M'KINLEY'S PLANS FOR CAMPAIGN

Holds a Conference With National Chairman Mark Hanna.

CRISP LITERATURE IS WANTED

The Leaders Not in Favor of Staggering the Voters with Heavy Speeches on the Currency Questions--Work on the Letter of Acceptance.

Cleveland, July 26.—Major McKinley and Mark Hanna, chairman of the Republican national committee, have been in conference most of the day and evening at Mr. Hanna's beautiful suburban home on the lake side.

The campaign has been outlined in a general way only by Mr. Hanna and his committee. They do not know what turn affairs may take in reference to another Democratic ticket and of necessity their actions are somewhat limited in scope and significance by the imperfectly developed situation which confronts them.

Senator Sherman, who was here two or three days last week to participate in the centennial exercises, is somewhat alarmed at the manifestations of the silver sentiment in certain sections and communities. He told Major McKinley that his voluminous correspondence was laden with inquiries about the money question, and he was of opinion that most active measures to combat the silver sentiment ought to be taken at once.

Major McKinley to have the speaking campaign begun at once, and said he was ready and willing to take the stump at a moment's notice. Other Republicans of prominence, such as Senator Hawley and ex-Governor Merriam, of Minnesota, have expressed themselves in pretty much the same manner to both Major McKinley and Mr. Hanna.

It is believed that it will be difficult to get people to read heavy congressional speeches on the money question, or other long discourses. On the other hand there is abundant evidence of the lively demand for clear, crisp, simple talks on the money question, and for short articles and leaflets bearing upon it.

When Major McKinley settles down in Canton again this week, he will begin to think seriously about his letter of acceptance. He expects to begin work on it within ten days and may have a draft of it complete within a fortnight. It is not his intention to make it public for a month or so, however. He wants to see what turn events will take and needs something to determine the ultimate cast which he shall give to the issues of the campaign.

PLAIN TALK. It is believed that it will be difficult to get people to read heavy congressional speeches on the money question, or other long discourses.

PLANNING THE CAMPAIGN. Chairman Hanna Will Meet Members of the Executive Committee at New York on Tuesday Next.

Cleveland, July 26.—M. A. Hanna will reach New York next Tuesday and there will find awaiting him Senator Proctor, Samuel Fessenden, George H. Lyman, P. C. Cheney, Frederick Gibbs, C. R. Brayton, Garrett A. Hobart, Joseph H. Manley, Senator M. S. Quay, Powell Clayton, N. B. Scott and General William M. Osborne.

There are many things to be considered. The appointment of Cornelius N. Bliss as treasurer of the executive committee is expected to be made public early in the week.

In discussing the campaign, Mr. Hanna today said: "The infatuation of a considerable portion of the people of the west with the free silver craze may be attributed very largely to the selective form in which the free silver advocates have put forward their side of the financial question. To offset the effect this procedure we have decided to scatter broadcast quantities of literature calculated to present the money issue in its true light. Another feature of this canvass will be the active participation of the workman."

HOLD-UPS IN CHICAGO. The Long and Short Combination Enters a Grocery Store.

Chicago, July 26.—Shortly after eight o'clock last evening store hold up No. 21 took place when two young men entered the jewelry store of C. M. Robertson of No. 187 North Clark street, and asked to be shown several articles of jewelry which they endeavored to pocket. Mr. Robertson, however, got the drop on his visitors and locking the door to prevent their escape held them at bay with a revolver until the police came to his assistance. At the police station the young men gave their names as James Robinson and Frank Har-

per. The police claim to know Robinson as a tough character.

Store hold-up number 22, was successfully carried out about 9:30 o'clock when the "long" and "short" combination entered the grocery store of James O'Reilly, at 154 Morgan street, and while one man held a revolver under Mr. O'Reilly's nose and robbed him of his watch, the other scooped \$15 out of the money drawer and then both escaped in the darkness.

WINSLLOW WILL REFUSE TO RUN. Maine Candidate for Governor Declines to Swallow Chicago Ticket.

Portland, Me., July 26.—Edward B. Winslow will decline the Democratic nomination for governor of Maine. This decision, arrived at, means several things. It means that from this time there will be in this state a stand-up fight in the Democratic party between the two factions.

Mr. Winslow decided today, after a full exchange of opinion, to write a letter of declination to the committee that has notified him of his nomination by the state convention last month. As a gold medal he is not ready to endorse Bryan and Sewall, and so told the gentlemen who were present at the conference this morning.

The silver men assumed the offensive soon after the return of Mr. Sewall from Chicago, and they finally made an outright demand that Mr. Winslow, in his letter of acceptance, should endorse the nomination of Bryan and Sewall, repudiate the platform adopted by the state convention, and endorse the free silver plank of the Chicago platform.

Mr. Winslow today said: "I have decided to decline the nomination. I have not been forced from the ticket—no one could force me from that—but I could not consent to the demands of the free silver men. Further than this I have nothing to say at this time."

SITUATION SERIOUS IN THE EAST

Insurgents in Macedonia Have Become Formidable.

Discontent Among the Porte's Soldiers on Account of Pay and Rations.

Comments of the Press.

Berlin, July 26.—Count Goluchowski, Austrian minister of foreign affairs, returned to Ischl for the purpose of holding an interview with Emperor Francis Joseph after having had a conference with Prince Hohenlohe, the German chancellor. On the day of his return to Vienna Count Goluchowski had an interview with Countess von Salm, the Italian ambassador to Austria, and since then Count Nigra has been summoned to Rome by the Marquis Visconti-Venosta, the Italian minister of foreign affairs.

These comings and goings of diplomatic chiefs cannot be attributed to any other cause than the gravity of the situation in the east. A concert of the powers has failed to effect any good results as has already been stated, and the events which are now taking place completely overwhelm diplomacy.

According to telegraphic advices received here yesterday the fighting of the insurgents in Macedonia has become extremely formidable. Greece, while pretending to take stringent measures against any persons engaging in a raid upon the Macedonian frontier, has allowed upwards of six hundred men, all of them armed to enter Macedonia from the north.

Lightning almost hits Adlal. The Vice-President and His Family in a Building That Was Struck.

Louisville, Ky., July 26.—The vice president and his family had a narrow escape from lightning early this morning. A severe rain and thunder storm passed over Bowling Green, where the Stevensons are on a visit to their daughter, Mrs. M. D. Hardin. A bolt of lightning struck Potter college, in which they are staying, burning out the telephone wires and giving shocks to Mr. and Mrs. Stevenson and Prof. E. F. Cabell, whose guests they are.

It was at first thought the building was on fire, but this proved to be a mistake. No one was hurt, although the women were very much alarmed.

Quart of Whiskey Killed Him. Wisconsin Tourist Does Not Survive a Vent in York, Pa.

York, Pa., July 26.—Augustus Witticken, 28 years of age, whose parents live at La Cross, Wis., was one of a party of five who drank a gallon of whiskey. Yesterday morning he was found dead in a barn near Logansville, this county. One of his companions lay beside him, and the doctors only managed to save his life after working up to the descent of the matter.

Witticken's share of the liquor was given to the tramps by two men who are thought to have stolen it.

Towing Across the Ocean. The Two Sailors in a Rowboat Are Far Alone on Their Journey.

London, July 26.—The Norwegian Cito, Captain Clausen, which arrived at Pembroke yesterday from Quebec, reports that on July 15, in latitude 47 degrees north, longitude 31 degrees west, she spoke the rowboat Fox, in which on June 6 Frank Harbo and George Samuelsen, two young Norwegian sailors, started from New York to row to Havre.

EFFORT TO NOMINATE COL. NORTON

The Address to the American People Reported by the Committee--It Charges That the Populist Convention Was Conducted Under the Direction of the National Democratic Chairman.

St. Louis, July 26.—The meeting of the middle of the road men at Texas headquarters last night for the purpose of issuing an address to the people and placing Colonel Norton at the head of the ticket in place of Mr. Bryan was a fiasco. Not more than twenty delegates responded to the call. Colonel Norton made a speech advising the hot heads to go slowly.

John Ulrich, of Wisconsin, of the committee appointed to wait on Governor Stone and ask for the alleged telegram from Mr. Bryan, reported that they had seen Governor Stone and he had stated that in his opinion Mr. Bryan did not intend to accept the Populist nomination. The committee appointed to draw up an address to the American people reported, and the address was laid on the table. It charged that the convention was not Populist, but was conducted in the interest and under the direction of the national chairman of the Democratic party; that hired emissaries were sent among the delegates to influence them by questionable means; that W. J. Bryan's nomination was procured by misrepresentation and the suppression of telegrams of declination from him. The address recommended that in case Mr. Bryan does not formally accept the nomination by Aug. 5, then his silence be taken as a declination, and that Hon. S. F. Norton, of Illinois, be considered the nominee of the People's party. In place of the address the rapidly dwindling crowd of kickers adopted a resolution as follows:

Resolved, That we, the minority, known as the middle of the road people, enter our solemn protest against the arbitrary methods of those in control of the convention.

There were nine delegates and three reporters present when the result was reached, and the rump convention adjourned.

FOUND WEALTH IN A GRAIN BIN. Arrest of a Stranger With Another Man's Property in His Pocket.

Fostoria, Ohio, July 26.—A stranger employed a young man to get a certificate of deposit for \$318, issued by the Commercial Bank of Fostoria, to Melchior Stark, cashier yesterday. Finding that it might get him into trouble, he turned the paper over to the police, who placed the man under arrest. When searched, certificates from the same bank, amounting to \$1,362.21, notes aggregating \$5,455 and \$31 were found. The notes and certificates were all payable to Stark.

The stranger gave the name of James Johnson and said he slept in a barn and found a bag in a grain bin containing the money and papers. Stark is a bachelor living between Fostoria and Fiffin, and has not yet discovered his loss, as no complaint has been filed with the police of either city.

MASSACRE IN CUBAN HOSPITALS. Helpless Inmates Butchered and Burned by Spanish Soldiers.

Key West, Fla., July 26.—Private letters from Matanzas, Cuba, to responsible merchants in this city, give shocking details connected with the capture by the Spanish of rebel hospitals, located respectively at Isabel and Magdalena, in that province. Drs. Roig and Izquierdo, surgeons of the Cuban army, in charge, with their assistants and corps nurses, were all, it is alleged, cut to the machine, while the helpless sick and wounded were assassinated in their cots and the buildings then burned over their heads to cover up the crime.

Small insurgent detachments guarding the hospitals made a desperate but vain defense against over-powering forces.

TOOK A CLAIRVOYANT'S ADVICE. The Teimers May Have to Pay to Accusing Their Servant.

Orange, N. J., July 26.—Mary Stalger, formerly a servant in the family of Mr. and Mrs. Paul Teimer, of 117 North Sixteenth street, has begun suit against the Teimers for \$2,000 for false imprisonment, defamation of character and injury to her health. Mrs. Teimer missed a diamond and a gold ring on June 4, and she and her husband accused the servant of stealing them.

Mrs. Teimer went to Newark and saw a clairvoyant, who declared that the servant had taken the rings. The girl was arrested. Detective Bell went to Mr. Teimer's house to make an investigation, and was told that the rings had been found in the bedroom of Mrs. Teimer. The girl was released from jail on June 12.
