# **READING ADVANCES** PRICES OF COAL

New CirCular Shows an Increase of 25 Cents a Ton,

OUTLOOK ANTHRACITE'S BRIGHT

2

The Policy of Allotments Successfully Carried Out -- Tonuage for the Six Months Following July 1 Hundred Thousand.

New York, June 24 .- The Philadelphia and Reading Coal and Iron company's new circular of coal prices shows an advance over the circular now in force of 25 cents per ton. The last advance was made on May 1 and has been obtained on all business for several weeks. The new circular which is f o b. tide-water, gross follows: Broken, \$3.75; egg, \$4; stove, \$4.25; chestnut, \$4. The net prices are 15 cents less. When the May schedule was promulgated the Reading was the first to make the announcement. This was on April 25. Between that date and the end of the month all of the other interests took similar action. It is practically certain that this precedent will be followed in the present instance. It is intended to make an advance at all line points Buffalo, Chicago and other northwestern lake ports on July 1; although the amount may not be as large as the tidewater advance. The anthracite coal trade is universally acknowledged by all authorities to be in a better condition. actual and prospective, than it has been in years. The im-provement dates from the last week in January when all of the interesta after a series of stormy conferences agreed upon allotments for twelve months. The ability of the producer to bring about this radical change for the otter has been possible though restriction in production. In five months of the current calendar year, the production was 15,584.177 tons. This is a decrease as compared with the corresponding period of 1895 of about 1,205,-000 tons. For stx months ending June, it is estimated that the production will not be greater than 19,000,000 tons and it may be a shade loss. Each interest during the five months covered by the figures has taken its proportionable share of the monthly allotments and adhered to it rigidly. These allotments are made small enough to keep the supby well within the demand.

#### A QUESTION SOLVED.

Every producer of coal has found that he has had no difficulty in selling his There was no Corbett money in sight entire output and has naturally been anxious to secure the maximum price therefor. This has solved the question of a maintenance of prices without cooperation so called. It was stated upon excellent authority at the time the al- Vallejor lotments were made that the policy would be to keep production down the lotments were made that the policy would be to keep production down the first six months of the year, when the demand is always the lighter and is always the lighter and is always the lighter and when the fall and winter demand/would mated at \$25,000. warrant higher prices. The figures of production would seem to indicate that this policy is being successfully carried out. In 1895 the output was 46. Jackson at the California Athletic club 500,000 tons, and in 1893 about 43,000,000 five years ago, and as was to be expect-While the production during the ed the pavilion was crowded, fully 10,first named year was extraordinary, it 000 people being present. Both men is fair to reckon the 1896 requirements had trained faithfully for the contest at 44,500,006 tons. On this basis the tonnage for the six months following

such a manner as to cause the patient even more pain than if it had been in its proper place. It was the opinion of the surgeons that the appendix had been crowded out of place by bicycle riding. Willie is a son of William D. Hudson, of No. 51 Hart street, Brooklyn, deputy factory inspector of the Long Island district.

#### NO FLIRTING ON ESPLANADE.

Cost a Young Philadelphian \$2.00 to Say "How-De-Do" to the Girls. Atlantic City, N. J., June 24.-Eugene Harvey, a young Philadelphian, was ar-Will Be Twenty-five Million, Five rested on the promenade yesterday for flirting, and was fined \$2 for his impertinence by Recorder Ingersoll. Har-vey's offense consisted in saying "How do you do, girls?" to two pretty young

ladies on the walk. The ladies screamed and hastened to a police officer, who took Harvey into custody. Recorder Ingersoll administered him a severe moral lecture before letting him go.

## CORBETT VS. SHARKEY. The Pugilists Received with Enthusiasm. Fight Flercely for Three Rounds. Declared a Draw.

San Franciso, June 24 .- The four round contest between Jim Corbett, exchampion pugilist of the world, and Tom Sharkey, the latest aspirant for the title, drew an enormous crowd to

Mechanics' Pavilion tonight. Sports from all over the cast were in attendance, many having come from as far east as Salt Lake City. The trains which rolled in from the north today brought delegations from Washington and Oregon, while those from the south were filled with citizens of San Diego, Los Angeles and the towns along the route of the Southern Pacific railroad. All the cities and villages of Callfornia, were represented, as orders for reserved seats were filled several days ago for residents of Sacramento, Stockton, San Jose, Oakland, lesser towns throughout the state.

Expectation had been wrought to a high pitch as Corbett had given a tip to his friends that he would set a rapid pace and keep it up from start to finish while his opponent's well attested stamina, recuperative powers and courage and his remarkable physical development raised the question of the exchampion's ability to put him out in four three minute rounds. It was said that Corbett had been quietly backing himself to finish his opponent inside of four rounds. Betting today was 10 to 8 that Corbett would not stop Sharkey.

at these odds. Corbett was seconded by Billy Delaney, Jim Carr and George Green. Sharkey''s seconds were Danny Need-ham, Tim McGrath and Paddy Ryan, of

demand is always the lightest and, or not, Sharkey to receive 35 per cent. prices the lowest, with a view of making of the net receipts if he stayed the four the bulk of the output in the last months rounds. The gross receipts are esti-

THE NEW YORK

as here, the earnest apprehension of statesmen and financiers. The restoration statesmen and financiers. The restoration of the equilibrium of the two metals thus disturbed is a problem, the solution of which is of the greatest consequence to the prosperity of both this coutnry and of Europe, but is wholly beyond our power without the co-operation of other na-tions. Such co-operation by the united efforts of statesmen and wage-earners here and elsewhere, is believed to be note: here and elsewhere, is believed to be noar at hand and to be possible to secure by samest and well-directed effort.

### EFFECT OF FREE COINAGE.

Free coinege of silver by the United States alone can have no other effect than to change our present standard to one of silver-now a depreciated coin-and to retard, perhaps destroy forever, the success of the movement now general throughout civilized countries for the restoration of free bimetallic coinage in the principal mints of the world. The proposition to separate ourselves from the great natio's of the world and adopt the monetary standard of Mexico and China does not comport with the pride and financial dig-nity of the state of New York, or the United States. It should be resisted with

United States. It should be resisted with the fervor of both partisanship and pa-triotism by Democrats everywhere, when the adoption of such a course threatens, as it does, untold evils to our nation's commerce and industry. For these reasons and with these convic-tions, the Democrats of New York, in con-vention assembled, make the following declaration of their principles, and appeal to the Democrats of other states to join with them in incorporating these princiwith them in incorporating these princi-ples in the party platform to be adopted Davis. at Chicago

1. We are in favor of gold and silver as the standard money of the country. We are opposed, as a permanent financial pol-terian parsonage this evening. Come icy, to gold mono-metallism on the one and enjoy yourself, hand, or to silver mono-metallism on the other hand. We believe that such bi-metallism, to which the nation is solemnly pledged, can only be safely secured and permanently maintained through the con-current action of the leading nations of the world. Neither this country nor any other country, independent and alone, is able to maintain it, and it would be folly to attempt it. Being so convinced, we are opposed to the free and unlimited coinage of silver in the absence of the co-opera-tion of other great nations. We declare our belief that any attempt upon the part of the United States alone to enter upon the experiment of free silver coinage would not only prove disastrous to our finances, but would retard, or entirely prevent the establishment of interfa-tional bimetallism. Until interfational

co-operation for bimetallism can be seco-operation for bin the sector of our national credit, the redemption of our public pledges and the keeping inviolate of our country's honor. We insist that all our paper and silver currency shall be kept at a parity with gold.

HARD MONEY PARTY.

2. The Democratic party has ever been and still is the hard money party and it will preserve that record. It is opposed to legal tender paper money as a part of our permanent financial system, and it re-fuses to sanotion any paper currency in-convertible with coin. The United States notes and treasury notes, being in fact debts of the government, should be grad-ually paid off, retired and cancelled. This should and must be done in such a ner as to cause no contraction of the cir culating money of the country. So long as such paper currency exists, however and is permitted to circulate as money, it should be redeemable at all times upon demand, in the standard money of the Dr. Petchon's "Vitalizing Sarsacountry. The Democratic party is pledged to the resolute maintenance of the public Contain all the virtues of the liquid

well as to our own, and awakening there,

July 1 will be 25,500,000. POTTER-BINGHAM WEDDING.

A Duninore Resident Is United to One of the Fair Daughters of Hawley.

Special to The Tribune. Hawley, June 24 .- At 6 o'clock this evening one hundred and twenty invit-

ed guests had arrived at the home of Mr. and Mrs. Daniel Bingham to witness the marriage of their daughter, Mamie L., to Mr. Charles M. Potter, son of a prominent butcher of Dunmore

Promptly at the appointed time, while the clock struck the hour, to the strains of the Lohengrin wedding march, the widal party proceeded to the beautifully decorated parlor, where, under a bell of daisies, the happy couple were united in holy wedlock. The ceremony was performed by A. B. O'Neal, pastor of the "anmore Baptist church, after which the couple received the congratulations and best wishes of their many friends. The party then partook of a bounterul repast.

The brids was elaborately attired in a beautiful white silk gown, trimmed with lace. Miss Anna Hoffman acted as bridesmaid and Mr. Ralph Winters of Dunmore, as best man. A large number of the out of town guests were from Scranton, Dunmore, Carbondale Honesdale and Bradford. The bride received a large number of beautiful presents.

Mr. and Mrs. Potter took the Erle and Wyoming 8 o'clock train for Scranton, from there they will visit Niagara Falls and other places of interest.

## ACTOR GENTRY'S TRIAL.

#### Largely Attended by Theatrical Peopleat Philadelphia.

Philadelphia, June 24 .- The trial of Actor James B. Gentry for the murder of Madge Yorke, was resumed this morning before Judge Yerkes. Lawyer Charles W. Brook, the senior counsel for the prisoner, reached here from New York at 10.20 o'clock and upon his arrival in the court room, District Attorney Graham began his opening address to the jury.

The court room was crowded, many theatrical people being in the assemblage.

## CAPTAIN DICKMAN'S CASE.

#### and sister living in Pottstown, and two The Hearing Continued Until Friday sisters in Philadelphia. at Noon.

Philadelphia, June 24 .- Captain Dickman, of the steamer Laurada, who was recently arrested at the instance of Dr Congosto, the Spanish consul in this city on the charge of engaging in a Cuban filibustering expedition.was given hearing this afternoon before United States Commissioner Bell.

After several witnesses had been examined the hearing was continued until Friday at noon in order to give the government time to secure additional testim'uy.

## CYCLING CAUSED APPENDICITIS.

A Painful Complication Resulted from Using a Wheel.

New York, June 24 .- For the purpose of saving the life of Willie R. Hudon, a boy of 11 years, who was suffer-ng from appendicits, Drs. Fowler, Vestbrook and Chamberlain recently semoved the verimform appendix. When the appendix was exposed by the sugeons it was not in its natural beition, having been pushed upward in son, a boy of 11 years, who was suffer ing from appendicits, Drs. Fowler, Westbrook and Chamberlain recently removed the verimform appendix.
