About 100 young performers participated in the programme of twelve numbers. The exhibition opened with a dumb bell drill by seven boys and was followed by a fencing bout between Professor Ernest P.

Professor Ernest P. Hoff, the Young Men's Christian association physical directer, and Timothy Quinnan. Fourteen members of the senior class then gave an exhibition of horse work. The club swinging exercise by twenty of the unior class showed an unusual pro-ficiency by such young gymnasts, and the same class did some clever mat work. Five of the senior class per-formed some difficult tumbling feats. Victor Noth gave a club solo.

During an intermission the banner for the bar' ball championship was presented riving Greensted's team.

The class in the lay-down dumb bell drill was led by H. U. Hopewell, Messrs. Gibbs and Quinnan gave a pole vaulting exhibition. The programme con-cluded with a bar-bell drill by twentyfour members of the senior class, and a parallel bar exhibition by fourteen of the same class.

CLASSIS WILL ADJOURN TODAY

Resolution Deciding Against the Use of Wafers Instead of Bread in the Communion Service Was Not Adopted. Classis Will Be at Milton Next.

An important part of the session of the Wyoming classis yesterday was the election of ministerial and lay dele-gates to the one hundred and fifteth session of the Eastern synod of the Reformed church of Pennsylvania at Christ church, Bethlehem, on Oct. 7. Four clergymen and four elders were Four clergymen and four elders were chosen as follows: Rev. D. E. Schoedler, Turbotville; Rev. C. H. Brandt, Hazleton; Rev. W. H. Stubblebine, Scranton, and Rev. D. W. Ebbhert, Milton; alternates, Reva R. M. Masonheimer, Weatherly; Kershner, of Conyngham; G. S. Sorber, Watsontown, and F. H. Ruloff, of Dushore. The elders chosen to attend the synod were: ders chosen to attend the synod were:

The place for holding the next session of the classis was unanimously agreed upon as St. John's church, Milton. It was decided to send a donation annually to the treasurer of the home for superannuated ministers at Myerstown, and the classis also decided to pay for a life membership at the home for Rev. A. Houtz, who has been in the service of the Master twenty-seven years as pastor of Orangeville church.

The treasurer's report showed that the disbursements for the year are as follows: Foreign missions, \$465.85; Bethany Orphans' home, \$110; Building fund of the seminary at Lancaster, Pa., \$201, weneral Sunday school work \$26. \$201; general Sunday school work, \$26; home missions, \$800; beneficiary educa-tion, \$780; sustenation, \$475; contingent, \$444; interest on loan to the Scranton charge, \$190.

AFTERNOON SESSION.

The first business of classis in the aftre first ousness of classis in the at-ternoon was the report of the standing committee on overtures. This had ref-erence to the application of a number of churches and other religious organiza-tions for aid from the classis. The appeals were read and referred to the committees on missions. Rev. J. W. Knoffenberger, president

"Whereas, it has been the universal custom and practice of the Reformed church to administer the sacrament of the Lord's supper in accordance with the method of its institution by our Lord Jesus Christ, wherein He says in Luke xxii:19, 'And He took bread and brake it and gave it unto them, saying, "This is My body which is given for "This is My body which is given for

"Resolved, that all ministers within
the bounds of the Wyoming Classis be
and are hereby instructed to abstain
from administering the sacrament in
any other way than the time honored
and blessed way of our Lord and pracand blessed way of our Lord and prac-ticed by the Reformed church."

CAUSED SOME DISCUSSION. This report was brought out through the issue raised with reference to the substitution of wafers for bread in the communion service as a matter of ex-pediency at times. Some congregations are anxious to have the wafer used instead of bread; this is not true so much of certain congregations in the classis as it is of certain parts of the congregations. The report of the committee was taken up and discussed, during which it was generally agreed that to adopt the resolution would be acting counter to the desires of some members of the Reformed church, who prefer wafers to bread in the communion ser-

vice. Not to do anything which might tend to be too strict altogether, the report was voted down with the proviso that the pastors discourage the use of wafers and make use of them only in cases of absolute necessity, sick people for in-

The request of St. John's Reformed church of Freeland for the loan of \$1,500 for the erection of a parsonage was allowed by the classis.

At the evening session Rev. J. B. Kershner and Rev. A. Houtz spoke in behalf of foreign missions. The classis will adjourn this morning.

Mr. Moore had his ankle seriously injured at the Pittston depot on March 17. At first it was thought impossible to save the injured member but by careful treatment and watchfulness on the part of the nurses, it is believed that the patient will be about in a

Mr. McDermott weighs about 200 pounds and says he felt little pain through the operation. Mr. Moore resides at Avoca.

of appreciation.

More of this thoughtful generosity in the various sections of the city would be a splendid inovation. With the single exception of the fountain on the square at Providence, which has been many years maintained by Ambrose Mulley, we know of no part of the city in which private individuals for the mere sake of doing good, have made such investments. We heard a passer remark as he saw the new fountain: "There! That's the religion I believe in. I wish there was more of it."

Mayor Bailey Says He Will Send in More Appointments and Dismissals at the Next Meeting of Select Conneit.

More are to follow.

Mayor Palley stated to a Tribune reporter yesterday that at the next meeting of select council he will send in the names of six men to succeed the present assistant chief engineers and also a few more police appointments. Who the intended victims are he would not

divulge.

None of the new appointees assumed office yesterday. Chief Hickey said he did not know when he would take hold but thought it probable that he would be at the head of the department Monday. day.

HAVE NOT AS YET ACCEPTED. Neither Robling nor Taylor put in an appearance at headquarters yesterday, although Secretary Beamish, by in-structions of the mayor, sent them of-ficial notification of their appointment and confirmation, Mayor Balley said he had not received any word from them.

Peter Haggerty, the other new pa-trolman, reported and had his measure taken for a uniform. He is 33 years of age, stands 5 feet 11 inches in his tockings, weighs 210 pounds, wears a % hat, and is very muscular and thletic. He is the champion shot and athletic. stone putter of this region, and has won many prizes in this and other lines of sport. He resigns a position of foreman in the heating department at the south mill to go on the force.

QUESTION OF ELIGIBILITY. There was some discussion as to the eligibility of Mr. Hickey for the of-fice of chief of fire department as there is a clause in the Act of 1889 which states that no councilman is eligible to any office during the term for which he

is elected. All doubt on this score, however, was removed by an opinion from City So-licitor Torrey that offices such as city clerk, city solicitor and city engineer are classed in the category "within the gift of the councils" and not offices like that of chief of the fire department, which are within the gift of the mayor and concerning which councils have only a ratifying voice.

THE VOLUNTEERS' UNIFORM. Its First Appearance on the Streets of Scranton.

The first uniform of the new American Volunteers to be seen in this city was worn yesterday about the streets leutenant Green, well known central city as the War Cry girl. She is now a lieutenant in the new move-ment and has charge of the Volunteer's Gazette, the official organ.

The costume is of cadet blue flannel, with plain skirt, plaited waist, cape of the same material and a plain bonnett the same material and a plain bonnett to match. Only one color enters into the entire costume and it is by far more becoming and neater than the red jersey, blue skirt and showy poke bonnet of the old organization. A silver badge worn as a brooch is the only thing to designate the order to which the wearer of the uniform belongs.

The current issue of the Gazette, which is No. 4 contains a reproduction. The current issue of the Gazette, which is No. 4, contains a reproduction of the New York Herald's illustrations of the Carnegle Hall Jemonstration, in which Colonel Watkins and Captain Masiand are pictured alongside of Mr. and Mrs. Ballington Booth.

RELIEVED OF IT YESTERDAY

Mrs. Martin Monahan, of 1,609 Price street, yesterday morning ejected from her stomach the almost wholly intact body of a full-staed mouse, which has been causing her much pain and worry

with a choking sensation and before coming to full use of her faculties felt herself gulping down some large object. She was greatly alarmed and racked her brain for some explanation of the strange happening. After thinking deeply for some time she recollected that the first thing that she realized upon beginning to awake was that something ran across her face which caused her to half-unconsciously mak a pass with her hand to brush it off. The next thing she remembers is that she was more fully awakened by the

She was not able to explain the incident until yesterday, when her stomach yielded up a good-sized mouse, dead, of course, but only a little the worse for wear.

dead, of course, but only a little the worse for wear.

There is not the slightest possibility of confounding the mouse with a piece of cheese, congulated milk or any other such substance as was the case of the Providence fish story. It is a mouse, sure enough, and that it went through all that Mrs. Monahan claims it did, is not to be gainsaid. Mrs. Monahan is a larre woman of middle age, married and the mather of a large family.

and the mother of a large family.

The explanation she offers is that she was snoring on the night when her odd experience began and his mouseshit becoming startled by her attempt to brush him away jumped into the firs aperture he met, which, unfortunately was her mouth and went to his death and to cause worry and pain.
