of the seizure of vessels engaged in sealing in the Bering sea. There were one or two verbabut unimportant amendments.

Billis were passed in the senate as follows: Amending athe act providing for the protection of the salmon fisheries of Alaska.

To provide for the private sale of public lands in Missouri.

Regulating the incorporation of medials of honor awarded by the acts of 1862 and 1863.
