#### SERIOUSLY INJURED.

#### Child's Terrible Fall from a Second

Story Window. A terrible accident occurred vesterday morning which nearly ended the life of a little child. As it is serious injuries were sustained which may result fatally, it being too soon to determine yet

how they will turn out. The child is Leo, the young son of Mr. and Mrs. E. J. Neary, of South Main street, who was injured by falling out of the second story window of

The little fellow was alone, the mother being down stairs. Suddenly she heard a loud ery and rushing to the window was just in time to see the boy strike the ground. A dressmaker across the street saw the accident and reached the prostrate form about the same time as his mother. Togther they carried him into the house and despatched a messenger for a doctor. Upon exxamination it was found that no bones were broken but there are internal injuries whose nature it is impossible to determine. It is feared that the spine may be injured as the little fellow is unable to move.

The boy was seen to fall by one of the dressmakers across the road. She said he was leaning out the window with a whip when he lost his balance. Had the child struck upon his head he would have been killed but fortunately the body turned.

The piece of land is about thirty-five acres in extent and three men. George Yarrington, who lives near the place Albert Lee and Legrand Hunter, of this city, claim it.

No settlement can be reached, and the attorneys representing the men are puzzled. Lee at present has a little the better of the fight, as he is in possession of the land. Last week he had a little portable cottage made and during the night had it conveyed to the place, passing over a private road of Yarrington's to get there.

Lee at present assumes all rights to the property. Hunter has filed a claim through the state department at Har-
