BRADY WAS CAUGHT.

Located at Duryen by Detective Roche After a Long Search.

Timothy Brady was arrested Monday hight at Duryea by Detective Dave Roche, of the Ontario and Western Railway company. The prisoner was wanted for a long time as one of a gang of depot burglars who plied their trade along the line from Wilkes-Barre to Carbondale. The last offense of this nature was committed at Mayfield on the Ontario and Western road March 31

Since that time they have been watched too closely and didn't have the chance to continue. Peter Hart was arrested and when the time came he plead guilty to receiving stolen goods and was sentenced to three months in the county jail. The grand jury had at the same time indicted Brady, Thomas Grier and Patrick Cunningham, Brady and Cunningham were at large, but Grier's case was continued until the September term of criminal court. Brady is a young man.

CONFERENCE OF MINE OPERATORS

Called for Friday in Pittston to Discuss Twin Shaft Matter.

MAY ABANDON WORK OF RESCUE

Airway Is Blocked and the Difficulties of the Work of Reaching the Entombed Men Increases as the Workers Advance-Good Work That Is Being Done by Scranton Merchants -- Relief Fund Growing.

A meeting has been called for Friday n Pittston to discuss the advisability of abandoning the search for the bodies of the Twin shaft victims and devoting

tors composing the governor's commistion. The notices of the meeting were sent out yesterday, and were received by a number of Scrantonians interested n mining.

What the result of this consultation tal, \$91. will be cannot be conjectured, as sentiment is pretty well divided on the ques tion. One of the commissioners, Inspector Stein, favors the abandonment | That Opera Will Be Sung at Frothof the work; the other two refuse to be interviewed on the matter, but it is understood they do not favor giving up relatives are disposed to leave the ques-tion to the jadgment of the operators. while others, comprising the vast majority, receive the proposition with in-

It will be a delicate task that Friday's conference will have before it. Even though in his best judgment a man might believe that it is far better to devote to the relief of the suffering survivors the money that is being spent in the apparently futile search for the odies, he would hesitate, perhaps, to voice his convictions on account of the extreme delicacy of the case. It is a question, however, that has to be met. and the contemplated method of deciding it is generally conceded to be a considerate one, at least, on the part of the company.

AIRWAY BLOCKED UP. The discovery that the airway paralelling the slope is as badly blocked as he slope itself destroys the last hope of reaching in any definite length of time, he workings where the burrowing for the bodies would be commenced. to 6 o'clock last evening 495 feet of the dope had been tunneled, leaving 525 feet yet to be traversed before callon of water has been pumped out of the mine since the accident twenty-four days ago, and before the foot of the slope can be reached it is feared that water will be encountered. The place where the men are entombed is the lowest portion of the mine, being six-

ty-four feet lower than the foot of the That the bodies are already covered by water is generally conceded. The air is also becoming worse. Whether or not the company concluded to longer, abandon the work, it will before long be forced to, for it stands to reason in view of the above circumstances that it will simply be an impossibility to carry on the work much longer, unless ome new schemes are devised. The following came by the United Press last night:

Philadelphia, July 21.-The citizens' permanent relief committee met in the mayor's office at noon today and decided to appropriate \$2500 to the Pittston mine sufferers. They also decided to send \$200, to Ambier for the cyclone sufferers. There was another good sized addition yesterday to the Board of Trade's fund in aid of the survivors of the Twin shaft victims. The fund now amounts to \$9.195.75 and by the end of the week it is expected that the \$10,000 mark

will have been passed. Merchants of this city have taken an active interest in swelling the fund and many of them have sent letters to merchants in other cities with whom they do business, explaining the situation and asking for contributions There has been a general and liberal response to these appeals.

PRODUCTION OF MIKADO.

ingham Thursday Night.

There never was an opera produced derstood they do not favor giving up on the American stage that met with the search just yet. Some few of the better success than "Mikado." It is acknowledged by musical people as being Gilbert and Sullivan's best effort and as a winner for theatrical managers it stands at the head of the list of operas. This was clearly demonstrated when it was first produced in New York city. At that time it was being played at six different theaters, each playing to crowded houses.

It made its debut under the management of R. D'Oyle Carte, Joseph P. Burns, was then a member of the original company. In the production of the "Mikado" at the Frothingham on Thursday evening, July 23, for the beneof the Pittston relief fund, the staging is entirely under Mr. Burns' direction, whose work is on the same style as that of the original company. It will be a musical as well as a comb treat from the rise to the drop of the curtain. William Connel purchased

on Penn avenue and summoning Lieutenant Davis, who happened near by, they entered and took the pair in tow. They proved to be Michael Cadden, aged 21, a plumber's apprentice, whose home is on Scranton street, and Hugh Rush, a barber, who keeps a shop on the some street, near its intersection with Seventh street.

They gained entrance by breaking into the cellar through a rear window stealing a couple of bars and forcing open the front doors. When the police pounced upon them they showed fight but were quickly overpowered. They had about \$125 worth of cutlery stored about their persons ready to decamp. Among the articles they had possessed themselves of were eighty-one pocket knives, forty razors, five pairs of scissors, four clippers and a razor strop. They entered a formal plea of not guilty at the hearing before Alderman Howe, and were sent up to the county

The police have been looking for Cadden since the 23rd of June, when W. P. Connell & Son's hardware store was burglarized in a somewhat similar manner of \$125 worth of like goods. Cadden, who had been discharged by the Connells for dishonesty, was suspected of the crime and an investigation clearly fastened it upon him. OTHER BURGLARIES, ETC. During the last month there have een so many burglaries, robberies, desperate assaults and petty thefts reportd that the public will welcome the anthe hardware store of W. P. Connell & Son, on Penn avenue, was entered and the cash box containing \$30 carried off. The burglar obtained an entrance to the building through the cellar and was evidently well acquainted with the building, a fact which leads to the supirrested yesterday, knows something

about it. July 2 a young man named Weeks was held up at 3 o'clock in the afternoon on North Main avenue, near the city line, and relieved of his month's pay, \$19.75, which he obtained a short time before at the Leggett's Creek mine, where he was employed. The daring highwayman escaped.

On the night of July 4 the store of full county ticket. Grass & Smith, of 407 Penn avenue, was entered and a large quantity of brass and copper stolen. Henry Williams and George Thompson were arrested for this burglary. The same night Pasqua Cambo was relieved of \$200 by his friend, Vinco Mando, and three days later a coat containing valuable papers was stolen at St. Peter's cathedral by a trampish looking individual who made good his escape.

HIGHWAY ROBBERY.

About 11 o'clock on the night of July another daring highway robbery occurred at the city line in Providence when John Logumsa and Steve Hervillick were relieved of \$23 and a silver watch and badly beaten as well. On he night of July 13 the home of Patrick Lynn, of Providence, was entered by burglars who carried away valuables worth \$75. Two nights later the stores of Kresky, Bunnell & Co., and J. B. Doyle & Co., of Main avenue, were entered and a large quantity of goods stolen from each place. There was no clue to the perpetrators.

Last Thursday George Lauder des poiled the Oriental Club house of Oakford court of its valuables and left for parts unknown. Eugene Huff and William Wilson were arrested as accomplices and are now in jail. On Saturday Frank Ludy, of Newark, N. J., stole a large quantity of carpenter tools from a house on Irving avenue but was ar-

ested while trying to dispose of them. Saturday night or Sunday the offic of Joseph Ansley & Son of the West Side was entered and about \$20 worth of property secured. Two nights before house of Andrew C. Mitchell at 1410 Washburn street, was entered and \$25

in cash taken. Late Saturday night Thomas S. Davis of Aswell court, West Side, was held up near the Delaware, Lackawanna and Western station and relieved of \$37.50 by two well dressed young men. A sneak entered the house of Lewis Griffiths on Eynon street Sunday night and secured \$40. He was evidently frightened off as there was several hundred dollars within easy reach.

STOLE A SATCHEL.

T. H. Green, of Hopbottom, stole a satchel from W. J. Jenkins' Lackawanna avenue hotel Sunday and was arrested while trying to dispose of his ill-gotten goods. Numerous petty thefts were reported.

Besides the above and the rumors of highway robberies in the vicinity of Keiser Valley that have flooded into the city a number of desperate as saults have been committed during the last month. A young woman was the victim of one of the assaults, the most revolting ever reported hereabouts, and the scene of the crime was in the vicinity of Central Park Garden. The victim was taken to the Lackawanna where she hovered between hospital, life and death for two weeks. She is now recovering.
