fitting well is played out. It no longer applies to the rightly made kind. It certainly doesn't apply to the Clothing we sell. We can fit you and your boy out just as stylishly as the merchant tailor, and the cost will be about half. It is worth your while to look into the merits of this Clothing Store. You can't make a mistake here. In any event, we agree to give you perfect satisfaction.

A considerable part of our trade is with men who buy on credit. Even those who have the money in their pockets sometimes prefer to buy on our instalment plan. It costs them no more than the cash stores ask, and the little amounts they pay us each month are hardly

missed. You may have an idea that our prices are raised in order to make us safe in selling on credit, but the accompanying list ought to convince you to the contrary.
