#### THREE FOR TORONTO.

Scranton Lost Again but the Game Was Sharply Contested to the End.

Special to the Scranton Tribune Toronto, Ont., May 18.—The Toronto's verified manager, Buckenberger's prediction that they would win three straights from Scranton by downing the bine-costumed visitors today, though not without a hard struggle, in which would be a straight of the straig good, clean, sharp playing predomin-ated. The game would be still in pro-gress if Delharty had not made the er-ror that gave Scranton her only run, or if Hutchinson, not to be outdone, had not done likewise, and there you are. It was no disgrace to the visitors to be beaten as they played with all the vim and snap imaginable, and it was only because Rafferty and Hutchiason made errors at inopportune times that the game was lost to them. Johnson acted as curve dispenser today and it was chiefly because of the fact that the nine stalwarts who swing bats in the interest of the Torontos were unable to judge with any degree of necuracy as to which corner of the plate he was going to shoot the ball, that the score was kept down.

Only six pattry, puny hits were made Only six pattry, puny hits were made off him and two of them were scratches of the rankest kind. Dineer, who is considered by the cogniscenti to be the star twirier of the Torontos, gave a beautiful exhibition of his prowess to-day, the same number of hits being compiled by the visitors as the locals accumulated. "Piggy" Ward disported himself at second base like a callow youth, evidently having undergone a thorough lubricating process. Nothing the little of the latting of the latt orough lubricating process. got away from him and he easily car-ried off the fielding honors. Fie roped in a liner of the hottest kind with one in a liner of the hottest kind with one hand in the fourth and shut off a run as he effected a double on the play.

It was in the second that the Torontos got their first scores, it happened after two men were out Deleshanty made a hit and just as he started to steal second. O'brien corked out a single to center, and he never stopped running until he reached the clare, where he cld a gympastic run lality. where he did a generative speciality, which so confused Rafferty that he dropped the ball, which had been thrown to him with all celerity and the score was tied. Scranton having got their only tally in the first in this shion. Ward projected his anatomy front of an in-curve and went to In Front of an in-curve and went to first. Meaney flew out to left, Eagen cracked out a hot one to short and Ward wan thrown out at second, but the batter's fleetness of foot averted a down. Delehanty's fumble of Hutchiason's grounder advanced Fagen to second, and Plack brought him home with a shock.

In the seventh Toronto scored the whoming run Freeman's two-lagger. Hutchinson's error and Delehanty's hit, giving them the tally. In the other findings it was a case of one- two, three order. Pitcher Dean was this morning farmed out to the Hamilton, Ont., ciub. Score: SCRANTON.

#### DOWN GOES WILKES-BARRE.

Buffaio Takes the Fourth Straight From Chapman's Men.

Buffalo, N. V., May 18.—Today's con-test was somewhat of a slugging match, two home runs being made, one by Lexotte, of the Wilkes-Barres, and one by H. Smith, of the luffalos, both hits being long ones and against a strong wind. The Bisons, as usual, won the game toward the end of the contest. Keenan and Startzell both pitched a good steady game. Score: BUFFALO.

#### Rochester-Providence.

Rochester, N. Y., May 18.—The visitors did not put up their usual good fielding today and owing to the errors made by the Grays, the kneckester victory must be credited in a great part. Providence hit Lovett with ease, but did not bunch their stick work, while Rochester got a lead in the thic on errors and hits and kep. It during the game. Score:

York No Match for the Heavy Hitters at Carbondate.

Special to the Scranton Tribune. Carbondale, May 18,—Although the weather was very threatening quite a large number of people witnessed the game between Carbondale and York this afternoon. The visitors made noshowing against our heavy hitters, however, and the game was not close enough to make it interesting.

York played a good game in the field, although the pitching was very weak. although the pitching was very weak, and our men fattened up their batting average at the expense of the visitors. O'Gara pitched for the home team and held York down to five hits. He was a little wlid at times, but his form is improving rapidly, and with more experi-ence will be a good man. Hess, on the other hand, wasn't in it at all. Twenty-five clean hits were made from his delivery, two and three-baggers being the order of the game. Rafter, our new right fielder, and catcher, attracted much attention dur-ing the game by his fine playing. He is an excellent batter, having five hits to

#### BASE BALL GOSSIP.

Below appears the batting and fielding averages of the Scranton players up to and including last Saturday's game at Toronto. The figures are of little at Toronto. The figures are of little value now, as players rarely get down to their average playing before the end of June or first of July. Then, too, the averages are unfair to the players who have participated in a large number of games as against those who have appeared in only a few. This is shown in the case of Brown, whose hitting shows .500 per cent in four games, while Ward, Eagan, Meaney and Hutchinson, who Eagan, Meaney and Hutchinson, who have played from ten to thirteen games, have hit not higher than .370. The same applies to the field work, Maguire and Eagan being found near the bottom of the list, while they will during the next few weeks pull themselves up to fair averages in their respective positions

It will also be found that Tom Power's controlling head will be another influ-ence toward better field work. Ward, the rankest kind of a quitter when things don's go his way; Maguire, who things don's go his way, Maguire, who has not yet had the opportunity to show what a fast liftle man he is; Hutchinson, and the entire team will gain new life through Power's influence.

White, of Rochester, and Schriver and Smith, of Seranton, were the only '95 Eastern league catchers whose averages were lower than Rafferty's average now. Ward is .007 ger cent, lower than his finish last year. Seven third basemen last year made better averages than Maguire's .855, while Pete Sweeney of last year's Scranton and Rochester clubs was the only shortstop who did worse than Hutchinson is at present. While the club has been, and is, per-

haps, he a disorganized state owing to its weakness at first and behind the plate, the pitching corps also is giving no little cause for worry. If Ed. Herr's arm is not iame he will within a month be as good as any of the first-class oitchers in the league; If it is a lame arm that's tradiling his he arm that's troubling him he cannot be cast aside too quick, and the latter ap-pears to be the correct view of the case. It is so indicated at least in the two games when he was slaughtered by Providence and Toronto. It is also said that Horner's arm has gone wrong The probabilities, however, are that Horner's trouble is only temporary. In any case Scranton is in a bad way it Johnson and Brown are the only pitchers in good condition.

Meanwhile the owners are not taking chances by waiting to see if the tide will turn. It will not be later than Wednesday that John H. Brooks, of the association, will pack his grip and start on a still hunt with the understanding that he shall remain away until he is that he shall remain away unto he is successful in getting proper material. Scranton is angling for two pitchers and one of two infielders who are now benched by two National lengue clubs. To get one or more of the three Mr. Brooks will surely make the trip, unless certain deals now pending are closed. Another change is hinted by the owners which with he deals have a Massey when the property of the country o which will be laid before Manager Mc-Dermott when the club returns. It in-volves a possible trade with a National league club and will surprise the cranks if it goes through.

What Otten will prove to be as a strengthening catcher remains to be seen. He averaged up in the middle of the list of National league backstops last year in fielding, but hit only 233. He was secured through President Burns of the Newarks. Burns claimed that Otten was too high-priced for the At-lantic league. Nothing was paid to secure him, as he had not signed a secure film, as he had not signed a Newark contract. There remains the possibility that something is wrong with his arm, but that is a contingency which may be visked under present circumstances.

A trade of dates has been made A trade of dates has been made whereby the games scheduled for Scranton at Rochester, May 26 and 27, next Tuesday and Wednesday, have been transferred to this city. This was done on account of the conclave of the grand commandery of the Knights Temolar, and Barnum's circus being here, the former on both days and the latter on Tuesday. The games will be called at 4.30 o'clock which insures an extra attendance by cranks who wish to go to the circus early in the afternoon, and will catch hundreds of the strangers in the city who belong to the Masonic order. In return for these two Masonic order. In return for these two dates the games scheduled for Roches-ter in Scranton June 15 and 16 will be
