Bovinine Dr. W. E. S. Preston, House

Physician of the "House of Rest for Consumptives," of Tremont, N. Y., says, "I have never known a case where the stomach has rejected Bovinine. In cases of collapse, so common among consumptives, we always use it." Bovinine being easy to take, and quick of assimilation and a wonderful food product, at once starts on its mission of creating strength, flesh and blood. It tones up the vital organs and by thus invigorating them, enables them to throw off disease and gives to the sufferer a new lease of life where such a thing is possible.

DISLIKE "SUWANEE RIVER."

Superstitous Sailors Request a Pretty Girl Not to Play the Famous Song.

From the Florida Times-Union. Miss Edna de Sequeria, the pretty girl who wraps candy in the salt water taffy establishment, does not confine herself to dispensing one kind of sweets, but sometimes, to please friends, will dispense water muter on the muter

will dispense sweet music on her guitar. A young gentleman was compliment-ing her last night upon the definess of her fingers in bringing forth sweet tunes, when she said: "But I really can't play, at least you

wouldn't think you could play if a whole ship load of sailors had petitioned you not to. "I was on the Iroquois coming down

"I was on the Iroquois coming down three or four weeks ago, and had start-ed to play 'Way Down Upon the Su-wanee River,' when I noticed that the sallors were not pleased. Finally one of them came to me and said that he had been sent by his mates to ask me not to play that plece. 'You see,' said he, 'whenever that plece is played, there's sure to be a storm.' "I stopped playing the plece, but in spite of the fact that I had played some of it, there was no storm. On the con-

of it, there was no storm. On the con-trary, we had the very pleasantest of weather during the whole trip."

HOT WATER FOR NOSE BLEED.

Just Stick Your Feet in It and Keep

Them There. Them There. Dr. Gregory was called to treat an obstinate case of nose bleed which had defied the skill of several medical men, and tried that much used remedy, hot water, with good effect. He gave a foot bath with water almost unbearably hot. The patient's feet were put in the water, which was at 110 degrees F., and then as she became accustomed to it he added bolling water, and in a few min-utes the bleeding, which had continued for several hours, diminished and final-

homeward bound from Jerusalem, went through this section recently. He is driving in a canvas-covered wagon. with one horse. He is now making for Chicago. He has a book, which he has had with him from the start, stamped by the proprietor of the Hotel Belle-view, Jericho, and over fifteen sworn statements by the officials in the Holy Land, besides 1,800 in this country. His travels cover a distance of over 201,000

miles. It may be necessary to state that Mr. Killens did not travel the entire distance from Jericho to Susquehanna by wagon.

IN SUSQUEHANNA COUNTY. A Franklin township farmer dis-posed of 1,500 bushels of potatoes for 75 cents for the entire lot.

The next convention of the Susque-hanna County Sunday School association will be held in New Milford. The Susquehanna County Veteran association will probably hold its

twenty-fifth encampment in Montrose, August 19, 20, 21. Susquehanna Pomona Grange will meet in Harford, June 3 and 4. Two Ararat young men have been ar-rested and held for appearance before

the grand jury for disturbing public worship. LO! THE POOR INDIAN.

A farmer, while plowing near Oqua-ga Lake a few days since, unearthed the skeleton of an Indian. The burial the skeleton of an Indian. The burial probably took place over one hundred years ago. Beneath the skeleton were found an old brass kettle, several pipes, arrows, etc., all in a fine state of pres-ervation. As soon as they were ex-posed to the air, however, they par-tially crumbled away. Years ago the unwashed and untutored Indian roam-ed at will through this valley slaving ed at will through this valley, slaying the early settler, the bear and the catamount with strict impartiality, and souvenirs of his presence are quite often discovered.

POLITICAL POINTERS.

It is rumored that the Democrats of this district have engaged Lieut. Peary to discover a candidate for congress for

the bosses. The space outside of the McKinley breastworks has mighty poor picking

for the bosses. There are "steen" Democratic can-didates for county commissioner, and the returns are not all in from some of

the cross roads. A number of Susquehanna county statesmen, who intended to go to St. Louis and whoop 'er up for Quay, will stay at home and plant corn. They have seen the handwriting upon the wall. They have had a revelation. Their whoop has died in their throat, and they have hung their harps upon a willow, and gone to the mountains to gnaw a file.

ALONG THE RAILROADS.

The Erie paymaster will scatter about 40,000 in town tomerrow.

By an order issued last week the Erie's eastern division will hereafter be known as the New York division. The western division has been changed to the Alle-gheny division.

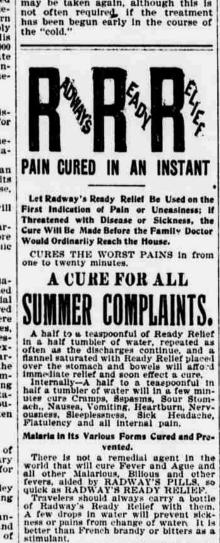

In the year 1855 the New York and Eric railroad had 4.715 men in its em-ploy, 336 of them in Susquehanna.
