BELMONTERS KICK.

They Must Have Sewer and Paving.
A number of progressive citizens of Belmont street are very much worked up over the way they are being treated by the city council, and claim that as they are a part of the city they must receive their rights.

The residents of Belmont street above Clark avenue, wish the sewer and street paved. A petition is now before the council asking for a brick pavement to the city line and also for a sewer.

The sympathy of the whole city will be with the residents of Belmont street in their wish for improvements, and help is looked for from the new Sixth ward councilmen. It would probably be cheaper to have the work done at once instead of waiting several years when the rapidly increasing population will make the work necessary. The street needs paving very badly. It is dangerous in some places and is unprotected at on the high bank is much dreaded by all teamsters.

Monday is known in our bustling county seat as "veal" day, for every week there is shipped from Montrose by a firm composed of John Howell, Messrs. Lakes, of South Montrose; James Hong, of Auburn, and D. Howe, of Fairdale, from 100 to 175 veal calves, as well as other stock. This does not include the many shipments made by farmers direct to the commission men. Yesterday veal calves netted the farmers 2 1/2 to 4 cents.

It is estimated that there are nearly 200 hiecles owned in Montrose. A recent report told us a very pretty way about the Montrose railway's third rail to make it standard gauge. It is to be hoped that this is true, and that it is based upon something other than idle rumor. The fact that the road now has a third rail from Tankhamock to Lake Carey is hardly competent, as it is utilized for Lehigh Valley excursion trains in the summer and for ice in the winter. Should this road succeed in building a standard gauge as far as Montrose one of the several surveys for its continuance to Binghamton could be utilized.

The officers and teachers of the Methodist Episcopal Sunday school held a business meeting in the Sunday school room of the church Sunday afternoon at which it was decided to hold the annual excursion and picnic at Fairview. The Honedale Methodist Sunday school will picnic at Fairview on Aug. 13 and send an invitation for the Jermya Sunday school to unite with them, which was announced at the meeting. The following committee on arrangements and other matters pertaining to the excursion were appointed: John Mansoni, James Nicholson, Arthur Fowler, Martin Gill, T. R. Crawford, Luther Keller, Samuel Langman and C. F. Baker. Committees from the Congregational, First Baptist, Primitive Methodist and Methodist Episcopal churches were present and discussed the advisability of uniting under holding union revival meetings. It was finally decided to hold union revival meetings beginning about July 6. The meetings will be held in a large tent which will be secured for this purpose, with a seating capacity of about 1,500. Mr. Crum, representing Evangelist Moore and wife, was present, and it was decided to secure Rev. Moore and wife to conduct the services. Quite a little interest is being manifested in the arrangements, and the results of the meetings will no doubt be very beneficial to Jermya.
