LATEST CONCERNING **CUBAN SITUATION**

No Announcement From State Department Regarding the New Phase.

So Affairs of State May Wait a Few Days -- General Weyler is Pleased -- Expects With 40,000 Additional Soldiers to Settle All

Questions Before June Next.

Washington, June 22.-There was a rumor here this afternoon that the state department would issue a statement about Cuban affairs, apropos of the announcement that Consul General Lee had sent a report to the president which would form the basis for action on the rituation in the island. The rumor was erroneous. It was learned, however, that the state department was confident that no report on which a decisive policy could be framed had been sent. General Lee has been in Cuba a few weeks only and has not left Havana in that time. It was remarked by an official that the president would not have gone fishing if he expected critical dispatches. Mr. Cleveland's delay in starting for Gray Gables is pointed to in some quarters as giving color to the story although it is admitted that he and Secretary Olney could consider the alleged report, if such a thing existed, quite as well at their adjacent homes in Massachusetts, as in Washington.

Mr. Ryan, the supposed bearer of the dispatch now in quarantine in New York, went to Cuba of his own volition and had no official connection with General Lee or with the state department. GEN. WEYLER PLEASED.

Havana, June 22.-It is reported on good authority that Captain General Wevler is pleased with the aspects of military affairs in the island, and that the government has expressed its approval of its plan of campaign. He is confident that with the reinforcements of 40,000 men promised him by the minister of war he will be able to crush the rebellion and he will return triumphant to Spain in June next. It is his intention to send 20,000 of the new troops, when they arrive to the province of Pinar Del Rio, where they will be em-ployed in crushing Maceo and the other 20,000 will be used to strengthen the will enable General Weyler to dispense with the services of the volunteers who are at present doing garrison duty. Andres Hernandez Rodriguez and Miguel Alonzo Ca.brera, were shot in the Cabanas fortress today for the

crime of rebellion.

The rebel leader Montes De Oca has surrendered to the Spanish authorities

Last night a body of rebels fired upon the fort protecting Guanabacoa, just across the bay from Havana. They were repulsed by the garrison.

Another band attacked the town of Arroyo Arenas twelve miles form Havana. They were also repulsed. On their retreat they burned several houses at Centaranas, close to Arroyo

ORLEANS' PLEBISCITE.

Two Million Pounds Said to Have Been Subscribed to Pay Its Way. London, June 22.-The Duc d'Orleans's scheme to test popular feeting in France toward the restoration of the monarchy has received a large accession of adherents since the first announcement. The French papers, which THE PRESIDENT GOES FISHING assert that the duc's advisers meditate a coup d'etat based on bureaucratic and army corruption, are in the wrong. Chief among the duc's supporters are MM. D'Haussonville, De Broglie, and Buffet. They are no friends of a violent state surprise. What is proposed as a first step is that a royalist deputy shall resign his seat, for which the Duc d'Orleans shall be brought forward as a candidate.

The government can and will declare the election of a man under ban of the law to be vold. But the royalists will continue the same tactics, fighting constituency after constituency with the duc's name, and thus, in some sort, obtain a form of plebiscite. The cost of an election campaign, where much will depend on the money distributed, will be enormous. A report that is accepted as accurate in high English circles says that over two million pounds sterling have been subscribed.

AFTER CHINESE CONTRACTS.

The French-Russian Syndicate Getting the Best of the Britishers.

London, June 22.-The struggle between British and France or Russian- for help, fled. French syndicates for railways and other public works contracts in China s waged with varying success. The french, on the whole, seem to be getting Peculiar Frenk of Nature Found the best of it. The Pekin government according to advices received in London and Paris, besides assenting to the construction of a narrow guage single ine from Tungchow to the Tonquin frontier, where it will join the French line, have given the Russo-French syndicate contracts for a projected trunk ine between Hankow and Canton. Nominally this big railway enterprise will be carried out by native contractors, but with French money and with

French engineers.
Ten civil and railway engineers have just left Paris for the East in connection with these contracts. On the British side side contracts have been secured for railway extension from Tientsin to Pekin. German and Aemrican private enterprise in the new development of China is not heard of.

WORK OF A FALSE LOVER.

A Beautiful Young Woman Forsaken

at the Wedding Hour is Insane. Palatka, Fla., June 22.—Three weeks ago Miss Laura Nagle, a beautiful young woman of this place, decked in her bridal garments, was awaiting the coming of the groom. At the hour fixed for the marriage ceremony a telegram was received from Orlando, the home of the lover, announcing that he had mar-

ried another. Miss Nagle seemed to bear the shock bravely until the guests who had been bidden had departed, and then she broke down completely. That night she disappeared from her home, taking with her the wedding dress and the

in a dense swamp, many miles from her home. When found Miss Nagle was sitting on the bank of a small stream, watching her features, which were reflected by the water, and moaning, "Wasn't I pretty enough for him?"

She was entirely nude, but by her side was the wedding finery. When the men approached she turned on them and fought them fiercely. She was finally overcome and taken to her home. During her stay in the woods she had subsisted on fruits and berries. She was greatly emaclated, and the mosquitos and other insects had well nigh killed her. She raves continually of the lover who played her false, and tomorrow she will be taken to a retreat for the insane.

TRAMPS OUTWITTED BY A GIRL.

Locks Herself in a Telegraph Tower and Wires for Help.

Pittsburg, June 22.-Two tramps attempted to break into the Western Pennsylvania Railroad ticket office at Harmarville last night. One of them pointed a revolver at Miss Alice Mehaffey, the telepraph operator in charge, and threatened to kill her if she did not hand out all the money in the drawer.

The girl slammed the tower window shut in the tramp's face and telegraphed to the nearest station on both sides of Harmerville for help. One operator signaled a fast train and told the crew to stop at Harmarville. Officers were also sent, but the tramps, realizing that the girl had telegraphed

an Ohio Hospital. Columbus, Ohio, June 22.-Benjamin Minger, a federal prisoner from southern Ohio, fell from his chair at the dinner table today and expired instantly. Minger was sent to the hospital a few days ago and while there the physicians made the discovery that the man's heart was on the right side of the body. Minger knew that he was the victim of a freak of nature, but rarely discussed the matter. Previously to his last illness he said he had always enjoyed good health. An autopsy for the benefit of science will be held.
