Contrast McKinley's frank and goodnatured speeches with the pharisaical pomposity of Grover Cleveland, and tell us frankly, isn't it a relief?

A Waste of Energy

A considerable ado has been raised in Philadelphia because it was proposed to include military drill among the reguhar features of the curriculum of the boys' central high school. The proposition instantiy aroused the active opposition of the Quakers, who thought they heretofore that until the tariff question saw in it a menace to the peaceful spirit is settled finally in behalf of adequate which they hold should at all times animate mankind, and the discussion can be no permanent prosperity. This thus begun has spread over a wide area. is courageous, explicit and clear-headed. We recently received a bulky package of literature from a New England peace The people can get fooled on the money society, which took pains to point out question. Few persons understand it. how un-American it is for young boys Fdwer yet have reached a fixed and final and young men to be drilled, during conclusion with reference to it. But school hours, in the arts of war.

In the meantime, Superintendent certain as to the benefits of Protection George J. Luckey, of the Pittsburg or as to the havor of free trade, for both continually and almost invary to the schools, takes what appears to be the rational view of this subject when he says: "I think well of this military only needs to get Protection's friends to-in Canada.
