Extensive changes are to be made around the Delaware and Hudson colliery at Vandling, and it is expected the work will consume about two weeks. The mining of coal will on August 1 be shut down for that purpose. A new slope will be driven to take the place of the present drift workings. The miners employed there have been on three-quarter time for a considerable period, but it is expected that full time will be worked after the proposed changes are made. The new order of thirteen coal cuts with the services of a number of mules required to draw the cars out of the mine and will be an important saving of the expense to the company. At the regular meeting of the Epworth League, this week, the question, "Should Suffrage be Extended to Women," was debated. F. J. Osgood was the Don Quixote of the evening, the negative being sustained by George Maxey, Jr. Very interesting and able arguments were adduced on each side. Mr. Maxey succeeded in convincing the judges, Mrs. E. F. Ames, H. W. Brown and Fred Reynolds, that the privilege of voting was not a national prerogative of woman, and thus it was outside of her sphere of action. In pursuance of a call of the burghes, a meeting will be held in the opera house of this place Tuesday evening, July 21, to consider the advisability and means of affording some relief to the Pittston sufferers. The citizens of this place will undoubtedly respond to the call, and contribute generously. Attend the meeting. Lee Waring, John Moffitt and G. M. Patterson, of Carbondale, were in this borough yesterday. Mrs. W. J. Maxey and children are visiting friends in Hazleton. Misses Flo and Estelle Allen are the guests of friends at Cold Springs, N. Y. ARCHIBALD. The tower of the shaft of the Forest Coal company at the Ridge was burned to the ground on Wednesday afternoon. The flames were discovered at about 2 o'clock and an alarm was immediately sounded. This brought a large force of men to the scene but the fire had gained such a headway that it was not possible to quench the flames. The boiler house and engine room, located near the tower, were in great danger because of the probability that the burning pile would fall on them, but a large rope was thrown around the tower and with the assistance of a locomotive it was pulled down before the flames had reached any of the adjoining buildings. The several streams of water that were turned on the fire soon put it out. The cause of the fire is not known. Engineer John Linderman and Master Mechanic Jones were the first to see the flames coming out of the top of the tower, but it was so surrounded with smoke that it was impossible to see the exact spot where the fire started. Fortunately the fire burned little of the brattice work down in the shaft. The shaft has been idle about a month and improvements were being made both inside and out. An electric plant to be used inside the shaft was damaged. The extent of the loss is not yet definitely known, but will reach several thousand dollars. John Gormley, of South Main street, a miner employed at the Riverdale mine was hurt yesterday afternoon by a fall of rock. His injuries are not considered dangerous. Councilman Edward Jones and H. Linderman are spending a vacation at Crystal Lake, Fred Bishop also. Tues. Kelly visited them at that place on Wednesday. Next Monday the great excursion of St. Thomas' congregation will take place. Farview will be the resort. Great preparations have been made and a rare day's pleasure awaits those who attend. There will be many games, several exciting contests, and a great game of base ball between well known clubs in this section. It will be one of the largest as well as the most enjoyable excursion of the season. John P. McNulty, of the Citizen, has returned from a two week's visit with relatives in New York and Brooklyn.

TAYLOR. The marriage of Miss Edith Price, the accomplished daughter of Mr. and Mrs. John R. Price, of Ridge street, to Samuel J. Phillips, a popular young man also of this place, was solemnized by the Rev. P. A. King at his residence on Main street Wednesday. Immediately after the ceremony the bridal party returned to the home of the bride's parents, where a fine repast was served. Samuel Harlos has been awarded the contract for the foundation for the new building on the Davis lot, on the corner of Main and Railroad streets. The social at the Presbyterian church Wednesday evening was a success. Both socially and financially. Tomorrow the Reds will hold their picnic at Weber's park. The proceeds go towards purchasing new uniforms, and they hope their friends will turn out and assist them in making their picnic a success.

HALLSTEAD. Charles Trowbridge, an employe of E. H. B. Roosa's planing mill, met with a painful accident on Thursday. He was working about a buzz-saw and a piece of wood fell beneath it. Trowbridge stooped to pick it up, the stick came in contact with the saw and the effect was to wrench it from his grasp and to make it fly upward. It struck Trowbridge fairly on the cheek and was so deeply imbedded in the flesh that a physician had to be called to remove it. Mrs. L. G. Simmons was in Binghamton on Thursday. An open air meeting under the auspices of the bands of the Baptist church was conducted at Chase avenue Tuesday evening. Among the speakers were Josh Chidester, Jesse Gatheny, Delbert Leese, of Elmira, and Rev. John Davis, of this place. Another service will be conducted at the same place next Tuesday evening.

John R. Farr. L. M. Partridge was in Scranton attending the McKinley mass meeting on Friday night. Park Richards, of Pittston, was in town Wednesday on business.

SLIPS OF THE TONGUE. Some Amusing Instances of Words That Become Twisted. From the Youth's Companion. "A youth who had in a performance of "Richard III" to recite the words, "My lord, the Duke of Burgundy is slain," came in shaking with stage fright and brought down the house by shouting out: "My lord, the Buck of Dukingham is taken!" An English clergyman who was given occasionally to such transportations used one day in a sermon as an illustration the scene at Lockwood, when Jesse Brown calls out: "Dinna ye hear the pibroch and the slogan?" But he pronounced it: "Dinna ye hear the slobber and the plan?" He did not know that he had made the blunder until a friend told him of it after the service, and then he was so much humiliated that at the close of the evening service he took occasion to say to the congregation: "I am told that this morning I said 'slobber and plan.' I meant to have said the 'slobber and pogan.' Receive the blessing."

Another minister could never say, "Sweet for bitter and bitter for sweet," and as the service called for the utterance of these words on occasion, his congregation had to steal themselves without a burst of laughter the phrase, "Sweet for beet, and beet for sweet." Macready has told of an actor who, in rendering the words, "the poisoned cup," constantly said "the coaxed pup," to the great delight of his audience. At last he managed, by mere practice, to control his utterances so that in a public performance he pronounced the phrase correctly. Instantly there was an uproar: the audience missed the customary fun, and would not let the man proceed until he had given the "poisoned pup" instead. There he was consoled with shouts of applause.

FREAK OF FORGETFULNESS. Ten Years of a Man's Life Destroyed by an Injury. From the New York Evening Register. One of the most peculiar freaks of the memory resulting from concussion of the brain ever heard of hereabouts was in the case of Charles E. Lamb, a machinist, who was struck by an engine in the railroad yards two weeks ago, and who, although he has since recovered, Lamb came here from Stamford to visit relatives on Howard avenue. Monday night two weeks ago he started for the depot, and instead of going by a roundabout route he climbed down from the Howard avenue bridge and walked over the railroad cut. As he was passing the watch tower one of the men called to him to get out of the way of a switch engine. He did not do so, and was knocked down and injured about the head. Lamb was removed to the Emergency hospital in the Organized Charities building, and it was thought there that he had been drinking. He was unconscious all night, and had to be strapped to his bed, he was so violent. After he was taken to the hospital he did not recover consciousness for several days. Meanwhile his relatives, who had been worried about his disappearance, found out where he was. His mother and his brother came to see him. A few days ago Lamb began to recover consciousness, but he remembered nothing that had transpired in the last ten years. He continually called for his school friends, and seemed to imagine that he was back at school again. When his mother visited him he recognized her, but seemed puzzled to know why her hair was so gray. This condition continued for several days, and occasioned many odd occurrences, but yesterday Lamb entirely recovered his memory, and it is thought he will be able to go home before long fully recovered.
