THE NEW APPOINTEES. Messrs. Wagner and McCloskey and the Misses Chase and Haggerty are new appointments on the new high school staff, the others having been appointed at previous meetings.

Prof. Wagner was assistant principal at the old high school, and previous to that was an instructor in the Colliery Engineer School of Mines and the public schools. He is a graduate of the high school and Bucknell university. Prof. McCloskey is at present an instructor in Williams' Business College and has had twelve years experience in teaching. Miss Chase is one of the best known of our public school teachers, having been an assistant at the high school for many years. Miss Haggerty is principal of the shorthand department at Williams' Business College and has taught in the other departments of that college.

The appointment of Prof. McCloskey was somewhat of a surprise. There were three candidates for the position, J. E. Williams, ex-principal of the Dunmore public schools; Frank Littell, of the National Observatory at Washington; and Prof. McCloskey. The high and training school committee, it seems, split over Littell and Williams and the result was that some of them would not agree to the report. Messrs. Davis and Carson however, resolved to present the report and accordingly did, naming their choice Mr. Williams.

Mr. Schrieffler moved to approve the report with the exception of the appointment of Williams. This was agreed to. Then he moved to substitute Littell for Williams, saying that Littell was a Scranton man and that Williams had not been recommended by Superintendent Howell. A wrangle between Mr. Carson and Mr. Schrieffler over the question as to whether or not Williams had been recommended by Superintendent Howell being called before the board. When acquainted with the difficulty the superintendent said that he had recommended Williams, as well as the other candidates, but some charges had been intimated against him and another meeting of the committee was to have been held yesterday afternoon to discuss these charges. The meeting was held but the charges against Williams had not been dismissed as far as he knew.

The superintendent did not seem to take kindly to the position he had been placed in and told the board that he did not propose to do the work of the High and Training school committee, but that if the board wanted him to appoint a man he would do it and do it mighty quick. Then he retired. Mr. Jennings proposed that the superintendent be appointed to select the name which man he thought was the best qualified for the position. In an informal way it was agreed by a number of the members, especially the adherents of Mr. Williams, that whoever was the choice of the superintendent would be appointed. In this respect Mr. Howell was called in and to the surprise of everybody he recommended McCloskey in account of his long experience and the fact that he would not only be a competent assistant in mathematics, but could be utilized in the business department.

MCCLOSKEY APPOINTED. A motion to appoint McCloskey was carried by a vote of 11 yeas, 9 nays, as follows: Yeas—Francis, O'Malley, Davis, Carson, Devaney, Conrad, Jennings, Williams, Langran, Notz, Gibbons—11. Nays—Mitchell, O'Malley, Worsler, Schrieffler, Walsh, Janes, Schrieffler, Barker, Langstaff—9.

Prof. McCloskey was duly declared the appointee. The teachers' committee report also met with opposition. Mr. Francis wanted the appointment of Miss Williams. In this respect he had not been consulted about the appointment. The board would not agree to this and the entire report was approved. Mr. Francis and Mr. O'Malley voted against the report and Mr. Jennings declined to vote at all.

Some of the changes which the report shows are as follows: W. R. Graves is transferred from No. 35 to succeed Michael H. Jordan at No. 9, the latter going to Dunmore as principal of the public schools of that place. Lizzie E. Mackey goes from No. 1 to No. 25, to succeed Prof. Graves. Jennie Wehrum, a new teacher, succeeds Miss Lees at No. 2. Esther Moses, who has been substituting at No. 14, has her appointment made permanent. Hattie Fellows receives a permanent appointment at No. 19. Frances O'Connor is transferred from No. 1 to No. 27 to succeed Nellie Bell, resigned. Margaret Jamieson is transferred from No. 14 annex to No. 31 to take the place of Sophie Wade, resigned. Louise M. Barnes, a substitute at No. 35, has her position made permanent. Mabel Watrous, a new teacher, succeeds to the position at No. 5, made vacant by the transfer of Jennie Bonner to No. 27.

those schools to the new High school. The committee also recommended that no teacher be allowed to engage in any other employment than that of teaching; and that hereafter no person shall be considered eligible to an appointment as teacher unless holding a college diploma, a training school diploma or a diploma from some recognized high school. In addition to a normal school diploma.

PROPOSALS FOR NO. 10. Four sets of proposals were opened and referred to their respective committees. For the erection of No. 10 building John B. Moore & Son bid \$75,000; Edwin S. Williams, \$1,175; Peter Stipp, \$25,500; Green Ridge Lumber Co., \$23,600; William R. Williams, \$28,745; J. R. Woolsey & Co., \$25,600; Mulhern & Judge, \$24,450; E. G. Hughes, \$23,725; Conrad Schroeder, \$26,175.

For the erection of a retaining wall at No. 12 building bids were received as follows: Edwin S. Williams, \$4,475; S. Sykes & Sons, \$3,013; A. B. Kierstead, \$2,560; Peter Stipp, \$3,000; M. J. Ruddy, \$2,795; W. W. Stevens, \$2,238.89. The two last bidders named want additional pay for extras. Hart & Gibbons submitted a detailed bid, which they claimed, last night, would figure out lower than any of the others.

Proposals to supply double curtains for ninety windows at No. 13 school were received as follows: P. McGree & Co., \$12,777; S. G. Kerr, Son & Co., \$130; Williams & McAnulty, \$156.32; M. Norton, \$158.81; Sienack & Watkins, \$134; Goldsmith Bros. & Co., \$144.

For the big contract of supplying the furniture for the new high school the following firms sent in proposals: Cleveland School Furniture Co., Cleveland, O.; Hill & Connel, Scranton; Andrews Dremest Seating Co., New York; Thomas Kane & Co., Chicago and Racine, represented by D. J. Phillips; the Chandler Adjustable Chair and Desk company, Boston. All the bids are to be reported upon at the next meeting.

A lot adjoining the site of the proposed new No. 23 school was purchased for \$500 and the secretary was instructed to advertise for bids for a six room building. During a lengthy discussion over the delayed No. 23 building, Mr. O'Malley, the plain and blunt member from the Third, said he had been informed that the erection of the building was being delayed until he got off the board. "Now don't do that," said Mr. O'Malley, "because the people need the building and I am not going to get off the board for a long time yet." The question of securing additional land for

New No. 13 building was referred to the building committee. Permission was granted to posts of the P. O. S. of A. to place flags on the High school and New No. 13. The annual statement of the financial condition of the school district showed that the receipts were \$425,514.50, and that on July 1, 1896, there was a balance on hand of \$30,857.05 in cash and \$25,000 in high school bonds.
