SCRANTON'S FIRST DEFEAT

New Haven Won a Light-Hitting Game by 6 to 2.

ACCORDING TO INSTRUCTIONS

McBermott Told His Players to Take Matters Easy for a Few Days—New Haven Had Been Playing Over a Week.

Special to the Scranton Tribune. New Haven, Conn., April 16.—Scranton lost the game here today by the score of 6 to 2. The New Haven team had put in over a week of exhibition games and was in excellent condition, although without practice, could have made a better showing if Manager McBermott had urged his players to do so. However, the Scranton men were told before the game began to hold themselves in and not run any risk of overdoing. Consequently the result was as indicated by the detailed score.

Chiles, Hess, Maguire and Flack played a fine fielding game, and Flack especially distinguished himself with the stick, making three hits for four bases. Maguire seems to be the right man for third, Stemmell and Getts purposely pitched an easy game. Scranton was given the short end of it on balls and strikes and close base decisions.

Tomorrow and Saturday the team will play in Painesville, N. J. Herr and Cronin will probably pitch. McBermott has indicated that he will insist upon his players taking matters easy until next Friday and Saturday's games in Fall River. From Paterson the team goes to New Bedford, Mass., for a game Monday.

NATIONAL LEAGUE

There were several surprises in the opening games of the National League. The champion Baltimore lost on their own grounds to Brooklyn; Cleveland lost at St. Louis; the Giants lost at Washington; Boston won at Philadelphia; Chicago won at Cincinnati; Cincinnati won at Louisville. All but the Pittsburgh-Cincinnati game were close. The percentages are:

Table showing percentages for National League teams: Washington, Boston, Philadelphia, St. Louis, New York, Louisville, Cincinnati, Cleveland.

Brooklyn-Baltimore. Baltimore, April 16.—Over 15,000 people saw Brooklyn beat the Champions today. While the game was in progress the bat in the eighth and ninth innings, with a chance to win the game, thousands of throats kept up an awful din, but Kennedy maintained his composure and finally Brooklyn won by a score of 6 to 5.

Table with columns: A. B. R. H. P. O. A. E. for Brooklyn and Baltimore players.

St. Louis-Cleveland. St. Louis, Mo., April 16.—A perfect day and the Clevelanders for an attractive new 14,000 base ball stadium. Sportsman's Park for the opening game today. Brettenstedt had better support than did Young, though long hand drives rather favored the visitors. Up to the eighth inning the game looked like a shutout for Tebeau's men, when a couple of three buggers and a single netted two runs.

in Paterson. Brown will report to H. P. Smlinson and will probably be kept here until the 20th. Johnson felt very much like a babe of hay after his long journey from the west, but will be in good shape after he has had time to get the cinders out of his eyes and to get accustomed to his legs. Horner has had several weeks of steady practice on the Atlanta grounds. Brown, too, has made the most of his opportunities of late season, practicing with the Orioles on their grounds in Baltimore. Johnson could give no news of his fellow-Californian, Tom Power.

MANY FISHERS FOR TROUT.

They Have Been Patrolling the Streams for the Last Two Days. The trout season opened Wednesday, which day and yesterday afternoon, hundreds of anglers fished for trout. The streams north and east of the city. Their success was varied; many reported good catches, but the most successful were those who were one of swollen streams and poor results. Inquiries made by a Tribune reporter at a time when the season was in its infancy elicited the information that more fishermen have been out the past two days than ever before in a corresponding period of the season. No particular streams seem to have been reported as productive of the best results, but on any one of them it was said that one could not get a mile without meeting from five to fifteen anglers. To sit down to a mass of fishing reports in order to get at the truth of the matter and to begin to get a fair idea is a hard task. The stories are various. Concerning one particular stream one man says he never had better luck at the beginning of the season, while another reports that the same stream says his luck wasn't worth the trouble. Everything considered, it appears that the water is no better than in the past, but that this time of the year and that the luck is correspondingly good or bad.

SMALL STREAMS THE BEST.

The best catches seem to have been made on the smaller streams, an unusual thing as the trout do not like to be in the current of the stream until after a long spell of warm weather. Their presence in the small streams now, says an old Scranton fisherman, is because of the swollen and swollen condition of the larger bodies of water, showing that most of the snow water is out of the smaller streams and is beginning to be more normal in volume and velocity. On Wednesday Albert Turner, of the West Side, caught thirty-one ones in the vicinity of Mosquito. Harry Swartz got thirty, the same report on Spring Brook Fred Snyder, of the South Side, caught thirty-eight. Chas. H. Miller lifted the same number out of the water. The water was very high, and the largest of which measured fourteen and one-half inches. Up at Headley's station, on the Erie and Wyoming Valley road, the Angler, the famous Dunmore fisherman, caught a fine mess. He met eighteen men in one place. Other big catches were made by Dr. J. J. O'Brien and O'Brien on private waters.

POT FISHERMEN AT WORK.

It has been reported from several streams that the pot-fishermen got in his work during Wednesday night, as shown by the presence of many eel-traps and eel-pots. The water was very high, and the largest of which measured fourteen and one-half inches. Up at Headley's station, on the Erie and Wyoming Valley road, the Angler, the famous Dunmore fisherman, caught a fine mess. He met eighteen men in one place. Other big catches were made by Dr. J. J. O'Brien and O'Brien on private waters.

AN ELOPEMENT RECALLED.

Mrs. Marie Ferante Seeks to Secure a Divorce from the Man Who Deceived and Deserted Her. Testimony in the divorce case of Marie Ferante against Diego Ferante was heard yesterday afternoon. The witness recalled the romantic episode which agitated the Italian colony of this city in 1891.

Chicago-Louisville.

Louisville, Ky., April 16.—The largest crowd that ever gathered at the base ball park saw Chicago defeat Louisville in the first championship game of the season this afternoon. It is estimated that 10,000 people were present. Louisville could do nothing with Friend's delivery. Score:

Dyspepsia, Gastritis and all stomach troubles where that great life-maintaining organ refuses to dispense nourishment to every part of the body, and the sufferer gradually wasting away and losing flesh daily, finally meets his death from the perforation of a gastric ulcer or dics by actual starvation, can be cured, as has been done time and again, by the use of Bovinine that great blood enricher, flesh and muscle builder, and strength creator. Give the vital centres of the body strength to perform their regular functions and perfect health is a natural sequence. Dr. Louis Faust, of Schenectady, N. Y., says of Bovinine, "In the severest cases of gastritis the stomach will bear it. For one month my mother lived almost exclusively on it during such a sickness." Over 25,000 physicians use and endorse it.

Over 25,000 physicians use and endorse it.

GLADIATOR LAST NIGHT.

Produced by Downing and Company at the Academy of Music. "The Gladiator" was produced at the Academy of Music last evening by that talented actor, Robert Downing, and his company. With some minor modifications it is being re-staged by Robert Downing and John McCallough under the title of "Spartacus." Mr. Downing made a success of it some years ago but abandoned it for a time to appear in Shakespearean and other tragic roles. He has wisely returned to "The Gladiator" again for in probably no other role that he essays is he so well fitted to achieve the highest success. The hearty appreciation accorded his efforts last night proved how thoroughly he won the favor of his audience. Downing possesses the physique of a gladiator and a voice that can unerringly express any of the various phases in the whole gamut of passion. To the character of the Gladiator he has evidently devoted many hours of patient effort for it bears the marks of a well-acted part. He is so well fitted which the actor adheres to the details that do so much to make a perfect performance.

ONE CENT A WORD.

Wanted. INFORMATION AS TO WHEREABOUTS of the following: EDWARD C. FISHER & CO., Borden Block, Chicago, Ill.

Help Wanted—Male. WANTED—AN EXPERIENCED SALESMAN to canvass for... Address: 123 Main St., Scranton, Pa.
