HIGH SCHOOL COMMENCEMENT.

The Exercises Will Take Place Tomorrow Evening at Opera House. The annual commencement of the graduating class of the high school will be held tomorrow evening at the opera

The commencements have always been very interesting but this year's premises to surpass all others. The music which will be rndered by the class assisted by few outsiders is high class and the singers render it very well. The usual essays and recitations will be despersed through the programme which is bright and interesting. A debate between members of the class will be one of the features.

The hall has been prettily decorated by the junior class and presents a beautiful appearance. Altogether the commencement will probably be the prettiest held in the city.

READY FOR OPERATIONS.

The Park Paving Compony Are Waiting for the Traction Co.

The work has not yet been commenced upon the Belmont pave and it looks as if the delay of the Traction company in moving their tracks will cause another season to pass without that much needed improvement.

The pave should have been completed last fall, but there is now no excuse in keeping the work back. In a letter received from the paving company, they state that they are ready to go on with the work as soon as the tracks are moved from the side to the center of the street. The company have agreed to move the tracks at once, but as yet nothing has been done. President Hendrick, of the Traction company, is very much in favor of the plan, but should the company still show an inclination to delay the work the councils will take the matter up.

A PLEASING PROGRAMME.

The class of '96 of Wood's Business college are making elaborate arrangements for their commencement exercises. The bassalaurente sermon will be preached at the Methodist church on Sunday, July 12, by Rev. Dr. Place. The following Wednesday, the class and faculty of the college will be entertained by Professor and Mrs. Gregory. On Friday the class will banquet at one of the hotels. Hon. Thomas L. James. ex-postmaster general of the United States will be a guest at the banquet. The real commencement exercise will take place on the evening of July 16 and will be held at the opera house. Hon. Thomas L. James will make an address to the class, several carefully prepared essays will be read and music rendered by the Mozart orchestra.

The Opera Assured.

The large number of people who turned out at the meeting held in the cycle rooms to consider the advisability of presenting the comic opera "Priscilla," makes the opera an assured thing. The best singers of the city will be in the cast and choruses.

His term in the Maryland penitentiary for swindling William G. Bansemer out of \$5,000 elapsed at midnight, and shortly after daylight he emerged from the prison a free man. His seven and a half years' incurcernation had naturally made quite a change in his appearance. His potverful frame has not the same sprightliness and vigor, and his brown hair is sprinkled with gray. In bidding the warden good-by Joe said he was going to become a bookmaker and follow the races.

FUSION IN LOUISIANA.

Republicans and Populists Will Run a Joint Electoral Ticket.

New Orleans, June 21.-A. conference of leading Republicans and Populists was held today, at which arrangements were made for the presidential campaign. It was decided, among other things, to establish a morning Republican daily paper in New Orleans.

The fusion which existed between the Populists and the Republicans in the late state campaign will be kept up in spite of their difference on the financial question, and there will be a joint electoral ticket divided between the two parties. As S. Pharr the late Republi-

LI HUNG'S MISSION.

The Celestial Statesman Confers with the Bankers of Berlin About Raising Another Chinese Loan.

Berlin, June 21. The Berlin newspaers are filled with references to the presence in Berlin of Li Hung Chang the Chinese Viceroy, and Field Marshal Yamagata, commander-in-chief of the Japanese army, who came here from Moscow, where they represented their respective governments at the coronna tion of Czar Nicholas II. Li Hung Chang had a conference last two hours with Baron Marschall von Bieberstein, minister of foreign affairs, at the for eign office yesterday, which gave rise to rumors of the conclusion of a definite Chinese-German a re-ment whereby China cedes a coaling station and grants land concessions to Germany for the establishment of trading posts in return for the assent of Germany to the increase of the Chince customs. The Post assumes to confirm these rumors, but the report is nevertheless discredited in diplomatic quarters, wherein the extent of the powers to treat which the Pekin government has intrusted to Li Hung Chang is best known.

The emperor has showered honors upon Li Hung Chang, believing that the viecroy is still in posession of great inviecroy is still in posession of great in-fluence with the Pekin government, and is able to forward German industrial enterprises in China. What is known as an absolute certainty in regard to Li Hung Chang, however, is that he is make things very unpleasant in the family. I ready to accept money to help Pekin government from any one who is ready to lend. The viceroy remarked to an American gentleman, whose acquaintance he formed in Moscow, and whom he again met in Berlin, that he would be glad to place orders for the construction of war ships and the furnishing of munitions of war in the United States if he could negotiate a loan with American bankers. Li Hung Chang has seen several of the leading Berlin financiers and talked over the prospects of another Chinese loan, but no conclusion was reached, nor has the viceroy given any definite orders to German firms. Indeed he has gone no further in that direction than merely to obtain estimates upon ironclad crusiers from Stettin shipbuilders and on guns from the Krupps Li Hung Chang will visit Kiel as the guest of the kaiser, and will inspect the emperor's new racing yacht Meteor, From Kiel he will go to Hamburg, and visit the Thorn fortress. A Chinese fele was given in honor of Li Hung Chang at the Berlin exhibition, and a son of the viceroy has received from the emperor the crown order of the first

class. The Cologne Gazette cautiously says that Jermans ought not to be too sanguine as to the beneficial results of Li Hurg Chang's visit, as it is doubtful whither he will be able to inspire the Chinese official mind with the idea that his aims at progress for China would b-come enlarged through her inter-

course with Germany. While Li, Hung Chang was being feted out and fawned upon, Marquis Yamagata kept in the background all the time he was in Berlin. He went out very little, and several times consulted Prof. Kenvens, the eminent specialist in regard to a complaint which has been increasing in severity ever since his campaign in China. Marshal Yamagata declared that he had no official mission anywhere, and wanted only to be quiet. After his reception by the kaiser on Thursday Marquis Yamagata start-

COVERNMENT DAM BREAKS.

Flood from Pine River Running Through Pelican Creek Valley.

St. Paul, June 21.-News has been received by courier that the Pine River government dam has broken, and that the water is now pouring in torrents through the valley of Pelican Creek to the Mississippi. The break is about four miles from

the dam proper and was caused by the water running over the top of the bank, The water is now pouring through a break 200 feet wide. There was a six-

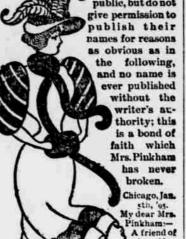

bank full. The gates at the dam were raised at once in order to draw the water into Pine River, which is now running full. The water was rising last night at the rate of one foot per hour in the new channel and also in Pine River. The buildings of A. T. Kimball, a hotel keeper at Pelican Creek, have all been moved from their foundations and some of them swept down stream in the new channel
