Ninth Street Young Man Causes Excitement by Declaring That He Was Poisoned by His Stepfather.

"There's two people down on Ninth street that's been poisoned by eating cabbage," was the startling sentence thrust at Lieutenant Williams last night by a scared-looking young man, The young man escorted the officer down to the brick house on the street named, where a young man was found with his hands on his vest and a contortion on his face. The young man's name is Nealis and he is a son of Mrs. Blaine, who has married at least three times. Her present husband is George Blaine, and young Nealis would have the officer believe that Blaine poisoned the cabbage.

"Why?" asked the Lieutenant. "Because he didn't want mother and me to eat the same thing as he does," was Nealis' explanation. Mrs. Blaine was found in Kelley's patch, but wher asked about the polsoning she claimed that she knew nothing of it.

The officers gave up the case in disgust satisfied that Nealls was the victim of a too vivid imagination.

Knitting Mills Suffering from Lack of Orders---Feared That Operations. Will Soon Be Suspended.

Because of lack of orders the Lackawanna Knitting mills on Brook street are preparing to shut down. It takes about ten days to clear up all the work, when stoppage of work is contemplated, and it can be expected that in that time, unless new orders come in meanwhile, the mills will suspend operations. Usually the trade keeps up so that in a year an average of eleven full months are worked. There is in this business a dull season in the fall, when all wool-en mills are affected. The present depression is assigned to the uncertainty which attends a presidential campaign. The free silver craze has something to do with it, also.

THE PERSEVERERS BANQUETED. H. K. Klauminzer, of Pittston avenue, gave a banquet at Natter's hall last night on account of winning \$1,000 under the rules and regulations of the Perseverance club. The esteem and affection of the people for Father Moffitt will to make it a valuable help to

the building fund of the church, for which purpose it is arranged. E. G. Conner, of Cedar avenue, has purchased a mare from a mun in New Milford for which he paid \$800. He recently sold his promising colt to a resident of Avoca; but with his new animal there is nothing on this side that can give him dust, except it is R. G. Norton's handsome bay. A race between these two gentlemen is one of the possibilities.

John Brink, of the South Washington avenue Flats, hired a gray horse and buggy from Liveryman W. J. Walker, of the West Side, yesterday to drive to the Hyde Park cemetery, but instead of going there he went to Chinchilla, and traded the horse for an inferior animal, it is alleged, with Frank Holgate. of that place, Mr. Walker's horse is valued at \$50.

A warrant was issued for Brink's arrest before Alderman Howe and Constable Yeomans went out to serve it. Brink was found in an alley in the rear of River street, but when he was brought to the office of Alderman Howe he was too drunk for a hearing and was committed to the central police station to sober up. He will have a hearing this morning.

PAVEMENT CAVED IN.

Hole Appears in Asphalt on Penn

Avenue Near Linden Street. A round patch of pavement about a foot in diameter in front of the Ruddy building on Penn avenue sank into the earth yesterday, shortly before noon. At first it was thought that it was caused by a settling of some sewer or other excavations, but when it was learned that no excavating has been done underneath this part of the pavement since it was laid, five years ago the theory was adopted that the depression resulted from a cave-in of the workings of the Pine Brook mine. Street Commissioner Kinsley will today make an investigation to learn for certain what the cause is,

MARKETS AND STOCKS

Wall Street Review. New York, July 20.—Stocks were weak and at times demoralized today. New low records were established for some of the leading railway and industrial issues and the feeling was decidedly blue, especially during the early trading. The opening was weak owing to the receipt of lower cables from London, but later on foreign houses turned buyers of St. Paul. Louisville and Nashville and other international favorites.

Liquidation for home account was again heavy and the bears, emboldened by their recent successes hammered away at the list with renewed vigor. Gold engagements to the extent of over three millions for export to Europe tomorrow proved disastrous to bull hopes right at the start and the engagements were accompanied by rumors of equally heavy shipments on Thursday. Weak holders lost no time in getting out. Under this process prices dropped anywhere from 1/2 to 51/2 per cent. Sugar fell 21/2 to 101, tobacco to 55, Burlington and Quincy 5% to 6214.
