From Storms and Signs.

PROF. COLES FOR JUNE. Earth is now passing through sign Sagittarius—the Bow-man—with no op-position, excepting the little planet Vul-can, the other planets being too far away to give assistance or to inflict punishment, and just what the final re-sult will be time alone will tell; for Sagittarius is a sign that brings us no earthly good except when compelled to de so by the moon and certain planets. We have never before seen fewer causes for storm disturbances in the month of June; but by looking at the "plane-tary diagram" in Storms and Signs, you will see that planet Mars—the old war-rior—is in sign Pisces—the Fishes— and at a right angle to borrow sun of all human and vegetable life will be at their "highest flood" on the following dates: 4th, 5th, 6th, 9th, 10th, 11th, 14th, 15th, 12d and 23d and at their "lowest cob" on the 1st, 2d, 3d, 7th, 8th, 12th, 13th, 16th, 17th, 18th, 19th, 20th, 21st, 24th, 25th, 26th, 27th, 28th, 29th and 30th. The "low cob" figures have a two-thirds majority again this month, which warms us of some annroaching. and at a right angle to corrow sun rays from the sun and pour them down upon the day side of the earth, which will cause excessive heat during the day that will develop into violent gales, tornadoes, cyclones, hail sterms, cloud bursts, floods, earthquakes, electrical storms, etc. From 2 to 5 o'clock in the afternoon will be the most critical time of the day. Those who are actually storms, etc. From 2 to 5 o'clock in the afternoon will be the most critical time of the day. Those who are actually afraid of lightning, should place their chair in the centre of the room and get their feet up off the floor, or place aluminum glass under their chair posts, which is a sure protection from the dangers of lightning stroke. The first week in the month will bring a storm period with cloudiness and scattering storms in many sections of the country. storms in many sections of the country.
The second week will bring a regular any kind of seeds, but seeds sowed on storm period which may result in great these days will not stand a drought disaster in many parts of the world, very well. On the 12th or 13th, be-

take take warning of all storm periods.

The third week will bring another regular storm period when we shall feel the full force of the summer solstice.

The third and last regular storm period will take place during the fourth iod will take place during the fourth week in the month. It will be well, we think, for those living near streams of water to make ample preparations for a water surprise. There will be several magnificent sun set scenes during the month and two mock sun scenes. On Sabbath evening, the 14th inst. Jupiter will be just south of the young moon, presenting an unusually brilliant scene. Do not miss seeing them. A strange phenomena will take place on the sea, casting its reflections over all the eastern and middle states. The red light came just as we predicted it would and with the same results as we predicted. This month the planets are in position of the cut blue lighting which will to give out blue lightning, which will cause an epidemic of the blue-fever that will effect the nervous system and cause will effect the nervous system and cause all sorts of bad feelings. Mark well our predictions and we will yet prove to you that we are all controlled by the planets. We have many convincing proofs to offer, as soon as the people are in readiness to receive them. Last month we warned the southern and

dangers; and we also warn the middle rn and eastern states to be well on their guard. WORDS OF WARNING.

western states of the awful storms that

would sweep down upon them, and now we warn them of more approaching

Rated on the summit of the hill adjoining the Mills property and runs parallel with the road leading to the Highland Park colliery. One street has been nearly finished. It is fifty feet in width and leads directly from Canaan road to the colliery where it joins the road leading to the Last Chance, thus forming a complete circuit. The view from the place is very fine, as it overlooks the valley. On the lots which have been valley. On the lots which have been sold pretty houses will be erected, and the place will be especially desirable for summer residences. The land is full of springs furnishing an abundance of clear, cold water.

MEMORIAL DAY.

The Occasion More Generally Observed Than Usual in This City. Memorial Day was more generally ob-served in this city Saturday than on previous years. The stores were nearly all closed, and many people spent the day at the ball games or at Far-

The usual solemn and beautiful services of the day were carried out. William H. Davis post met at the head-quarters at 10 o'clock, from where they marched to Memorial park, where general department orders were read and the silent roll called by Adjutant Wil-liam B. Chase. The firing squad under Josiah Vandermark gave a salute, fol-lowing which the graves of the dead veterans in the different cemeteries

DEATH OF MRS. BRENNAN.

An Old and Respected Resident Passes Away.

The death of Mrs. John Brennan, an old and respected resident of this place, occurred on Saturday morning. Mrs. Brennan was lorn in Ireland and fifty one years ago came to America ac-companied by her husband. They came at once to this place, which has since been their home. The deceased was a woman of peculiar winning character and enjoyed a wide circle of friends. She was a devout member of the Cath-olic causeb. ings.
Let those living near streams of olic caurch.

The deceased is survived by six child-ren, four sons and two daughters. Mrs. Henry Kennedy and Kate Brennan, James and Thomas of Grass Valley; Martin of Butte City, Montana, and Venus is now in sign Aries, Earth and Mercury are in sign Sagittarius, Mars is in sign Pisces, Jupiter is in sign Leo. while Satura and Uranus are in sign Scorpio. Therefore, the "vital forces" of all human and vegetable life will be John, of this city.

PERSONAL AND OTHER ITEMS.

Mrs. S. Bolton and daughter Lella. left Saturday for Green Ridge where they will visit friends. Miss Bolton will act as bridesmald at the wedding of Miss Myrtle Rughes of Green Ridge and Ernest Doinh of Scranton on June 2 is visiting relatives in Scranton.

Mr. and Mrs. Edward Bronson are

visiting in Sydney.

James H. Paul spent Sunday with
A. S. Baker, of Scranton.

Miss Elia Wells, of Elkdale, is the tween the hours of 9 and 11 a. m., will be the time to plant cucumber and melon seeds. The 15th will be the best guest of Miss Hattle Berry, of Canaan

day in the whole month to sow any kind of seeds, or to transplant; for Jupiter will be within one degree of the Mr. and Mrs. F. G. Brown and children spent Saturday and Sunday with friends in Honesdale. Dr. Wheeler was in Uniondale Fri-

day.
Henry Battle, of Scott street, left for New York Friday, where he will visit his brother Richard for a few days.
Miss Susie Jadwin called on friends in Scranton Friday.
Miss Lettie Doyle, of Scranton, is the Miss Lettle Doyle, of Scranton, is the guest of Miss Alice Rashhigh on River

CI ARK'S GREEN.

Miss Edith Smith, of Glenburn, gave her most interesting talk of her travels in Palestine and Syria in the Methodist church on Friday evening last to an appreciative audience. The listeners were much interested in the rugs. paintings and bric-a-brac shown. Af-ter the lecture the Ladies' Aid society dispensed ice cream, cake and coffee. The receipts of the evening netted a handsome sum, which will be used to supply the church with new hymnals. Misses Lizzle Frace and Emma Coon spent Saturday and Sunday with their

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1894, I made a misstep and injured my ankle. Very soon afterwards,

to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have to give up at every step. I could not get any relief and had to stop work. I read of a cure of few days. Others have stopped in th a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

say enough in praise of Hood's Sarsaparilla." MRS. H. BLAKE, So. Berwick, Me. tinction is radical, and affords the most curious and interesting feature of the new process. To cook without flame contradicts the most farmular of all arts. In getting rid of combustion goes with it all that accompanies combustion, including that exhaustion of the air, of which every one complains, for in the domestic economy health is next to cleanliness.

This and other similar cures prove that Sarsaparilla

John Smith will occupy rooms over W. S. Frace's store for his home making soon.

soon.

The league meeting will be of more than usual interest on Sunday evening next, as efforts of especial interest have been made in that direction. All are most cordially invited to be present early.

Mrs. A. E. Douglass, of Pleasantville, N. J., spent several days with her friends here.

friends here.

Miss Elsie Oakley spent Wednesday with friends in Dalton.

A goodly number of our townspeople took in the sights at the circus and knightly parade and ball.

Mrs. James Bennett, of Newark, N. J., is visiting her parents, Mr. and Mrs. H.

MOOSIC.

Bert and William Hessler, of Wilkes-Barre, were visitors in town on Dec-oration Day.

I. F. Price spent Sunday in Mehoop-

any, Wyoming county.

R. Bellas was visiting friends in Bear Creek over Sunday.

Mr. and Mrs. W. C. Waggoner, of Lake Carey, are visiting at the home of William Keneller, of Spike Island. A large party attended the exercises held at the Brick church by Grand Army of the Republic post 545. The oration was delivered in the church ow-ing to the inclemency of the weather. Howard Luckey was a caller in town

yesterday.
At the last stated meeting of Moosic At the last stated meeting of Moosic Hose company, No. 1, held on Tuesday evening, May 26, the following resolu-tions were passed: "Re it re-solved that the thanks of Moosic Hose company, No. 1, be tendered to John Nelson, building inspector of the city of Scranton, for inspecting Dymond's of Scranton, for inspecting Dymond's hall, and thereby creating a feeling of safety among the numerous people who attended the pair; and also to the ma-trons and young people who worked so faithfully in the interest of the comwere visited and decorated with flowers and flags.

BUSINESS BREVITIES.

THE COAL SITUATION .- Says the Engineering and Mining Journal: "There is no change in the anthracite market. All conditions are practically what they have been for the past six weeks. There is a fair movement of coal, consisting chiefly of current de-liveries on old orders before the last advance. The west is taking the customary amount at this season and is putting in some stocks. The eastern market is improving and inquiries are coming in more freely. In this market new business is still very light. Good customers of the companies are able to buy at the net circular price, \$3.85 for stove, \$3.60 for egg and chestnut and \$3.35 for broken, net on board, the full rates obtaining only on small orders. So long as the companies will not agree to insure their good buyers against losses arising from a decline in prices later on, there is no particular inducement for stocking up at this time, espe-cially if the buyer remembers the instability of the market and the uncer-tainty of prices of the past two years. Notwithstanding this seeming lack of confidence in their own ability to main-tain prices in the fall and the present dullness of the trade the market today is steadier and firmer in tone than for a long time past. It is true that the gross earnings of most of the companies show a considerable decrease as compared with the corresponding period of 1895, but on the other hand the statistical rosition of the market is much better, from a seller's standpoint. Shipments of anthracite during the month of April were 3,013,190 tons, making 12,459,288 with the corresponding period of 1895, The tonnage for May and June will be at the rate of 2,000,000 tons per mouth, which will mean 18,500,600 tons in round numbers for the first half of the year. It has been estimated that the market will take at least 44,000,000 tons this year or 25,500,000 tons during the second half or 25,500,000 tons during the second half. This means that the production from July 1 to Dec. 31 will have to be at the rate of 4,250,000 tons monthly. In view of the decreased amount of dead work done during the past year, 4,250,000 tons per month will require very nearly working on full time to ship. It is the knowledge of these facts which enables the companies to bide their time. The report that prices will be advanced again on July 1 circulates persistently. There is no doubt that the companies desire it, but the advance may be deferred until Aug. 1, as some of the prominent interests are understood to be against too early an action. It looks now as if at last the seller will be in a position to dictate to buyers next fall

RAILROAD EARNINGS. — Gross carnings of all roads in the United States reporting for May to date aggregate \$15,363,165, a gain of 2.7 per cent. over last year, and a loss of 12.7 per cent. in comparison with the corresponding period of 1893. Below is given gross earnings of all roads in the United States reporting, for the last four weeks, this year and last, with percentage of gain:

for the first time since the Reading

1896. 1895. P.C. 75 roads, fourth 1896. 1895. P.C.' 73 roads, first week of May 5,496,645 5,202,298 *4.4 fl roads, second week of May 5,147,401 4,985,974 *3.2 for May 4,719,569 4,706,393 *.3 *Plus.

IRON AND STEEL.—Markets for fin-ished products continue dull, says Dun, and pig iron is everywhere weak-Dun, and pig iron is everywhere weaker, accumulated stocks being the largest ever known in the history of the trade, it is said. The billet pool is not yet able to sell any quantity, as middlemen still supply the scanty demand half a dollar below the pool's price, while several concerns are preparing to make steel for themselves. At the east pig iron is weaker at about \$12.50 for No. 1 foundry, and it is believed over two-thirds of the twenty-four furnaces in Virginia, with some in castern Pennin Virginia, with some in eastern Penn-sylvania, will have stopped within a Mahoning and Shenango valleys. The manufactured products show no im-provement; rails have numerous small orders at the west, but scarcely any at the east, and bar manufacturers at Chicago are trying to advance prices, although steel bars there and at the east are getting a larger share of the business, being sold at lower prices. Bessemer billets are also losing some business because open hearth steel billets are also as new covered at a shade below the is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot the general feeling that improvement come after the political conven-
