SCIENCE'S LATEST TRIUMPH.

From the Philadelphia Record. From the Philadelphia Record.

A curious aparatus for making soda water at home is being shown by an English concern. The firm compress the liquid carbonic acid at 60 atmospheres into small steel pear-shaped cartridges about fiveleights of an inch in diameter at the largest part. Such a cartridge is placed in a mouthpiece attached to a soda-water bottle and a carb is closed over it. In completing the closure a tiny ebonite plug in one end of the cartridge, or "gas drop," is punctured, and the gas escapes into the bottle, dissolving in the water. Twelve of these drops weigh three ounces, and 5,000 of them can be packed in a cubic foot. Evidently a traveler in the center of Africar could supply himself with aerated water without adding greatly to his baggage. The drops have been tested to 900 atmospheres without giving way, and if highly heated the only effect is said to be the softening of the stopper and the blowing out of the gas. They are certainly marvelous examples of stamping.

WHAT IS BEING DONE IN CHURCH CIRCLES

Young Man Whose Ideas Are Altogether Too Temporal.

THE COMMENT HE CALLED FORTH

Third Annual Convention of the Luther League of Pennsylvania Will Be Held in Lancaster, June 24 and 25 -- Meeting of Primary Sunday School Teachers -- Services in the Churches Tomorrow.

The May number of "Young Men," a monthly periodical published by the local Young Men's Christian association, contains the following:
"A Christian young man who enjoys an income of at least \$1,200 per annum, and who by his own confession is saving money refused to renew his meming money, refused to renew his mem-bership in the association, after having had two years of help and training, because the promotion which came to him largely as a result of that training made it inconvenient for him to use the privileges as often as formerly. I would be an unfortunate thing for th Young Men's Christian association, and for the development of Christ's king-dom among young men, if this short sighted and utterly unChristian atti-

"God pity the church or the association which is supported by men for what can be gotten out of it in temporal advantages; and God pity the men who flatter themselves with a hope of eternal salvation who are making a nere matter of barter out of their con-nection with Christian work. The association, because of the splendid work it is doing for the hundreds of young men who annually come under its influences. has a right to claim a share both of the time and the money of every truly earn-est young man in our city."

LUTHER LEAGUE CONVENTION. The third annual convention of the Luther league of Pennsylvania will be held at Lancaster, Pa., on Wednesday and Thursday, June 24 and 25, 1896, be-ginning on Wednesday, June 24, at 2 p. m. MUSICAL NOTES.

Evening subject, "What Mean These Stones?" Reflections of Decoration

The Railroad Young Men's Christian Association concert company gave an intertainment at Hallstead on Thursday evening last which is highly spoken of. The company is composed of the following: W.W. Jones, conductor; Miss Margaret Jones, Miss Allah Jones, Mr. and Mrs. Frank Glover, Messrs. Thomas W. Jones, Edward Bowen, and James Hastmann, and Llewelyn Jones accom-Hartmann, and Llewelyn Jones, accom-

A new musical club has been organized among ladies of the city who will rehearse under direction of Alfred Pennington. The first rehearsal is anounced for Monday afternoon.

Ernest Thiele, the well-known solo violinist, of the Philharmonic orchestra, will locate in this city, and expects to continue giving instructions to many of the pupils of the late Fred F. Kopff.

E. E. Southworth, planist, will take no regular vacation this season, but will continue his classes during the summer months. The first recital given by Mr. Southworth's pupils will take place the latter part of June.

Miss Stone, of Denver, who has for some time past been visiting relatives in the city, will sing at the Penn Avenue Baptist church tomorrow morning and evening. Miss Stone possesses a sweet voice that has been carefully cultivated, and her efforts at Elm Park church last Sunday received many hearty compliments from musical peo-ple in the congregation. Mrs. Lizzie Hughes-Brundage, the soprano of the Baptist church choir, will sing in Elm Park church tomorrow.

A grand concert under the direction of the church quartette will be given in the Washburn Street Presbyterian church Thursday evening, June 4. Among the excellent artists who will take part are: Theodore Hemberger, Mrs. G. DuBois Dimmick, Professor Haydn Evans and Thomas Aubrey. This will be one of the best concerts ever given on the West Side.

ONE ON VANDERBILT.

From the Times-Herald. From the Times-Herald.

When the Vanderblits obtained control of the Union Pacific railway William H. made a trip in a special car over the branch line known as the Denver and South Park, which runs from the capital city to Lead-ville. This is the road of which O. H. Rothacker once wrote: "The Denver and South Park is a narrow-gauge road except where the track is spread to a broad gause."

where the track is spread to a broad gauge."

While the Vanderblit car carried a chef and a well-stocked larder, the magnate, soon after entering the South Park country, felt a longing for a glass of fresh milk, and when the train pulled into Como he sent his servant into the depot hotel to get the desired article. The servant returned accompanied by the hotel proprietor, Charley Benedict. The latter carried a glass of milk, refusing to allow anyone but himself the honor of serving such a distinguished patron.

Vanderblit quaffed the milk, pronounced it excellent and handed Benedict a \$5 gold plece. The hotel-man said "thanks" and started to make his exit.

"I say," called the railway king, "don't I get any change?"

"No, sir."

"Well, you don't get any; that's how."

"Milk is pretty high out here isn't it?"

"Yep."

"Do you charge everybody \$5 for a glass of milk."

"No, some only pay 5 cents."

CHILDREN'S WARD AT THE HOSPITAL

Over Two Thousand Dollars Contributed for its Erection.

IT WILL BE TWO STORIES HIGH

Material Used Will Be Brick and It Will Be Provided with All the Modern Improvements -- Names of Those Who Have Contributed Money for the Erection of the Ward.

At last we will have a children's ward in Lackawanna Hospital; a place where the little ones may breathe a purer atmosphere-both moral and physicalen the much needed surgical and medical aid. All this is due to the untiring energy of a few ladies who saw the urgent necessity of the change and have, with the loyal help of our chari-

table citizens, brought it about.

Some time ago a young lady visiting in our city, Miss M. L. Harper, placed in the hands of Miss Kraemer, the superintendent. \$7, as a nest egg for the new ward; the First Presbyterian and St. Luke's Episcopal Sabhath schools then added their contributions, swellwhose warm heart is ever interested in those who suffer, saw for the first time the possibility of having her long wished for plan come to maturity.
It might be the work of years but with a woman's faith she knew it must come. A few weeks since Mrs. J. L. Benton and Mrs. A. J. Walden, called at the institution on a business errand and were casually told of the state of affairs and the almost hopeless pro-ject of a children's ward. They immediately decided that the required amount could be easily raised if only the want was made known and our citizens have responded generously and nobly to their appeal.

The first plan of a one story wing was soon abandoned and they will now build a two story structure of brick with both room, fire place and veran das, and the necessary amount will be

UNDER WISE MANAGEMENT.

The institution is now under wise and careful management, with able direc-tors, and an efficient corps of nurses under the supervision of Miss Elin Kraemer and her admirable assistant. Miss Kleghorn. Nurse Kraemer is a Swedish lady, whose rare executive ability and sympathetic nature have gained for her many warm friends among both officers and patients. This ady believes in not only ministering to the diseased body, but also in cheering the sad hearts of her sick people; books and music for the older ones, toys and pleasant chat for the young invalids and any harmless amusements which make the hours seem less weary. Every patient who could be taken to oor or window was helped there on

l'uesday to see the circus parade, and the pale faces were brighter for all the rest of the day. To the children, especially, it was such a treat as seldon pecially, it was such a treat as seriom comes into their sad little lives. The noise of bagpipes is heard occa-sionally in the ward and again the an-tics of some impish little monkey. whose master stands patiently by, will amuse the children and do for them more than medicine. They are patient, loyable little men and women, who are petted and caressed to their heart's content by the young nurses and the new ward will give them the pure air

so much need.

Professor Johnson, the blind planist. Professor Johnson, the blind planist, has very kindly given his services for more than two years, doing much to lighten the dreariness of the long weeks by his music, and the patients speak warmly of his friendsly interest in them.
