#### SERIOUS RUNAWAY.

##### Two Men Injured by Being Thrown Out of the Wagon.

A runaway caused considerable excitement on North Church street yesterday morning, and two men who occupied the wagon were quite seriously injured. The men are James J. Loftus, agent for the Scranton Brewing company and Kieran Banks. The horse which belongs to Mr. Loftus is a young one and is very hard to manage. It was being driven down Belmont street and as it turned the corner at No. 1 bridge the horse becoming frightened made a break, upsetting the vehicle and dumping the two occupants heavily to the ground. It then started off at the top of its speed and turning up Garfield as far as Wyoming where it continued to Lincoln avenue and dashed down the avenue. The speed was too great to allow it to make the turn at Church street and the horse was thrown heavily on the pavement and before it could rise was captured. The damage done to the vehicle is slight considering the amount of tipping it went through. The injury to the men is quite bad, Mr. Loftus being cut around the head and bed profusely. Mr. Banks was badly bruised about the body.

#### INJURED AT FARVIEW.

##### A Little Girl Sustains a Fractured Limb.

The day for some of the excursionists at Farview was somewhat spoiled by an accident which occurred to a little girl. The little one's name was Rosa O'Hara, and she had accompanied a friend, who is a member of the Episcopal Sunday school, to Farview. The girl enjoyed themselves highly and seemed to derive much pleasure from the swings. The little O'Hara girl while in the swing let her feet project beyond the swing and it struck one of the uprights, fracturing the leg between the knee and ankle. She was taken home on the 5:25 train and is now quite comfortable.

Her endurance and grace is marvellous and the whole is made more entrancing by the fine caletum effects. The price is within the reach of all and no one should miss the performance.

Though fully appreciating the kindness of the board of trade in erecting the stand, the people who attend the concerts object to the present location for several reasons. The first is that there is no accommodation for those who go to hear the concerts; and another of falling into the excavation which was recently made near the stand.
