CLUBS BROKE EVEN.

We Won the First Game Because Johns.n Pitched Superbly and Deserved the Second.

Scranton and Buffalo split even in the two games played Saturday afternoon. Each game was won by a run and the second lasted ten innings. It is a pecu-liar fact that each club deserved to win the game it lost; Buffalo should have won the first and Scranton the second but the result was vice versa. The last

hind him, and all of Buffalo's runs were unearned. Kiester's four and Maguire's two errors gave the visitors

their six runs.
BUFFALO PROTESTS. Scranton got three tallies and the one run necessary to win in the ninth inning. The bases filled on Bowerman's

force hit, Ward's double, after Griffin had fanned, and O'Brien's walk. Bowerman and Ward came in on a passed ball. Buffalo praested Doescher's decision in allowing the scores, declaring that Bowerman had blocked Smith's throw and that Ward had pushed Gannon at the plate. O'Brien got in the winning run on Klester's hit over third. Score: SCRANTON.

SILVER MEN ARE HUMILIATED

Have to Make School Bonds Payable in Gold to 8 Il Them.

Greensburg, Pa., July 26 .- The sound oney men of this place are having considerable fun with the silver Democrats on the school board. For some time the board has been trying to dispose of \$75,000 worth of bonds. It went against their principles to make the bonds payable in gold, and they made it "lawful money of the United States." The money men of the town refused to buy the bonds. After vainly trying to get rid of them, the board met last night and decided to make the bonds payable in gold.

AND COMMENT

Pertinent Facts o. Interest to Riders of the Bike.

SECRET OF PACE-MAKING IS TOLD

Why "Sexts" and "Quads" Are Better Pacers Than Singles and Why the Pacer Is Always Beaten -- Road Book of the Pennsylvania Division of the L. A. W. Is Free.

Pace making is one of the curious things about bleycle racing which is understood only by those who follow the business. It does not seem that a man running along ahead should be of much assistance, but in all contests whether it be among horses or men it has been found that the one who makes the running usually is beaten at the end. Why this is true has never been satisfac-torily explained, but every one acknowledges the fact.

To follow single pace is more difficult and harder work than to follow tandem and so on, the sextette being the ideal pace. Men who have "tacked" on to all sorts of machines and for the purpose of trying to figure out the mystery of pace, claim that single pace simply urges a man on and enables him to keep the same gait. He is saved the brain work of working about the gait he is going, as that is left to the pace-maker. A copy is set for him and all his faculties are centered on that copy. Behind a tandem the rider noices that in one certain spot, where the atmosphere is cut open for him, the wheel runs easier. He keeps in that spot and follows closely.

The quad does most of the work for

the one who follows and at times the single rider feels as if he were going at a 10-seconds faster gain than behind

single pace.
The sextette, according to those who have had experience, does the entire work for the single, except moving the rider's legs. It not only removes the ir pressure but creates a vacum by which the single rider is pulled along. On either side of a certain path which is directly on the wake of the six-seater the wind whistles past while the single is protected and sheltered. keep in that path and make the legs go up and down" is the instruction given, "the sext does the rest."

The fact that the vacation season is at hand is responsible for many of the applications which go to increase the arge list received weekly by the League of American Wheelmen. While the organization is one which every rider of a wheel should feel it a duty to support there are many who do not feel the necessity of putting in an application until the opportunity of deriving tmmediate personal benefits becomes apparent. The benefits of membership continue all through the year, both directly and indirectly, but to the cycler who proposes taking even a short tour the card certifying that he is a mem-ber is absolutely indispensable.

The road book published by the Pennsylvania division and furnished free of charge to every member shows all the routes throughout the entire state and neighboring states, as well as giving principal routes all through road book is compiled from informa-tion furnished by the local consuls in each town in the state, and is not ofered for sale, being furnished only to members of the organization.

To the tourist the saving in hotel bills frequently represents the entire cost of membership in a single day in the reductions secured upon presentation of the membership card at League hotels on the route traveled, and the fact that there is an official in each town ready to give information in case of the necessity for such, or to render assistance in case of accident. tourist who attempts making a trip awheel without an L. A. W. card in his pocket will scarcely find his road as easy a one to travel as he who has taken this precaution. Applications for membership accompanied by the initia-tion fee of \$1, and the first year's annual dues of \$1 should be addressed to the secretary-treasurer. THIRD ANNUAL RACE MEET.

Will Be Conducted by Green Ridge

Wheelmen on August 8. Saturday afternoon, Aug. 8, is the date of the third annual race meet of the Green Ridge Wheelmen at the Driving Park. This meet will eclipse all former events of like character ever held here and is run under League of American Wheelmen sanction and rule. The League of American Wheelmen allows no fake racing and fast riders from all parts of the country will be attracted by the diamond prizes offered. Races called at 2.30 p. m. will be one-mile novice, one-half mile open, onehalf mile for boys under 16, one mile Lackawanna county championship, onemile open, one-mile handicap, two-mile lap race, two-mile handicap. As the number of entries will be very large. several of the races are to be run in heats, making an afternoon of races run in quick succession. It is expected that the record of 2.11 made in the mile open at the meet last year will be lowered and it is almost certain that the county record of 2.16 will be lowered by some local rider. This meet is on the Pennsylvania cir-

cuit and all the flyers following it win be here. Tandem pace-making is to be used, and in addition to the regular aces some attempts against time will doubtless be made in the hope of lowering existing records. Price of adnission has beeen placed at 25 cents.

TWO CANDIDATES FOR OFFICE DIE.

Prominent Men of Petersburg, Ind.

Meet Death the Same Day. Petersburg, Ind., July 26 -Two candidates for office in this county on the Republican ticket died today, one from natural causes and the other by accident. Benjamin Taswell, candidate for county coroner, and a popular and highly respected citizen, died from consump-

tion, aged 58 years.

John Demotte, candidate for sheriff, was hauling logs to a mill and the log on which he was sitting slipped and

threw him under the wheels of the wagon, one of which passed over his chest, crushing it in a terrible manner. He died almost immediately. He eaves a widow and child.

OSCAR MUST STAY IN JAIL.

His Health Is Better Than It Was Before He Was Locked Up.

London, July 26 .- Sir Matthew White Ridley, the home secretary, has refused to remit the sentence imposed on Oscar Wilde, as a petition, recently presented to him, requested him to do on the ground that Wilde's health was bad. The prison physicians report that the condition of his health has improved since his incarceration. It is the gen-eral opinion that any further effort to ecure Wilde's release will be as fruitless as those made in the past. Wilde was sentenced in May, 1896, to two years' imprisonment at hard labor.
