WEST SIDE EVENTS.

Three-Year-Old Picked Up By a Fender on a Taylor Car. He Was Uninjured.

A 3-year-old boy whose parents name is McDonald was picked up on the fender of a Taylor car at 8:30 o'clock yesterday morning while the car was passing Williams' hotel. The child was playing on the street by the side of the tracks. As the car approached the boy and he tumbled upon the track only to be scooped up by the merciful fender.

The state of the child is a good traction company argument in favor of the efficacy of its fenders. The lad was uninjured but when picked up after a ride of twenty yards began to cry.

THE FIRE FIGHTERS.

The Tribune yesterday in reporting the fire at the Mount Pleasant shaft mentioned that the Columbus made a usually good run and that they reached the scene first. The West Side office was besieged at an early hour by members of the Franklin company who wish to deny the statement. "Franklin claims they were there first," said the permanent man. A few minutes afterward the reporter was accosted by a Columbia man.

"That was a good send-off you gave us today," was his salute. He honestly believed the Columbus was the foremost. Four men from the Franklin company remained at the shaft all of Monday night. At 5:30 o'clock yesterday morning a blaze was discovered among the timber. A stream was placed and the fire extinguished.

SOUTH SIDE NEWS.

Pipe Drain Constructed at Foot of Meadow Brook Hill—Polish People Still in a Spirit of Truism.

Councilman T. J. Coyne, of the Twentieth ward, and his colleague, Thomas McNeil, are receiving commendation for the excellent manner in which the ward appropriation is being expended.

An improvement which meets with approval, next to the widening of Cedar avenue under the trestle of the Meadow Brook brook, is the construction of a pipe drain under the same avenue at the foot of the hill near Brook street. Men are at work now excavating and the terra cotta 30-inch pipes are ready to be laid.

TROUBLE IS YET BREWING. In the Polish congregation the dove of peace which fluttered a few days ago has seemed to have flown away and discord is again brewing. The men who allege that the pastor is not managing the finances of the parish to suit them, held a meeting again last night at Michaelowski's hall, on Pittston avenue, and decided that by Rev. Father Auste do not recognize them, there will be trouble, but the nature of what it will be has not been decided upon. They threaten to secede from the church and form another congregation, but have taken no definite steps toward that end yet.

While the decline from the top of the day was equal to 1/4 at 1/4 per cent, the active issues show net losses of only 1/4 to 1/2 per cent. Manhattan gained 1/4. Sugar lost 1/4 per cent. The activity and advance in silver was a feature of the day's work, over five hundred thousand ounces having been traded in at the board at advancing prices. Speculation in stocks closed on a note of stultification in stock followed Sugar in point of activity figured for 22,900 shares, while Louisville and Nashville was traded in to the extent of 9,100 shares.

MARKETS AND STOCKS

Wall Street Review.

New York, June 23.—Higher quotations for American securities from London and the denial of the sensational rumor relative to Cuban affairs current yesterday led to a sharp rise in prices at the opening of the stock exchange here today. In the rise of 1/4 at 1 per cent, which occurred during the first half hour of business sugar and the international stocks were most prominent.

After the traders had covered their shorts the market which had been fairly active drifted into dullness once more. Sugar then broke from 120 to 115 1/2. This stock led all others in point of activity and figured for 90,000 shares out of the 188,258 shares dealt in in the entire list. Liquidations in this specialty were on a heavy scale. A good many stop loss orders were reached on the way down.

The recent decline in the price of refined and the demoralized condition of the market for raws has created quite a bearing, feeling on the stock but the traders were not inclined to make any demonstration until today, when it was found that support had been withdrawn.

With this discovery they put out short contracts and their sales disturbed lines and the price dropped 1/4 per cent. At a time. Reports that certain insiders being dissatisfied with the Republican platform in the matter of bounties and had reduced their lines added to the depression. The weakness extended to General Electric and a decline from 31 1/2 to 29 1/2 ensued. Tobacco held well for a time on dividend prospects but later this stock ran off from 7 to 6 1/2 in sympathy. Railway issues after the early rise noted developed weakness which was natural in view of the heaviness of sugar certificates.

While the decline from the top of the day was equal to 1/4 at 1/4 per cent, the active issues show net losses of only 1/4 to 1/2 per cent. Manhattan gained 1/4. Sugar lost 1/4 per cent. The activity and advance in silver was a feature of the day's work, over five hundred thousand ounces having been traded in at the board at advancing prices. Speculation in stocks closed on a note of stultification in stock followed Sugar in point of activity figured for 22,900 shares, while Louisville and Nashville was traded in to the extent of 9,100 shares.
