## DON'T LIKE THE PLAN.

Conversation on the streets yesterday on the topic of Councilman Nealis' new on the topic of Councilman Nealis new viaduct ordinance was not very favor-able to the measure. Here is a state-ment of the opposition: "Mr. Nealis' plan is not consistent. What we want is a viaduct for the use of Hyde Park as a whole. Mr. Nealis' viaduct would not offer this. He means to stretch a bridge diagonally from the entrance to Nealls court on Robinson street to the corner of Seventh street and Lacka-wanna avenue. This would be better for the people of lower Hyde Park than for the people of lower Hyde Park than would Councilman Oliver's lost but hopeful plan. But what will the resi-dents of upper Hyde Park do? They would have to cross the railroad tracks as of yore. People living north of West Lackawanna avenue and Lafayette street could not possibly be benefited by the plan." The West Side board of trade is already laying lines for an-other viaduct issue and the board is out and out for the defeated plan.

#### Regarding the New Discovery for Cure of Dyspepsis and Indigestion.

Some weeks ago the newspapers of the country devoted considerable space to an account of an interesting discov-ery in medicine, which, it was claimed. would cure all forms of dyspepsia and stomach troubles. Since the time many experiments have been made with the remedy in order to demonstrate just how much real merit it possessed. The results of these experiments have been all that could be desired; in fact, in many cases the cures very little short of wonderful.

The remedy is prepared in lozenge or tablet form, pleasant to the taste, and harmless even for the stomach of an infant. In fact, no secret is made of its ingredients, being composed of vege-table essences, fruit salts, pure pepsin and bismuth. They are sold by drug-gists under the name of Stuart's Dys-pepsia Tablets, and are undoubtedly the safest and most reliable remedy to use when the strength of the safest strength of the safest second sec use when the stomach is weak, or any trouble whatever with the digestive organs.

Mr. C. Bensinger, of the firm of Ben-singer & Co., 5 and 7 Dey street, New singer & Co., 5 and 7 Dey street, New York city, relates his experience brief-ly but unmistakably. He says: Some three months ago I purchased at a drug store two boxes of Stuart's Dys-pepsia Tablets and I take great pleashere in stating that after using about half of one fifty cent box I felt such a wonderful relief from the dyspensia I was suffering from that I did not need the rest of the box. Having many need the rest of the box. Having many friends who were equally troubled with some form or other of indigestion. I suggested and offered to them some of the Tablets and the verdict of all who have taken them is the same, that they are wonderful in their effect and the best thing of the kind. I have nothing but the best wishes for Stuart's Dys-nancia Tablets. Your trails

A NEGLECTED CHURCH.

A NEGLECTED CHURCH. To my observation the Summer Avenue Presbyterian church has been seriously and sadiy neglected by the Lackawanna Presbytery. Of course, the church mem-bers have done wonderful work ever since the church was erected. They have done all that could be done in their power to pay the debt, but hundreds of thirsting souls cannot understand the causes of the presbytery's slackness and delay in helping so promising a mission. Surely they have received more help from other denominations than from their own. If this be so it would seem that our pres-bytery has not a very high standard of duty in the matter, of helping their own thriving mission churches at home, but only abroad. I feel sorry and sympathize deeply in seeing this little church sold out at sheriff's sale, because I know it has been the means of saving many souls and doing great work among our young people. A young lady on hearing that the church was to be sold cried bitterly, and tears of the older people. Why should they cry and feel sorry over a mission that the fackawanna presbytery takes no notice of? Because they feel for their large Sun-dy school and for the young people that so there, and won't go anywhere else after the church is sold and gone. This is the reason. They have 165 Sunday school scholars. The church is filled to the dors every sunday night. The church is occupied every night in the week by different societies. Women's society, Young People's Christian Endeavor, Band of Hope, Children's Mission society, Young People's Christian Endeavor, Band of Hope, Children's Mission society, Young People's Christian Endeavor, Band of Hope, Children's Mission society, Young People's Debating and Philosophie society and others.
