SURPRISE SPRUNG IN THE MEETING

Prof. McCloskey Will Not Be in the High School Faculty.

LITTELL WAS ENGAGED

Board of Control Majority Fought Through a Reconsideration of the Recent Action in Engaging Prof. McCloskey -- Janitors Named for the for New High School.

There was a bit of excitement and ty-one members present, the majority did a smooth piece of parliamentary day as was made during the last three work in reconsidering the action of the last meeting, which engaged Professor McCloskey for the new high school faculty. Last night McCloskey was set down and Professor Frank Littell, of slope is filled with pieces of coal and the Sixteenth ward, chosen in his stead. There was an unsuccessful effort made

during the turmoil to have Professor John E. Williams, of Dunmore, selected. When Chairman Mitchell rapped for At 19.30 this morning a solemn high order at 7.50 o'clock nearly every memher was in his sear and the few ab-St. Mary's church, Upper Pittston, for sentees arrived before the reading of . the minutes was finished.

As soon as committee reports were called for and none was forthcoming from the high school committee, Mr. Dayanney moved and Mr. Schriefer seconded that the board reconsider its action at the previous meeting in engaging Professor McCloskey for the high school faculty. It had been intended to appoint him assistant professor of mathematics. The motion had been put and the vote called when Mr. Notz began to debate the question. He was ruled out of order, and Mr. Gibbons proceeded to champion Mr. Notz's cause, meanwhile the motion was declared carried.

While the chair was ordering Mr. Gibbons to be seated Mr. Schriefer moved and Mr. Langstaff seconded that Professor Littell be engaged in Professor McCloskey's place.

MR. GIBBONS' EXCEPTIONS.

After putting the question Chairman Mitchell recognized Mr. Gibbons, who took exception to the chair's refusal to recognize Mr. Notz, declared there was a doubt whether the motion to reconsider had really had a majority and said Professor McCloskey could not be dismissed until charges against him had been made and proved, and that the teacher could collect one year's salary by process of law.

Chairman Mitchell Instructed Secretary Fellolws to recerd the vote on the church for the benefit of the Twin shaft fund is \$310.95. Many members reconsideration and Mr. Notz grabbed his hat and hurried toward the door, exclaiming to Mr. Gibbons and others "Lets break the quorum; don't let's be bamboozled this way."

Mr. Schriefer renewed his motion to engage Professor Littell. Mr. Carson amended the motion by naming Professor Williams, and Mr. Jennings suggested that the matter be referred to ommittee. The two motions and the suggestion were put forth almost simultaneously and then Mr. Gibbons arose to make his second speech of the even-

WHY HE VOTED FOR HIM.

He said he couldn't countenance such a way of doing business. He knew none of the three candidates, but at the last meeting voted for McCloskey be cause Superintendent of Schools Howell had recommended him. After warning the board against making itself answerable in court, he moved to refer the matter to the committee and the board's attorney. Mr. Notz seconded the motion, and Mr. Schriefer moved to table it. The table motion was carried by a recorded vote of 12 to 9, the members voting as on the motion to reconsider. Mr. Davis moved that Professor Will-

iams be engaged, but the motion was lost by 14 to 5, Mr. Notz and Mr. Williams voting with the majority. Mr. Schriefer, for the third time moved the engaging of Professor Littell

and the motion was finally carried, the members voting 12 to 9, as when the discussion started. Chairman Mitchell chased as a site for it. It is the and Secretary Fellows were instructed ing and the different floors were heavto execute the contract.

NEW POSTAL ORDER.

Does Not Prohibit the Carrying of Letters for Newspapers.

A postal order that has long been a law but not enforced, must be here after, by order of the postmaster general. It prohibits officers or employes of railroads from carrying unstamped letters over their lines. The order affects nearly every large railroad in the United States.

It is estimated that the government has lost about \$250,000 a year for years The Washington officials say that a railroad corporation or express com pany has no more right to carry and deliver letters than an individual, and the new order is dericted at them.

This order, it is said, will not affect newspaper correspondents who have occasion to send envelopes containing news on the trains, as special permission to do this has been given by the department.-Fourth Estate.

This Afternoon.

The Berlin Iron Bridge company, of East Berlin, Conn., the firm that has the contract for the metal work on the third story of the court house, com-menced an action of assumpsit and an attachment under the fraudulent debtors' act of 1869 yesterday in court against J. W. Bonta for 85,204 with interest from July 25, 1896. Warren & Knapp represent the plaintiff.

In an action of this kind the sheriff is directed to levy upon the personal property and stocks of the defendant. Deputy Sheriff John J. Fahey has the papers and will serve them at a meeting of the directors of the Bonta Plate Glass company, which will be held at the company's office on Lackawanna avenue this afternoon.

A statement will be given out by the directors after the meeting explaining the status of the company, which will be of interest, no doubt, to the array of stockholders in this valley. Th works are now ready for operation and all that is required is the securing of some working capital.

The affairs of the company were in a tangled condition, but one of the directors said last night that the outlook is bright for success; that the plant will do all that has been claimed and in a short time will be in running order.

Concerning the action against Mr Bonta, this director said that the company is not interested one way or another in the case. Mr. Bonta made the contract with the Berlin Bridge company, and the latter has to deal exclusively with him. He was to delly-er over the plant to the company, and all contracts made in the construction of it he alone is responsible for.

The contract between the Bridge company and Mr. Bonta was for \$12,750. This included all work in the construction of the buildings of the plant and the amount for which the suit was brought is the balance that has not been paid.
