GLOBE WAREHOUSE

EARLY ADJOURNMENT IS NOW PROBABLE

Expected That All Congressional Business Will Be Disposed of in 48 Hours.

WORK BEFORE HOUSE AND SENATE

Business of the Senate Depends Entirely on Headway Made with Conference Reports--The Course of Proceedings, Therefore, Somewhat Uncertain.

Washington, June 7.--Unless all signs fall congress will adjourn this week, and those in touch with the business of both houses appear to agree that that result may be secured by Wednesday. Still, conditions are such that a hitch might occur at any moment, which would protract the session for another week. This, however, while a possible contingency, is not expected.

TIMES STRAW BALLOTS.

Result of the Inquiries Regarding Gold and Silver Sentiments Among Democrats Throughout the Country.

New York, June 7.--The New York Times will print tomorrow morning telegraphic answers from its correspondents in all states where silver delegates have been elected to the following question: "If the silver Democrats control the Chicago convention, what candidates for the Democratic nomination for president and vice-president would be favored by the silver Democrats and delegates of your state?"

Commenting upon its replies, the Times will say: "Gossip on presidential candidates, two months ago, was almost confined to the bitter contest in the Republican party between McKinley and his many opponents. The Democratic party was attracting much attention but not on its candidates as it was agreed that the contest in that party should center on the financial question and consideration be given to men after it had been settled whether the party would support free silver or the gold standard."

UNFINISHED BUSINESS. The immigration bill is the unfinished business and Mr. Lodge will call it up tomorrow for consideration if any opening presents itself. Mr. Hill, who is in charge of the contempt of court bill, a piece of legislation growing out of the Deber case, is also anxious for consideration, and may look horns with Mr. Lodge for the right of way. Mr. Gear will seek to fix a day during the next session when the Pacific railroad re-funding acts shall be taken up. In this way he may succeed, as both friends and opponents believe that this subject shall be settled one way or the other.

IN THE HOUSE. The house will devote itself for the remainder of the session to disposing of conference reports, contested election cases, and of other business under suspension of the rules. It will meet for an hour tomorrow morning in continuation of Saturday's session, in order to enable members to move the passage of bills under suspension in accordance with the terms of the order of Friday last.

There are two election cases on the calendar, both of which will be vigorously contested on the floor--W. Aldrich (Rep.) vs. Oscar W. Underwood (Dem.) from the Ninth Alabama district, where the committee recommend the seating of Aldrich, and Jacob Yost (Rep.) vs. H. George Tucker (Dem.) from the Tenth Virginia district, where the committee recommend the retention of his seat. Another case--that of U. T. Hopkins (Rep.) vs. Joseph M. Kendall (Dem.) from the Tenth Kentucky district has not yet been reported from the committee. These are all that remain of the 35 contests filed with the clerk of the house. Speaker Reed is exceedingly anxious that the docket should be entirely cleared before the house adjourns, and hopes to be able to accomplish it. It has not been definitely decided what to do with the senate bond bill reported adversely by the committee on ways and means. The leaders of the house think it should be disposed of and a vote is probable, although there is much opposition to action at this session.

MAGOWAN HAS RETURNED

Left Mrs. Barnes in Philadelphia and Refused to Tell Whether He Had or Had Not Married Her.

Trenton, N. J., June 7.--Frank A. Magowan returned to Trenton yesterday morning, but Mrs. John A. Barnes was not with him. The preparations indicated that it was expected Mrs. Barnes would come with him, for the new team and English coachman were at the station, and also another carriage. He arrived at 11 o'clock, on an express train from Philadelphia, and tarried on the lower platform for several minutes, until the other passengers reached the street. He had every appearance of being nervous and excited. He was driven to his new residence, in Clinton avenue.

As he drove by Mrs. Magowan's home his former wife and daughter, Emily, were seated on the porch. Magowan made an attempt to speak to them, but they only responded with a stare. Magowan's son and namesake was riding a bicycle, and as he passed his father as he was alighting to go into the side door of the house, his father did not notice him. He was asked whether he and Mrs.

ARE READY TO BOLT A SILVER TICKET

Gold Democrats of Illinois Preparing to Make Trouble.

THEY MAY NAME A CANDIDATE

If the Democratic or Republican Platforms are Not Satisfactory They Will Nominate an Independent Candidate for President--"Honest Money" Clubs to Be Organized.

Chicago, June 7.--There was a conference of the gold standard Democrats from all parts of Illinois yesterday to debate the advisability of holding a "bolting" state convention. A score of prominent men, many of them bankers and federal office holders, were present. Ex-Congressman Foreman, of St. Louis, the political lieutenant of Col. William H. Morrison, made a strongly protracted speech against the bolting idea which originated with the Cook county faction and that the radical political step be deferred until after the Peoria state and Chicago national convention of the party has passed into history. It was practically agreed to send a contesting delegation to Chicago in July so as to be prepared to have them seated in the majority in the convention is favorable, making for the bolting Democrats of Illinois and placing patriots before party in their estimation, the conference agreed that if the Republican platform declares for gold and the Democratic platform for silver, the gold Democrats will vote for the Republican ticket.

ADVANCE GUARD AT WORK

Looking After the Presidential Booms at St. Louis--McKinley Lithographs and Badges to Be Distributed.

St. Louis, June 7.--By common consent the advance guards of the several presidential booms made this a day of rest from the arduous tasks imposed by politics. At the hotels the gentlemen were "out" to all callers.

The matter of accommodating the Republican primaries, which were held to assume troublesome importance. The Business Men's league, desiring to carry out every promise made in securing the convention, felt called upon last night to issue a general circular asking that all public places of amusement, at least for the time being, be closed to the Republican party and their people in the Republican party such treatment as any reputable and respectable person would receive. A number of enterprising local negroes have rented an old club house and fitted it up to entertain the delegates. Last evening the Hon. R. C. Kerens, Missouri's national committeeman, and W. B. Gaitner, of Columbus, O. who will decorate the McKinley headquarters at the Southern hotel, and superintend the distribution of badges, lithographs and literature. Tomorrow they will be distributed in this city 10,000 lithographs and McKinley, a badge will be given out bearing a red ribbon bearing McKinley's picture and the words "Patriotism, Protection and Progress, Our Nation's Choice."

MAGEE FACTION WINS

Generally Successful at the Republican Primaries of Pittsburgh.

Pittsburgh, June 7.--Returns from the Republican primaries, which were held in this county yesterday afternoon and evening, are not all in, but enough have been received to show that the candidates of the Magee faction have been generally successful. That faction tonight claims the nomination of all its candidates in the county except in the first and second legislative districts. The "Quay or Reform" party, however, maintain that their candidate for judge and county controller, Messrs. William B. Rodgers and James A. Grier, have been nominated.

A novel feature of the election was the casting of ballots to indicate the preference of the electors in the matter of candidates for the presidency. The Quay people generally ignoring this issue and refrained from placing tickets at the polls from voting on the question, and the result was that the returns were overwhelmingly in favor of McKinley. In Allegheny, where the Quay faction showed the greatest strength, out of 20,000 votes cast for presidential preference, most of them being for McKinley.

WILL MASSACRES BE REPEATED?

The Cretans Liable to Suffer the Fate of Armenians. RUSSIA'S ACTION IS AWAITED Unless Foreign Powers Interfere the Rebellious Inhabitants of the Island of Crete Will Probably Become Victims of the Bloodthirsty Turks.

Berlin, June 7.--The concert of the powers relative to the situation in the island of Crete is of much the same character as was the now exploded enterprise of the powers in regard to Armenia, and all semblance of unity of purpose is certain to disappear upon the slightest approach to a collision of interests. The Cologne Gazette in an exhaustive article on the subject thoroughly lights up the situation, and the writer pointedly declares that Germany will take no direct part in events in the east, and merely desires that order shall be maintained and the status quo continued. The policy of Germany upon this question, the writer adds, is identical with that of the other powers and above all that of Russia. The Gazette in its article which accompanies this communication gives no hint, however, to the drift of the czar's policy, to which Germany is alleged to be attached.

GRECIAN FLEET MOBILIZED.

The king of Greece and the Grecian ministry seem to rely upon the warships which the powers have sent to Canoe and Reilmo to intervene in the event of a massacre of the Cretans by the Turks, but at the same time the Grecian fleet is being mobilized and four ironclads and a cruiser with fifteen torpedo boats are ready to make their appearance in Cretan waters without the sanction of Russia if the unanimous voice of the Greek people shall compel the government to act. The Cretan delegates who are now at Athens have presented an appeal to the Greek government for a union of Crete with Greece, which was drawn up by an assembly of Cretan deputies which was held at Varnos on May 21.
