MEETS MR. HANNA

Presidential Candidate and His Manager Shake Hands at Canton.

FIRST MEETING SINCE THURSDAY

The Greetings Were Devoid of Evans Promises a Lively Cam-

Confident of Victory.

Canton, Ohio, June 22.—Major Me-Kinley met his famous manager, Mr. M. A. Hanna, today for the first time since the triumphant conclusion of his labors of the past six months at St. Louis last Thursday. There was nothing theatrical nor demonstrative about it, neither of the gentlemen being inclined to exhibit emotion even under the most trying conditions. Mr. Hanna came down on the Valley railroad, in his private car, accompanied by Mrs. Hanna, Hon. Henry Clay Evans, of Chattanooga, Mr. Hobart's most formidable opponent for the second place on the ticket nominated at St. Louis; Col. and Mrs. Fred. Grant, of New York: Mr. William Ostorne, a cousin of the major, ex-police commissioner of Boston; Messrs. Myron T. Herrick and Sylvester Everett, of Cleveland.

Major McKinley was at the station and he met his guests in the car. The greeting to and from Mr. Hanna was marked with a cordial grasp of the hand. The major said: "I am glad to see you," and Mr. Hanna responded:

Major, I am glad to see you." Alighting from the car, Major Mc-Kinley took Mrs. Hanna, Mrs. Grant and Mr. Evans with him in the family carriage, and drawn by the staid old white horse, they proceeded sedately and securely to the house. The gentiemen used public conveyances. Messrs. Everett and Herrick repairing to one of the hotels. Shortly after reaching the house lunch was served.

MR. EVANS' OPINION. Mr. Evans was his usual frank entertaining self, and responded readily to a suggestion for an interview. "What do you think of the ticket, now

that it does not include the name of

Evans?" he was asked. "I think it is a first rate combination," was his hearty answer, "and a sure winner. It will go well in our part of the country.

"Is there any chance of carrying Ten-"Indeed there is, much more than a

fighting chance, too. Our governorship contest will give us votes. The Democrats nominated Bob Taylor as the only man they could possibly elect. He served two years and made a very poor governor. He cannot point to a single measure inaugurated during his four evoked the first applause.

After bidding the delegation welcome years administration which has benefited the people in the least while we can specify several abuses which originated in that period. These state matters, together with the growth of the protection eniment of which Major McKinley is the exponent in our midst, make it almost sure that Tennessee will fall into the Republican column this year-

MR. HANNA INTERVIEWED. After lunch Mr. Hanna Came out on the porch with the other visitors and chatted with the newspaper men who make that their camping place. He talked entertainingly of the early history of the northeastern part of Ohio, speaking of the prominent men who have come from Stark and Columbiana counties. He recalled the fact that Thomas C. Platt was from Canton and that Edward Stanton's people came from Columbiana county. It developed in the course of the talk that Mr. Hanna and Mr. McKinley were friends of much longer relationship than has been pop-ularly supposed. Mr. Hanna's uncle, Sale Price, 33c when the family lived in Columbiana county, where he himself was born, was in partnership with Major McKinley's father in an iron enterprise,

"Anything important bring you down here today?" was asked Mr. Hanna by the United Press representative. "No, I can't say there is," he replied.

"I returned from the convention only Saturday and naturally wanted to see Major McKinley at the first convenient opportunity That was today." What about the committee on noti-

"The arrangements for its visit are complete. The members will gather in Cleveland and leave there by special train next Monday morning for Can-ten, returning later in the day. The speeches will be made early so that the ceremony can be concluded by lunch

"Have you selected the members of the executive committee?" "I cannot say that the selections are all made, but I am at work on the subject and will announce the names in a few days. I may say that all publications of names in connection with the

composition of the committee have been wholly unauthorized." "Where will the headquarters of the committeee be located?" "I do not know."

"Do you favor Cleveland? If that were known that might probably have some influence in determining the ques-

"I am not sure that I do not favor Cleveland. And anyhow, I should not say, for that is a question the committee should determine, having in view only the best interests of the party and not be influenced by personal prefer-

ences." THE FINANCIAL PLANK. "There has been much said about the financial plank of the platform, Mr. Hanna, and the reasons for its adoption in its present form. What have you to

"Only this-that the assertion that it was in any sense forced upon the con-mitteee or convention by the delegates from the east, or any particular part

of the east, is untrue.' Then it is satisfactory to you?" "Personally speaking, entirely so." "What shape or direction will the campaign take, tariff or finance?" "Oh it will be strongly tariff: you can be sure of that."

Later Mr. Hanna was closeted with Mr. McKinley remaining with him until Col. Grant said in response to any in-

form. It will be satisfactory to the east and make that section solid for the party and candidate who stands upon it.' At 4 o'clock the Cleveland party made their adieus and fifteen minutes later left the city on the return trip. Mr. Evans will leave Cleveland tonight for

Chattanooga, reaching home at 10 o'clock Tuesday night. Col. and Mrs. Grant go on to New York tomorrow. While these visitors were at the house they were joined by W. M. Hahn, of Mansfield, formerly members of the national committee from Ohio and Col Theatrical Features -- Henry Clay Henry I. Kowalsky, a delegate from San Francisco, en route to Pittsburg, where he will address the ratification meeting paign Down in Tennessee and is to be held in Carnegie hall. The colonel takes rosate view of the situation in the west.

MONEY CUTS NO FIGURE. "California." he said, "is vitally interested in the maintenance of the principles of protection and upon that issue the Republican party will triumphantly carry the state. The money question will cut no important figure. think the condition of things in Colorado warrants me in saying that Wolcott will defeat Teller, and that the centennial state will remain in the Republican column. I have talked with Major McKinley," continued Col. Kowalsky, "and he is of the opinion that several of the silver states, so called, can be carried this year on the protective tariff argument."

Mr. Hahn spoke in the same strain. 'You have to make your campaign," he said, "upon your whole platform. This year protection and sound money, and by that we will win. The people nominated McKinley and the people will

elect him." This afternoon a florist and a gardener with a force of men put the Mc-Kinley yard in as good condition as possible, sodding over the flower bed spaces, in order to better support the myriads

of visitors that will throng the place. Major McKinley wears upon his watch chain an old Henry Clay medal, about the size of a silver quarter, of which he is very proud. On one side is a vignette of Clay and on the reverse the words "Protection to American industry."

The most interesting, if not most important day passed by Major McKinley since he entered upon his career as a presidential candidate, closed the evenwith the visit of a delegation of 250 citizens of Zanesville and Muskingum county. They came under the auspices of the Business Men's Republican club of that city. Congressman H. C. Van Voorhis was spokesman for the

MR. M'KINLEY SPEAKS.

Major McKinley was received with cheers as he mounted a chair to respond. His remarks were on this occasion chiefly remarkable for his first reference, in any of his speeches, to the up in defense of the rights of the southfinancial plank in the platform when he said "when we give a full day's work the Force bill defeated that measure we are entitled to be paid in a full dol- and has endeared him to the southern

Major McKinley went on to say: "We have had some experience in the last south as an able, courageous, patriotic three years and a half, experience has have taken the place of prediction. We all know more than we knew three years and a half ago and we are all ready and anxious to get back to the period of 1892, when this country was enjoying the highest prosperity, with the largest domestic trade it ever enjoyed and the largest foreign trade with the nations of the world. We to get back to that policy, my fellow citizens, which will give to us work and wages, give to agriculture home market and a good foreign market, which was opened up by the reciprocity legislation of the Republican party. have come to appreciate that protective tariffs are better than idleness, and that wise tariff legislation is more ousiness like than debts and deficiencies and all feel that the sooner we can change that policy which increased the debts of the government to the policy of reach individual and national prosperity. And, my countrymen, there is another thing the people are determined upon and that is that a full day's work must be paid a full dollar." (Cries of

'Good" and loud cheers.) Major McKinley was presented to the visitors by President Logan of the Business Men's club, and when they had all shaken hands they marched back to the station, whence they started on the return trip at 9 o'clock.

CALIFORNIA'S PROMISE.

A visitor this evening was Judge Jamts A. Waymeier, of Alameda, Cal. who was Mr. Hanna's representative in that state in the canvass preliminary to the convention. He came to pay his respects to the major before returning to the Pacific coast. He confirmed Col. Kowelsky's diagnosis of the situation in that state. "We shall give McKinley 2,000 majority despite the silver craze, the extent of which is very much exaggerated and we will carry Oregon and Washington. All we will lose will be Nevada."

Governor Bushnell wired tonight that delegation of the citizens of Columbus, himself at the head, would call upon the nominee at his home here next Monday

ECHOES FROM THE CURRENCY WAR

The Texas White Metallists Favor the Nomination of Mr. Teller.

MR. WHITNEY IS STILL HOPEFUL Expects to Swing the Democracy Into Line for a Gold Standard at the

to Be Adopted at Saratoga.

Chicago Convention -- A Gold Plank

Austin, Tex., June 22.-Some of the silver delegates to the state Democratic convention which meets tomorrow have arrived here, and when seen by the Associated Pressrepresentative stated that individually they were not all averse to the indorsement of Teller by the Democrats: that as the issue of the campaign was to be on silver and gold, they believed that all factions, irrespective of party lines, would affiliate to win the battle; that Teller would poll a strong Republican following, and if the Democrats and Populists indorsed his canvass and supported him that he would undoubtedly be the next president.

The address issued by the Populists in St. Louis Saturday indorsing Teller is learned, and caused many of the silver Democrats who have arrived to say that they would work in the state convention Tuesday for an indorsement of Teller, and that they believed that they would secure the Chicago delegation for

The "sound money" convention, which also meets here Tuesday, will, of course send only gold men to Chicago, and will

indorse Cleveland and Carlisle. Denver, Col., June 22.-The News printed a long interview with Judge Henry C. Caldwell, of Little Rock, who is spending his vacation in Colorado. The judge expressed the hope that the free silver forces will be united upon one candidate. Regarding the man

most likely to be selected, he said: "There are plenty of good men. I think the Populists and silver Republicans will support Mr. Teller. Mr. Bland, or any pronounced and reliable silver man who is known to have the requisite courage and resolution without regard to his previous politics." In regard to Senator Teller's candidacy in the south, he said:

"The splendid moral courage which he exhibited when he repudiated the anti-Republican action of his party at St. Louis, has been exhibited on other occasions. More than once in the senate he has defled the party lash and the behests of the party caucus and stood ern people. His determined hostility to the Force bill defeated that measure lar." It was also noticeable that this people, and should he be the candidate evoked the first applause. garded by the leading Democrats of the and broad-minded statesman, and that superceded prophecy and cold facts upon the supreme issue now before the leader of the right."

American people is the acknowledged MR. WHITNEY HOPEFUL. New York June 22 .- William C. Whitney was seen today before he left for Albany to attend a conference of Democratic leaders. He said: "The repor that I said that the eastern Democrats were discouraged by the overwhelming majority of silver men that will be delegates in the Democratic national convention is untrue. We are by no means discouraged and propose to put forth our most pursuasive powers to induce the national convention to adopt a gold plank. We are willing to admit that the silver men will have almost a twothirds majority in the convention. We rely, however, on our arguments and hope for victory. We are inclined to believe that we may induce the silver men to recognize the imprtance of having a gold plank in the platform. Despite the facts that we are discouraged we are more strongly than ever convinced that we have a fight-

ing chance. Gold men in the east are just getting keyed upon the subject and every day more interest is expressed in the situation by men of improtance, "The gold sentiment is growing

stronger. "I cannot say what will be done at Albany today, but in all probability the gold plank, to be adopted at Saratoga will be formulated."

The Albany conference will be held at the apartments of Senator Hill. Milwaukee, Wis., June 22.-The gold men and friends of the Cleveland administration appear to have captured the Wisconsin Democracy, and at the convention of the party, which will assemble at the Bijou theater tomorrow at 11 o'clock, the gold men will be able to run things their own way. The silver forces of the state are not organized and the victories won by them in the

preliminary skirmishes about ten days

ago alarmed the gold men and only

tended to spur them on to more vigorous

efforts. There will be 359 delegates in the convention, of one for every 500 votes cast for Cleveland in 1892. A careful etimate prepared this morning shows that there will be, as far as heard from, 149 gold men, 87 silver men and 62 doubtful.

WHEN ALTGELD IS KING.

Illinois Democratic State Convention is Cut and Dried.

Peorla, Ills, June 22.-Save in the matter of political complexion the Democratic state convention tomorrow will be a reproduction on a miniature scale of the gathering of the Republican hosts much in control as was that of the gold standardites there, and Governor Altgeld is the Mark Hanna of the occaion He will designate the delegates to Chicago, draft the platform, indicate his preferences for the nominations on the state ticket, and whatever he says and does will be accepted without murmur-

Everything is so thoroughly cut and dried that Secretary of State Henricksen said this morning that the entire business would be gone through with within two hours, instead of two days, as originally contemplated. As for the sound money minority, it will content itself with a protest against the silver plank, but according to the present pro

no particular candidate for the presi dency will be endorsed. Perhaps the most significant features

of the gathering of the Democratic clans for tomorrow's state convention is the strong under current of sentiment in favor of the endorsement of Senator Teller as a presidential candidate upon an out and out free coinage platform by the national convention at Chicago There is no question that were a Teller resolution introduced torporrowit would receive the support of quite a respect able following, but the suggestion is antagonized by the Altgeld machine, which is in favor of nominating a straight out silver Democrat. The state for dele gate-at-large as agreed upon, is headed by the governor himself with Secre tary Henricksen, Judge Sam P. Mc Connell, Chicago, and General Lewis B. Parsons, of Florida, as his associates. The latter is eighty years old and has a very creditable war record. For a quarter of a century he has lived in retirement, farming and preaching free silver and proposes to take the national stump in the coming campaign. Thomas H. Gahan, of Chicago, has been slated to succeed National Committeeman

Benjamin T. Cable. The platform will, in the main, be devoted to state affairs, the national planks being confined to declarations for free coinage and a revenue tariff.

HONORS FOR HOBART.

The Citizens of Paterson Ratify His Nomination as Vice President by a Grand Demonstration.

Paterson, N. J., June 22.-This city was brilliantly flluminated and decorated tonight in honor of Gerret A. Hobart's nomination for vice president. Between 5,000 and 6,000 citizens of all political parties joined in a procession to the armory, where '5,000 persons, mostly women, were in waiting for the parade. All the musical organizations in the city were engaged for the occasion. Judge John Hopper, a Democrat was the first speaker. After paying a high compliment to the candidate for vice president and his career in Paterson, he introduced Mayor Braun, also a Democrat. The latter said that Mr Hobart was worthy of all the honors that could be bestowed upon him. Governor John W. Griggs followed in a brief address. He said that he had known Mr. Hobart for thirty years and was positive that if he was elected vice president none in this city would rejoice more over his election than those of the opposite parties.

When Mr. Hobart advanced to the front of the platform which was heavily laden with floral pieces, the audienc went wild with enthusiasm, the women cheering more lustily than the male portion of the assemblage. Mr. Hobart confined his remarks to the city and people of Paterson and said that he woud rather have the esteem and confidence of the people, such as was manigift of any political organization.

At the conclusion of his speech h The bridegroom may forget the bride who was made his wedded wife yester'en monarch may forget the crown that

on brow in honor hath been, The mother may forget the babe that smiles so sweetly on her knee, But thou hast done for me.

DAISY SILVER PIN.

An Emblem to Be Worn by Advocates of the Sixteen to One Financial Policy-Design to Be Patented.

Washington, June 22.-A design has been submitted to the patent office and a copyright asked thereon for a floral emblem to be orn by the adherents of the free silver plan. The final issue of the papers has been made, but under the rules of the patent office the design is sufficiently protected to prevent

misuse. The emblem is in the form of a common field daisy, with sixteen petals, each numbered on the tip from one to sixteen, and the yellow center marked with a figure one. The designer claims that this exactly expresses the idea of the silver men's motto-that of 16 to 1, with colors symbolizing both met-

The adoption of the scheme is under consideration by the leading silver men now in Washington and a determined effort will be made to get a resolution through the Chicago convention for the adoption of the button by the adherents of the party and to make it as official in its character as the pampas grass emblem which Mr. Hanna suggests be adopted as the official floral emblem of the Republicans, and which the silver men claim does not convey any idea but that of the national colors -red white and blue-and grows in but one section of the country, while the flower that is their emblem grows from the Atlantic to the Pacific. daisy emblems will be out in a few days.

UNUSUAL ACTIVITY IN NAVY YARD

Big War Vessels Are Being Made Ready For the Sea.

NO SUNDAY SERVICE AT BROOKLYN The New York Must Leave the Dock

in a Day or Two or be Detained Another Month -- Rumors of an Expedition to Cuba.

Washington, June 22.-The suspension of Sunday service at the Brooklyn navy yard yesterday and the continuance of work on some of the war vessels there during the day, which gave rise to rumors that Admiral Bunce's squadron was being made ready for immediate sea service in Cuban waters was explained in a satisfactory manner at the navy department this afternoon. The cruiser New York, the fiagship of the squadron, went into the dry dock at Brookly Saturday for cleaning and some minor repairs. That date was selected for docking on account of the prevailing high tide and as it will be necessary to have all the work finished so that she can leave the dock tomorrow or next day before the tide recedes her sailors were kept busy all day yesterday. It is said at the depart-ment that if the New York does not leave the dock within a day or two, she will be unable to get out for another

month. Although the dispatches from New York do not say so it is believed at the department that work on the construction of the unfinished monitor Puritan also went on Sunday. This work was delayed for nearly three months owing to the differences between Naval Constructor Bowels and Commander Sperry, the latter in charge of the Puritan's ordnance. Secretary Herbert was not aware of the full extent of the delay until recently and he ordered work to be resumed and hastened. The Puritan's construction force is now working overtime and probably were kept busy during yesterday.

No orders indicating prospective hostilities with Spain have been issued to Admiral Bunce. He is concentrating all his energies to have his fleet ready for the regular summer practice cruis by July 15.

BENJAMIN BRISTOW DEAD. Former Secretary of the Treasury

Dies at New York. LACKAWANNA AVENUE New York, June 22.-Hon. Benjamin H. Bristow, the well known lawyer and former secretary of the treasury, died at his home in this city today of peritonitis. Benjamin Bristow is best known as President Grant's secretary of the treasury for two years from June 1874 the nomination for presidency at the Republican convention of 1876, in which he received 113 votes on the first ballot.

Rutherford B. Hayes was nominated. Benjamin Bristow was born June 20, 1832, at Elkton, Ky. He was graduated at Jefferson college, Pennsylvania in 1851 and in 1853 was admitted to the bar I'll remember Glencarn and all that at Elkton, Ky. When the Civil war broke out he threw in his fortune with the Union side and became lieutenant colonel of the Twenty-fifth Kentucky infantry. From 1863 to 1895 he served in the Kentucky senate. As United States district attorney for the Louisville district for five years, beginning in 1865, he he proved so efficient that he was appointed solicitor general of the United States. In 1873 President Grant sent his name to the senate for the place of attorney general, but the senate refused to confirm the nomination. The following year Mr. Bristow became secretary of the treasury. Since 1876 e had practiced law in New York city.

SENSATIONAL TRIAL

Arraignment of James Farrell For Murder Has Distressing Features. Hollidaysburg, Pa., June 22.-James Farrell, of Allequippa, Allegheny county, was on trial here today for Henry Bonneckam, of Alhe murd toona. The crime was committed April 6, 1895, when Bonnecka was choked to death in his house in Altoona.

The victim lived a hermit's life and was reputed to be the possessor of considerable wealth, which fact induced the commission of the crime. Frank Wilson, one of Farrell's alleged ecomplices, was convicted of murder in the first degree on February 1, and William Doran, another accomplice has fled the country. A jury was secured this afternoon to try the case and the trial began this evening. Bonnecka's skull forms a ghastly exhibit in evidence. The evidence is of a circumstantial nature and the trial will consume several days. Farrell's sister has become demented through grief and

is now confined in an asylum. SHORTSTOP'S CLOSE CALL.

The Earth Leaves Under a Player in

Luzerne. Wilkes-Barre, Pa., June 22.-While a game of bail was being played yesterday at Laurel Hill, in the lower end of this county, on the Athletic grounds, a cave-in took place on the spot covered by the short stop and great excitement prevailed for a time. The teams playing were the Weatherly and Laurel Hill clubs and no time was lost by them and the spectators in reaching a place of safety away from the field that had

been undermined long ago. Short stop Blackwell, who had a close call from being swallowed up by the earth, fainted after he realized the narrow escape he had. A hole some forty feet deep now adorns the spot covered by the short stop.
