SHE SAW THE MONEY.

Forty dollars caused trouble last evening and Tuesday night in Alderman Moses office. John H. Gray, the prosecutor in the case, told his story as follows: He had received a sum of money from his employer, and, per agreement, paid \$10 to Peter Dougherty, who had earned it. Gray was in the Dougherty home on Luzerne street Tuesday night and he exhibited several hundred dollars in bills. Mrs. Dougherty, wife of Peter, asked that she might handle some of the money. Gray laid \$10 on the table. The woman picked it up and refused to surrender to Gray. He caused her arrest. The woman's defense was that Gray owed her the money. This Gray denied. The answer held the defendant in \$300 bail to appear at court.

MARKETS AND STOCKS

Wall Street Review.

New York, July 22.—The security markets were characterized by a better tone and the efforts of the beleaguered bears to check the rising tendency proved abortive. The latter made a very good showing on Jersey Central in hopes of starting liquidations afresh, and the stock was forced down from 90 1/2 to 87 1/2. The general list refused to sympathize and late in the day when the stock named got back to 92, the bears were again buyers. The strength of the market resulted partly from the success which has attended the bankers' plan to sustain the treasury gold reserve, nearly eight millions of gold pledged having been deposited at the sub-treasury up to 3 o'clock, and partly from the announcement that the foreign bankers were willing to co-operate with local capitalists in this important matter. It will be the work of the latter to check gold exports by supplying the urgent wants of remitters until their crops begin to move in about sixty days from now. That the success will be firmly convinced that this can be accomplished is best, probably, attested by the way the engagement of \$2,000,000 gold for export tomorrow was received. There were heavy withdrawals caused scarcely a ripple of movement and had not the slight influence on stock values. At the opening the market was also sustained by purchases of 10,000 shares of international stocks for London account. Our securities ruled fractionally higher there, which was an agreeable surprise in view of the break here at the close yesterday. Pending definite statements from the conference of the foreign bankers at Mr. Morgan's office, the market dragged, but when it was reported that an agreement to control sterling exchange had been reached, prices advanced all along the line. Jersey Central rose to 92, Lake Shore 14 1/2, Chicago Gas to 55, Sugar to 10 1/2, Burlington and Quincy to 67, Rock Island to 68 1/2, Western Union to 70 1/2, Manhattan to 90 1/2, New York Central to 93 1/2, Lehigh Valley to 47 1/2, Tobacco to 57 1/2, Northwest to 8 1/2, and Consolidated Gas to 146. Speculation closed strong and confident. Net changes show gains of 3 1/2c per cent. Total sales were 208,770 shares.
