WEST SIDE EVENTS.

m Who Claims to Have Permission Solicit Money to Assist Him in Buying a Leg.

A middle aged man with both legs cut off below the knee, and perambulating on the remaining portions, amble into the principal West Side business houses yesterday asking for aid. His mode of propulsion was seemingly arduous, and a bloodless face with a disfigurement near the right eye made the appeal a pitiful one. But this was not all that the aims-asker used for effect.

In front of each man whom he ac costed the cripple presented a regulation typewritten paper which bore in the left corner the seal of the city of Scranton and underneath several lines of reading matter was the signature of James G. Bailey, mayor, with a blue mark through the name. The information on the paper was as follows: "This is to certify that Louis Schlanger, a cripple, is authorized to solicit aid for purpose of purchasing artificial limbs; the same Schlanger shall not make solicitation on Lackawanna ave-

ACCUSED MEN DISCHARGED. A "peculiarity" in the disposition of ferred against Anthony Tierney and Thomas Whalen by Joseph Vandower, has caused seeral spicy remarks by County Detective Leyshon, et. al. As stated in Saturday's Tribune, the two men assaulted Vandower on June 1 in Sadie place. The victim reported the case to the authorities and Constable Tim Jones hastened to follow up the information. The police officers have for the past six months been on the lookout for a gang of young men who live in Keyser Valley and who have at different times been troublesome. Attorney Charles E. Olver was a chort time ago "held up" and robbed by these embryo bandits. Last week a passing milkman was stopped by the gang and he, also, was relieved of valuables. For these reasons the case was considered a bonanza and after a continued search Whalen and Teirney were captured. Tierney was found in a drunken condition on Luzerne street and Whalen was captured by Constable Jones last Friday night. On this same night Alderman John, of the Fourth ward, gave a partial hearing and admitted Whalen to bail in the sums of \$500 for highway robbery and \$200 for assault and battery. Tierney was suffering from delirium tremons and could not be heard. The case was postponed until last night when both men were arraigned before the Fourthr ward magistrate. dower was present, and according to the words of his brother John, the ofinterpreter, the prosecutor claimed while on the stand that he was

BALL PLAYING ON STREETS. Four boys have the honor of first being arrested this season for ball playing on the streets. Martin Gurrell, police officer, saw a number of urchins tossing the sphere on lower Main avenue last unday afternoon. One boy was arrested and three others were taken up on warrant yesterday. not robbed at all. It is said tehat Van-

dower at a previous time swore under oath that he had been relieved of \$10. That's the peculiar feature of the case.

The alderman discharged the robbery

charge and the two prisoners were only

asked to pay \$4.50 each for the assault.

County Detective Leyshone was not at

the hearing. He came in afterward,

however, and there were some highly sensational sentences slung around.

MARKETS AND STOCKS Wall Street Review.

New York, June 15.—A more hopeful beling prevailed in stock circles today and the market broadened consider-ably. There was good buying for both home and foreign account and in the late trading the shorts, who had been fighting the rise all day long, fell into line. London buying cut quite a figure in the dealings and the orders embraced a wider range than of late. Business was also on a larger scale, the sales footing up 226,472 shares. The underlying cause for the increased ac-tivity, and the improvement in prices

right through the list was the impression afterwards confirmed by Senator Lodge that the St. Louis convention would put a gold plank in the platform. The May statement of the bureau of statistics show an excess of exports of produce and merchandise over imports of over 950,000 and the light engagement of gold for shipment to Europe also had a favorable influence. The gain in prices was equal to \(\frac{1}{2} \) per cent, and was well distributed. A feature of the trading was the absorption of the highpriced stocks and the ease with which these issues moved. Upon light offerings, Lackawanna rising to 164, Lake Shore to 153½, and Consolidated Gas to 158. Reports of a larger car movement at the west and southwest stimulated purchases of the grain and corn carrying roads generally. The strength of sugar was the subject of comment in view of the reduction of 1-16 cent per pound in refined and the demoralization of the market for raws abroad. The stock opened at 120%@121% ex dividend of 3 per cent. and advanced steadily to 123%, brokers identified with lower Wall street interests being the largest buyers. The report of an extra dividend on the common was again revived. The internationals, anthracite coalers and the specialties were all taken on the way up and the feeling at the close

was more confident than for a long time. United States Rubber shares were exceptionally weak and on liquidations clined 11/2 to 181/4 for the common and 1% to 79% for the preferred. The sell-ing was said to be for inside account and there was some talk of new competition. Reading was traded in, second assessment paid and held firm throughout. Net changes show ad-

vances of 14614; per cent. outside of Rubber, which lost 114 per cent. Furnished by WILLIAM LINN AL-LEN & CO., correspondents for A. P. CAMPBELL, stock broker, 412 Spruce

Fights between drunken men are frequent, and in such cases no one, not even men, of any delicacy of thought and speech, care to pass.
