BASE BALL ENTERTAINMENT.

A Fine Programme Arranged for the Evening. The arrangements for the base ball entertainment to be given next Friday evening are complete, and it now remains for the public to show their appreciation of the work of the team and the efforts of persons connected with the entertainment to better the financial condition of the club.

The programme is one of the best that could possibly be arranged, so that people will have something to enjoy without simply making a gift of the money. The entertainment is one in which all should be interested. Perhaps our reputation depends somewhat upon your attendance at the entertainment, for if the club should be obliged to give up the ghost, we would be disgraced in base ball circles. Do your duty now, citizens. If you can't go buy a ticket anyhow.

The programme is as follows: Guller club, one act from "The Five Shillings"; Carbondale Mandolin and Guitarr club, ten members; Imperial quartette, Messrs. Shepherd, Crane, Rowland, Yarrington; Crescent quartette, Messrs. Kirkwood, Boylan, Clifford and O'Rourke; Mixed quartette, Mrs. Leonard, Miss Miller, Messrs. Shepherd and Evans; duet, Miss Singer and Evans; reading, Mrs. Dr. Niles; reading, Miss Yooles; colored quartette, of Scranton; C. F. O'Connor, specialists; James Battle, specialists; full Mozart band.

AGAIN THE LINE FENCE.

The Cause of War Between Henry Feuwick and Thomas Horner.

A lively case was settled Saturday at Alderman Bunnell's. The original case was over a fence which was broken by the defendant, but this grew into several others. A fence separates the properties of Henry Feuwick and Thomas Horner, of Fell township. The two men lived on the friendliest terms until last week, when one of Horner's cows broke down the fence and entered Tenwick's field. When Tenwick saw the bovine devouring what had cost him much hard labor, he became angry and proceeded to secure the animal for damages. In the race after the cow he trespassed on Horner's land. A few days later, when the parties met, they decided to settle the matter with their fists.

Both men were badly bruised, but were not satisfied. Tenwick then went to Alderman Glynn's and had Horner arrested. Before being discharged Horner had to pay for the damages done by his cow. The case for trespass came off at Alderman Bunnell's. It occupied considerable time, but the two men decided to settle the matter without the aid of the law and the case was discharged.

GRADUATES AT ST. ROSE.

Eight Young Ladies Will Comprise the Class of '96.

The examinations at St. Rose academy closed last week and the following young ladies passed successfully: Misses Libbie Burke, Gertrude Boland, Marcella Whyte, Nellie Gordon, Louise Walker, Margaret Horan and Maria Burke. Miss Libbie Burke is valedictorian and Miss Heldon salutatorian. The work done by the class has been satisfactory. Rev. T. F. Coffey addressed the class last week and congratulated the members.

A Hook and Ladder Company.

The hook and ladder company which this city has needed for such a long time, and which has been talked of so much will be organized within a short time, if enough encouragement is given those who are at the head of the scheme to make the scheme at all feasible.

PERSONAL AND OTHER ITEMS.

Mrs. J. J. Kennedy, of South Main street, entertained the ladies of the Leader force at a thimble party Thursday evening. Mrs. Ellen Moffitt, of South Main street, who has been visiting in New York for some time past, has returned home. Mrs. Harvey Hickock, of Syracuse, will be the guest of her brother, Professor B. E. Pitts, over Sunday. August Wintreck, of Brooklyn, N. Y., who has been visiting relatives in this city, has returned home. John F. Moran, of Woodlawn avenue, attended the commencement exercises

Miss Lucy Edgett and Mrs. Augusta Baker spent Sunday in Waymart. G. J. Norton is entertaining his father, of Afton, N. Y.

JERMYN.

Yesterday morning, about 1:30 o'clock, an alarm of fire was sounded from the Devereux and Hudson company's breaker at this place. Crystal Fire company responded and soon located the fire, which was a small dwelling in the rear of Thomas Marsh's house on Second street. Connection was made to a Third street plug and a stream was soon turned upon the burning house. The flames had attained so firm a hold on the building before the alarm was sounded that despite the efforts of the fire company the building was totally destroyed. The cause of the fire is unknown, as at the time the fire caught no one was living in the house, a family having vacated it Thursday. The building was owned by Mr. Marsh and was partially insured.

The Citizens' band gave a very pleasing open air concert on the balcony of St. George hotel last evening. The following programme was rendered: March, "Y. B."; Overture, "Garden of Roses"; Gotta; description galop, "Knight's Court"; Kites; concert solo, "Auntie Polka"; Capri; waltzes, "Buttercups and Daisies"; round, "Rechtische, Eastern Belles"; Alsbouse; descriptive overture, "Frolic of the Imps"; Carlton; march "Pittsburg Exposition"; St. Clair.

At the meeting of Oscar C. Smith camp, Sons of Veterans, Wednesday evening, H. E. Van Klee, in a formal choice words, presented the captain of the Sons of Veterans, Thomas Hunter, a handsome walking cane as the gift of the members of the organization. Mr. Hunter feelingly responded and thanked the members for their gift. The cane was brought from the battle field of Gettysburg and has inscribed thereon the names of Veterans and different army corps emblems.

Hushdale lodge, No. 962, Farmer's Alliance and Industrial union, will open their new hall in West Mayfield this evening. Ice cream and other refreshments will be served during the evening and a very pleasant time is anticipated by the members and their friends. The Eureka base ball team of Providence played a very interesting game of ball with the Hickories of this place. The Hickories were no match for the Eureka and there was no doubt of the result of the game from the first inning. Throughout the entire game the playing was decidedly one-sided. The score at the close of the game was 25-3 in favor of the Eureka.

A parlor table built by John H. Kinback, of Peckville, is now on exhibition in the ice cream and confectionery store of H. D. Swick on Main street. The full description of the making and the woods the table contains was published in an earlier date of the Tribune. The literary department of the Epworth league of the Methodist Episcopal church held a very interesting meeting last evening.

The Erie employees will receive their monthly earnings today. Miss Alice Cooper has returned to her home at Moscow after a two weeks' visit with Jermyn acquaintances. Mrs. H. A. Williams, Mrs. M. J. Shields and Miss Dannie Rymer visited in Scranton yesterday. Mrs. Lowrie and two daughters, of Avoca, have returned to Avoca after a visit at the home of Mrs. Charles Davis, of Cemetery street. Mrs. Townsend and daughter, Grace, of Bacon street, visited at Scranton yesterday.

HONESDALE.

A farewell reception was tendered George W. Twitmyer, principal of the Honesdale high school, and Dr. L. Hower, vice principal, at the armory on Friday evening by members of the alumni and the high school. The armory had been handsomely decorated for the occasion. Booths had been erected along one side and end and decorated by the various classes, twelve in number, who had graduated under Prof. Twitmyer. Each booth was trimmed with laurel and other greens and decorated with the class colors, containing seats for the guests. Three hundred and fifty invitations had been issued to the alumni, high school, and others connected with the institutions and about 250 persons were present.

Prof. G. W. Twitmyer and wife and Prof. D. L. Hower were assisted in receiving by Miss Harriet Rockwell (alumni) and Miss Grace Salmon (high school). Excellent music was furnished by Metzger's orchestra.

About nine o'clock the programme for the evening was opened by Hon. John Bunch with an address of welcome, followed by James Crossley with an address for the high school and Paul W. Gardner for the alumni. A. T. Searle, esq., then spoke a few parting words in behalf of the board of directors. Both Prof. Twitmyer and Prof. Hower responded in well chosen words.

The evening was then passed away pleasantly in conversation. Ice cream and cake were served. Among the out-of-town guests present were: Mrs. Sidney Henwood, Scranton; Miss Estelle Hallock, Campville; Misses Louise Keiper, Antistown; Ada Vermany and William L. O'Connell, Scranton; Fred Ward, Philadelphia.

PRICEBURG.

The game of base ball to have been played last Thursday between the Nonpareil, of this place, and the St. Thomas College club, of Scranton, was postponed.

The boiler room at the Johnson, No. 1, colliery, is nearing completion. The Freiburger Chortel band serenaded many of our leading citizens on Thursday evening.

Mrs. George Conic, of North Main street, who has been seriously ill for the past week, is on the road to recovery.

Mertie Hawk was a visitor in Scranton yesterday. Next Saturday our hose company will hold their first picnic of the season in the Father Mathew grove. William F. Erbe was in Scranton yesterday.

The school board will meet in special session Monday evening. It appears the Johnson Coal company pay no attention to the condition of the sidewalk in front of their No. 1 property on Main street, so it would certainly not be a bad idea to compel them to clean the culvert.

The school entertainment to be held on next Tuesday evening at Smith's music hall will be for the benefit of the school library. It is hoped that this worthy cause will be liberally patronized.

Fred T. Friend, of Jermyn, was a visitor in town yesterday.

TAYLOR.

The funeral of David, the ten-month-old son of Thomas Jones, of Peisville, took place yesterday afternoon. Interment at the Forest Home cemetery.

J. J. Morgan and family left Saturday afternoon for a few weeks' stay at Lake Underwood. Rev. Mr. Furey, of the Stewart's Memorial church, occupied the pulpit of the Methodist church last evening.

The Reds, of this place, and the Senators, of Green Ridge, will cross bats tomorrow afternoon on the school house ground. Nelson Lowry, proprietor of the Old Homestead, an old-time and popular resort for picnic parties, is having the old grove repaired again and intends to open it to the public in a short time.

Thomas Spanenburg is the first to announce himself as a delegate for the coming Republican fall convention. The weather proved unfavorable for the picnic of the Carpenters' Union, Saturday evening. However, there was a good-sized crowd present. It has been postponed until this evening.

All who have relatives living in the old cemetery are requested to meet at the Presbyterian church this evening. Thomas Rogers, of High street, is recovering from his brief illness.

PECKVILLE.

Mrs. Robert Whittier, of Wyoming, and Mrs. William Gilbert, of Olyphant, called on Mrs. S. M. Rogers yesterday. Mrs. William Babcock, of Carbondale, was a caller in town yesterday.

Thomas Spanenburg is the first to announce himself as a delegate for the coming Republican fall convention. The store room of Robert Bros. is being

Maynard Finch, of Canaan, is visiting relatives in town. Ray Bennett, of Westphalen, spent Thursday evening with G. L. Keller. The Ontario Accidental Fund and the Citizens' Cornet band are making preparations to run an excursion to Harvey's Lake some time in July. Announcement of date will be made later in The Tribune.

THE METRIC SYSTEM.

It May Not Be the Best, but It is Certainly Better Than No System at All.

From the Philadelphia Press.

The Popular Science Monthly for June contains a very elaborate argument against the metric system by Herbert Spencer. He bases his objection to it mainly on two points: first, that the French meter, the basis of the system, does not fulfill the requirements of scientific ideal perfection; secondly, that division by tenths is not the most natural, convenient and suitable. Division by halves, quarters, eighths, etc., answer ordinary purposes much better than by tenths, while there is a frequent need of division by thirds, sevenths, etc., which the decimal system can only approximate.

There is force in this argument. It has been used from the beginning against the metric system, yet it has not prevented its adoption by nearly every country in continental Europe. This argument will be of use in congress against the pending Stone bill for the adoption of the metric system of weights and measures in the United States. Divisions by halves and quarters are convenient, but they are not necessarily incompatible with the metric system. The united States adopted the decimal principle of the metric system in its currency notation; and its cents, dollars, dimes and cents, while convenient for purposes of calculation, do not interfere in the least with the coinage and current use of half dimes, quarters and half dollars, quarter, half and double eagles. We have the convenience of the decimal notation and the convenience of dividing or multiplying by two when it suits us better. This may be illogical and inconsistent, but it is very useful and nobody wants to change it.

OUR CONFUSED SYSTEM.

Our system of weights and measures is in confusion, and a reform is demanded. We have a pound avoirdupois and a lighter pound Troy. On the other hand, the ounce avoirdupois is lighter than the ounce Troy. We have long and short tons, and a metric ton that is between the two. It is a matter to be determined whether a hundred weight in a special case means 100 pounds or 112. The milk dealers buy milk of the farmers by beer measure of 282 cubic inches to the gallon and sell it to the city consumer by wine measure of 231 cubic inches to the gallon. In every state has its own bushel measure or several of them, and none of them agree with the English bushel. At nearly every session of the Pennsylvania legislature a law is passed regulating the size of the bushel as to some commodity. The committee on coinage, weights and measures in the house of representatives in reporting the Stone bill has this to say about the bushel: "The bushel of oats varies from 26 pounds in Maryland to 36 pounds in Oregon and Washington. The bushel of barley weighs 32 pounds in Louisiana and 50 in California. The laws of New York and Oregon make 42 pounds of buckwheat a bushel, while those of Minnesota and Nebraska call for 52 pounds and Kentucky 56 pounds. The bushel of rye weighs 32 pounds in Louisville, but grows to 56 pounds in Ohio, and most of the states. Potatoes weigh 50 pounds to the bushel in Washington, 56 in Pennsylvania and 60 in Ohio and many of the other states. In Maine 44 pounds make a bushel of apples, while 57 are required in Wisconsin. A bushel of salt weighs but 50 pounds in Virginia and several of the states, but reaches 70 in Massachusetts, and brings down the scales at 80 in Colorado. Vermont, however, seems to have reached the climax of absurdity when she provides by comparatively recent legislation still in force that in measuring certain specified commodities one bushel and three-quarters of a peck shall be deemed a bushel."

NO SYSTEM AT ALL.

This is not a system; it is confusion worse confounded. It calls for a remedy. The constitution makes it the duty of congress to establish a uniform system of weights and measures. Possibly the metric system of France could be improved upon, but it has become the system of Europe, except in Russia, Denmark and Great Britain. It is in use in part of Asia, in a considerable portion of Africa, in South America, Central America and Mexico, and its use is being steadily extended. For scientific work it is in use all over the world. Its general adoption would bring order out of the chaos which now prevails and make our weights and measures correct, and with those in use in the greater portion of the civilized world. It would not compel a disuse of ordinary division by halving and rehalving, or even necessarily dispense with the accustomed system of measurement. The Stone bill contemplates that the metric system shall be the basis of our weights and measures, but that in its application the fixed customs and convenience of the people shall be taken into account.

It is a hard matter to bring about a change of this character in a democratic government because it is bound to be unpopular until it is understood, and it can never be generally understood until it has been put into use. Probably this country will not anticipate England in adopting the metric system. Meanwhile, let us try and remember that a bushel of apples, one bushel and three-quarters of a peck is deemed a bushel.

JOYS OF MATERNITY.

VIGOROUS MOTHERS AND STURDY CHILDREN ADMIRER.

Why so Many Women Are Childless—A Problem That Has Puzzled Physicians For Centuries. Reproduction is a law of nature, and no picture of joy and happiness can equal that of the vigorous mother and her sturdy child.

Nature makes but few mistakes, and every thoughtful person must admit that a cause exists, why so many women are childless. The subject baffles the theories of physicians. Such cases are curable nine times out of ten, as evidenced by thousands of letters on file at Mrs. Pinkham's office. Many a darling baby owes its existence to Mrs. Pinkham's advice and the Vegetable Compound.

This is not to be wondered at when such testimony as the following explains itself: "I have taken three bottles of your Vegetable Compound, one package of Sanative Wash, one box of Liver Pills; and now I have a dear little babe four weeks old, and I am well. I have to thank you for this. "I have spent \$200.00 for doctor's bills without obtaining any relief. For my cure I only spent \$5.00. "I had been a victim of female troubles in their worst form; suffered untold agonies every month; had to stay in bed, and have poultices applied, and then could not stand the pain. "My physician told me if I became pregnant I would die. I had bladder trouble, itching, backache, catarrh of the stomach, hysteria and heart trouble, fainting spells and leucorrhoea. Can you wonder that I sing the praises of a medicine that has cured me of all these ills?"—Mrs. Geo. C. Kirkcubria, 873 Belmont Ave., Brooklyn, N. Y.
