MORELAND PLEADS GUILTY.

Sensational Turn in the Pittsburgh Appropriation of Funds Case. Pittsburgh, July 13.—The second trial of ex-City Attorney W. C. Moreland and his assistant, W. H. House, charged with misappropriating money said to rightfully belong to the city of Pittsburgh, was called in quarter sessions court today before Judges Porter and Kennedy. Moreland and House had been jointly indicted for embezzlement. The amount specifically stated on the nine counts presented today, was \$26,627.47 and covers the last four years of official acts of the defendants. The first trial of defendants was held in February last and resulted in acquittal. They then answered the charge of depositing city funds for private gain in the Tradesmen's National bank. Every seat in the court room was occupied long before the case was called. Mr. House occupied a seat at the attorneys table, but Major Moreland was not present. When Mr. Moreland was called upon to enter his plea, Harry Goelring, representing counsel for Moreland, addressed the court saying: "May it please your honors, we wish to enter a plea of guilty for Mr. Moreland. The court accepted the plea and the attorneys quickly left the room. The totally unexpected development caused a sensation. The trial of Mr. House was immediately taken up. Mr. House entered a plea of not guilty. The selection of a jury occupied the time of court until the noon recess. The attorney for Moreland was seen at his private law office but refused to talk for publication. His bond will be renewed at once. The maximum penalty attached to Major Moreland's crime is five years imprisonment or fine covering the amount of the city's claim against him.

HARRISON ON THE STUMP.

Ex-President Will Make a Number of Speeches for the Gold Standard. Indianapolis, July 13.—The statement is made tonight by a friend of ex-President Harrison that he will make a number of speeches for the gold standard in the coming campaign and that he will enter upon his labors as soon as he returns from his eastern trip. According to these statements he will confine his speeches solely to the money question, will avoid everything of a partisan character and will permit no demonstration whatever in his honor. Though he will be under the direction of the Republican national committee and will speak at places designated by that body, he will not speak as a Republican, but as a great and noble man, and his appeals will be to that class alone. The plan of his campaign includes only the border southern states, such as Kentucky, Maryland, Missouri, West Virginia and one or two others, where the Democrats have a majority or where there is a pronounced gold sentiment.

GRASHED INTO A FUNERAL.

The Coffin Was Smashed and the Body Thrown Into the Street. Brooklyn, July 13.—A crowded Flat-bush avenue trolley car bounded for Bergen Beach, crashed into a hearse heading a funeral procession, opposite the Willink entrance of Prospect Park, this afternoon. The hearse was smashed, the coffin was hurled ten feet into the air, and the body of the dead man, and broken open. The body rolled half out of the casket before the eyes of the widow and other mourners, and the thousands of people who crowded the park entrance.

SENATOR GRAY'S OPINION.

Thinks the Chicago Financial Plan Contrary to Sound Democracy. Wilmington, Del., July 13.—Senator George Gray, who was a delegate to the Democratic national convention and who did not vote on any of the ballots on the platform and the nomination of Bryan for president. "The financial plan of the platform," said he, "is contrary to all my beliefs and to what I consider sound Democracy. I cannot change these beliefs even at the bidding of a Democratic national convention. Conventions cannot be compromised. The Delaware Democracy is distinct from the national Democracy, but it is too early as yet, to say what its course will be. The Democracy in this state has always had, and is likely to continue to have, strong sympathy with that of New York, New Jersey and Maryland."

Henry Rankin, a New Jersey Millionaire, Cuts His Throat. Hoboken, N. J., July 13.—An early hour this morning Henry Rankin, a son of the late Henry Rankin, was found in his bedroom with his throat cut. He was fully dressed and partially conscious. Rankin's father died two years ago, leaving an estate valued at about a million dollars. Since his father's death young Rankin has been spending money freely.

BIMETALLISM IN GREAT BRITAIN

The System Explained by Prof. Francis A. Walker.

EUROPEAN ASSISTANCE NECESSARY

The United States Will Not Pull Out the Chestnuts for Any Other Nation. Difference Between Bimetallists and Free Silverites.

London, July 13.—At a meeting of the bi-metallic League held here today an address was delivered by Prof. Francis A. Walker, the American political economist and superintendent of the census of the United States of 1870 and 1880. Prof. Walker, cheered and applauded by bursts of applause. He declared that no gold monometallist party existed in the United States and said that if a bi-metallic convention was proposed to the United States by the principal sound money men of Europe the American would tumble head over heels in welcoming the proposal.

Senator Gray, Prof. Walker, said, would find very few men to join him in opposition to a proposal for a common ratio between gold and silver. What the silverites really desired, he continued, was a silver inflation. Widely separated from those men were the real bimetallics of the United States. Noting Prof. Walker's declaration, could be more unfounded than to say that the Republican National convention held in St. Louis, had pronounced in favor of gold monometallism. Mr. McKinley, he said, had never been a gold monometallist. He could not be one if he tried. He had always been uniformly a bimetallic. The maintenance of a gold standard in the United States was not rendered a whit less secure by reason of anything that was done at the convention held in Chicago, but despite much friendly advice from this side of the ocean, the United States were not going to pull their people's chestnuts out of the fire and would remain devoted to the rehabilitation of silver as a money metal and always ready to make sacrifices to that end.
