He failed to show up at the games in Providence, Saturday and Sunday and immediately upon the receipt of this intelligence President Powers wired him that he was no longer a member of the Eastern League

CLEGYMEN WHO LIKE THE BIKE.

There are few more enthusiastic bi-cycle riders hereabouts than Rev. F. S. Ballentine, pastor of the church of the Good Shepherd of Green Ridge, and still ewer who possessgreater powers of endurance for long distance riding. Early in the season Mr. Ballentine made a century run down into New Jersey, be ing the first Scrantonian to accomplish the feat this season.

Last Friday he established a new Scranton record by riding from this city to New York on his bike. Mr. Ballentine left his home in Green Ridge at :30 Friday morning and at 10:15 that night had covered 145 miles on his wheel and was traveling across the Hudson river on a ferry boat en route from Jersey City to New York. next morning he went by train to Glen held the Albanys down to two hits in Summit and after dinner again mountthe game today and if he had covered ed his wheel and rode to this city. He was formerly pastor of the Green Ridge church. About New Rochelle he is known as the "Bicycle Preacher." and it is no uncommon sight to see him wheeling to his church. He has frequently promoted bicycle parties among the members of his congregation. Recently he preached a special sermon in his church to bicycle riders and the edifice was crowded, many coming on their wheels and attending the services in costume.

- st Will Be Hot at Once. Chicago, July 20.-Henry C. Payne. chief of the Republican Western campaign headquarters, to be established in Chicago on Monday, was in the city Saturday looking for a suitable office place. The Auditorium and the Great Northern hotels are most favored, but Mr. Payne made no promises in regard to the headquarters. He went to Milwaukee and will return Monday, when he will meet Mark Hanna, C. G. Dawes, W. T. Durbin, N. J. Jameson, and Cyrus Leland. They will constitute the field staff that is to conduct the battle for the Republican ticket in the west, Mr Hanna's purpose being to go from Cleveland to the New York headquarters, as circumstances may dictate, Mr. Payne was asked what was th

gist of the reports considered by the conference just held in Cleveland. "The trend of the reports was extraordinary in one respect," he answered. 'Never in all my political experience have such manifestations been made of a keeen interest in the outcome so early in the campaign. The interest is general, as the reports showed us. It is confined to no section. I don't believe there has been such an alertness of popular interest since the war years." "Did the reports show more interest in the money question than you had expected?"

"I cannot say that more interest seems to be taken in the money question than I had expected, but there is undoubtedly a great deal of interest in it." "Will the enlightenment of the people on the money question be one of the chief matters to be attended to by the

western headquarters?" "Undoubtedly: the people demand enlightenment, and for the next thirty or sixty days, at any rate, they will get plenty of light on the subject. Not that the tariff is to be sidetracked. The people are realizing that they made a mis take when they departed from protection lines, and they are satisfied that a return is essential to national prosperity. Then, right now, we may not pay as much attention to it as to the money

PRACTICAL JOKERS SHOT.

tion Agent and Are Wounded.

Tarpon Springs, Fla., July 20, -As the result of a practical joke two men are likely to lose their lives. Last night as J. J. Saunders, the station agent at Ozona, near here, was about ready to go home, the office was entered by four masked men, who demanded the keys. Saunders refused to give them up, but

when the men threatened to kill him, he said he would get the keys out of his desk. He pulled open a drawer, but instead of getting the keys he seized a pistol and opened fire on the men. Two of them fell wounded. The others ran. When the masks were torn from the wounded men Saunders found he had shot Will Dixon and Warren Whitehurst, sons of prominent citizens. They are very badly wounded and may not

recover. They refuse to give the names of the two men who fled, and say they entered the office in pursuance of a plot to give Saunders a scare.

POPULIST LEADERS

Senator Jones Is Skilfully Engineering the Bryan B: om.

DESIRES TO SAVE SEWALL, ALSO

Kentucky Populists File Objections to Any Arrangement Whereby Their Party Must Act as Tail to the Democratic Kite -- Proposition of Senator

St. Louis, July 20 .- Although the Bryan propaganda is receiving the support of many of the Populist leaders the real work of advancing his interests has been entrusted to Senator Jones, of Arkansas, the chairman of the National Democratic committee. It must be said for Jones that he is engineering th Bryan boom skilfully, and it is none th less skiiful because the Arkansas sen ator chooses to remain quietly in the background. He has his headquarter at the Planter's hotel, where he has been receiving all morning certain o the more prominent Popullsts who desire Bryan's nomination by their concention. The proposition which Jone advances is this:

In return for Populist and silver Republican support, one member of each party will be placed on the Democratic national executive committee. In states where the Populists greatly outnumber the Democrats, the Populists are to control the nominations for congress and the principal state offices. In other states where the strength of the Democrats is more uniform, a satisfactory arrangement will be made with respect to the state and congressional tickets the purpose in each case being to secure the election of free silver representatives to the house. The scheme finds great favor with the Populists whom Jones has consulted. The argument of the latter is that if Bryan is not nominatd, half of the Populists in the west, especially, will vote for him and that the effect of this will disrupt the party. It may be stated in this connection that Jones insists strengously that not only shall Bryan be nominated, but Sewall as well. At last night's confer ence he insisted that these conditions
