MARKET AND STOCK REPORT.

Wall Street Review.

New York, April 17.—The tendency of prices at the stock exchange was down-ward today, owing principally to the aggressiveness of the bear leaders who are claiming that the advance has been carried too far and that a reaction is long overdue. Particular attention was paid to the industrial group and these stocks and Manhattan scored the greatest losses. Sugar was sold by a former member of the stock exchange who is also a dealer in privileges and who is also a dealer in privileges and has calls falling due tomorrow at 125. The stock opened at 125½, broke to 123 and closed at 123½, a net loss of 2 per cent. on the day. Chicago Gas fell from 69½ on reports from Chicago that a decision in the matter of opening streets for the purpose of laying mains had been rendered in favor of the Ogden Gas company. At the decline brokers who usually act for Chicago Gas company brought the stock and a rally to 69 ensued. Near the close under pressure the stock fell to 68%. American Cotton Oil was heavy and on liquidations the preferred dropped 5½ to 54½a 55¼ and the common 2½ to 12. A story was current to the effect that the company could not meet its dividend pay-ment on the preferred stock now about due. The report was denied but it was generally understood that people close-ly connected with former insiders were ground the sellers. Manhattan was heavy and broke 3 per cent. to 108½ on realizations and short selling. The railway share list started off firm but the weakness of the industrials finally affected ness of the industrials finally affected the market and a loss of ¼a¼ per cent. ensued. Speculation closed weak. Net changes show losses of ¼a½ per cent. in the railways and ¼a¼ per cent. in the industrials, and Cotton Oil leading.
