Shooting Afray Turas a Negro Dance

Into a Scene of Carnage . Jasper, Fla., July 29,-A terrible buttie between whites and negroes occurred Saturday night at Haggard's turpentine still, fifteen miles northeast of this place. Six men were killed out right and eight were wounded, some of whom will die. Three of the men killed are white and three colored. All of the wounded are negroes. Those kihed are Henry Jackson, Albert Sul-

livan and Edward Johnson, white, and James Solomon, Amos Campbell and Isanc Mitcheil, all negroes. The names of the wounded have not been learned, but it is said two of them are women. There are many negroes employed at Haggard's torpentine stiff, and nearly every Saturday night they engage in what they call a "festival" at which many watermelons and much whisky consumed, and dancing is kept up fer hours. Saturday night the usual "festeal" was in progress when a doz-

en white men appeared and began to take part in the proceedings. The whites were drinking and soon make themselves obnoxious to the negroes. They interfered with the dancing, tried to take the partners of the negro men sway from them, and then began to

trip the dancers. This was kept up for some time, the

negroes continually warning the whites to desist. Isaac Solomon was especially threatening in his warnings, and he him there would be trouble. The very next time he and his partner came by in the dance they were tripped. Solomon arose from the floor, pistol in hand, and opened fire, shooting Jackdrew revolvers, as did the other negroes, and the firing became general. The lights were quickly shot out, bu: the men continued to fire in the dark. The white men were better armed than the negroes, and as soon as the latter had exhausted their weapons they fled. News of the tragedy did not reach here until yesterday afternoon. A posse of fifty white men left for the scene, and it was reported that the negroes had armed themselves and were returning to exterminate the whites,

AFRAID OF SOUND MONEY MEN

The Republicans Are Supplying Campaign Literature on Demand. Opinions from Kausas and Nebraska Proposes to Unchain the Oratori-

> Bureau of The Tribune, 501 14th street, N. W., Washington, July 29.

Senator Jones, chairman of the Demcratic national committee, will come to Washington next week, and after a meeting with members of the national and executive committees will establish national headquarters. One of the subjects, which involves a somewhat perplexing question, which will re-ceive early consideration by the committee, is the candidacies of sound money Democrats on state electoral tickets, who can be counted on by reason of open declarations like that of William M. Singerly, of Pennsylvania, to vote for sound money candidates for president and vice president. Just what action will be taken in the cases of these candidates seems a bit problematical, but it is known that many members of the national committee are in favor of putting up Democrats, who will support the Chicago ticket against the regular nominees who will not. Sen-ator Jones is said to disapprove of such a course for the reason that it would savor of the bolt method which the silver Democrats are just now earnestly discountenancing. Senator Faulkner, chairman of the Democratic con-We propose to gressional committee, is out of the city, but his associates at committee headpressed the opinion that while the comfield against the regular nominees of the state conventions, who would not support the ticket, nothing would be omitted in efforts to elect Bryan electors in every district where there was the slightest chance of Democratic success; the intimation being that although the committee would not ofagainst the sound money Democratic nominees, there would be no objection

to such a course.

Colonel John W. Kelly, general soliciter of the Union Pacific system of interest you. It is a railways, was in the entrier defessional business with the interior department. He is a Nebraskan and will support the Republican sound money ticket and platform. "Within the past two weeks I have been traveling that none should two weeks I have been traveling through Nebraska," said he. "The sentiment for sound money is growing stronger daily and by November the state will be for the sound money ticket by from fifteen to twenty thousand majority. I am aware of the fact that the residence of the Democratic candidate for president is being depended upon to arouse state pride, but from what I can judge this influence will hardly figure in the contest. Nebraska is for sound money and the presidential vote in November will prove this," Senator Thurston, who is at present at Omaha, has written a friend in · SIX KILLED AND EIGHT WOUNDED. Washington, that he is confident the

> Republicans will carry the state. Assistant Secretary Schroeder of the Republican congressional committee, said today that the committee was complying with all requests for campaign literature that reaches it. "We are sending to voters whatever they ask for, If they want matter on the tariff, we give them that: if they ask for currency literature, they get it. We are not attempting to unload tariff speeches and arguments on people who are indifferent to that issue. Requests for tariff literature, however, are very few, the people evidently regarding the question as to whether the country is to have a safe and secure financial system in stead of an unsafe and insecure one, as the dominant issue." This would indi-cate that the Republican managers are not, as is charged by the Democratic-Populist party, endeavoring to evade the financial issue.

One of the callers at Republican headquarters today was a Kansas Republican politician. He had read, he said, Senator Peffer's interview in which the Kansas senator said his state would surely give Bryan 40,000 majority. "That," said he, "misrepresents the political feeling of Kansas. I am in touch with the people of the state, and from actual knowledge can state as fact that in the coming contest party lines will be obliterated; men will forget that they are Republicans or Democrats, and join hands for the accomplishment of a single purpose. It is told the whites that when they tripped this, the eradication of Populism and whatever is allied with it. There is no state in the Union where Populism is more unpopular than in Kansas. Under its rule the state's credit has been almost ruined, and its good name de son through the heart. The white men stroyed. McKinley and Hobart will carry Kansas and I am betting money on the result."

> Regardless of consequences, Secere tary Hoke Smith is going to fire the opening gun in the Democratic campaign in Georgia. Not only that, but ne will make the opening speech in the Bryan ratification meeting, which will be held in Augusta, Ga., on Aug. 12. Mr. Smith has asked no one's advice in this matter, and will go to the extent of endorsing the platform. He expects this play to put him in high political favor in Georgia, but whether the farmers will be taken in by it remains to be seen It is believed that Mr. Cleveland will ske no notice of his erratic secretary until after he declares himself in a speech. Those who are very close to Smith say that he has put everything in the department in shipshape, and that he is prepared to walk out of the interior building at a moment's notice Certain it is that the bravado manner in which Mr. Smith is growing enthusiastic over the Chicago nomintion has estranged him from his fellow cabinet

From down in Georgia come great rumors of discontent from the Howells, Pat Walsh and the anti-administration set, who had hoped to see Smith and his coterie of friends in this same hostile attitude towards Bryan as they had assumed towards Mr. Cleveland Smith's short cut across country, jumping fences when he came to them, has taken them all by surprise, and those who had hoped to defeat Bryan in grain are washed away, and highways Georgia do not relish this sudden fliplop of the secretary of the interior. It does flavor of the opera bouffe. It would be still funnier if Cleveland paid no attention to it, and not make a

CAR STRUCK AN OIL WAGON.

Several Persons Are Severely Injured and Much Property Is Damaged.

Detroit, Mich., July 29.-A Mount as to Bryan's Chances--Hoke Smith Clemens motor car struck an oil wagon on Graydot avenue this morning demolishing it and severely injuring the driver, John Donlon. The oil spread over the pavement and the next car which passed the spot ignited it. In a second the street was ablaze. A butcher wagon standing near was surrounded by the flames and the driver, Tony Henck, severely burned before he could

escape. The horse was nearly roasted alive and had to be killed. Gerite Dens, a 12-year-old girl, who jumped from the car, struck her head and is severely injured and burned. A boy named Thiel, who also jumped from the car, was slightly injured. Henry Trapp, a fireman, was thrown off a hose cart and had his collar bone broken, and was otherwise injured. The flames were subdued before they could spread to adjoining property.

guns, torpedoes and study of local waters and land approaches. And that these studies and drills may be intelligently and efficiently carried on, we strongly believe that the militia should be furnished with plenty of boats of various designs, signals of all kinds and a sufficient number of guns and torpedoes to enable all the members of the militia to become thoroughly familiar with the work which may be assigned to them. We are led to the belief with the understanding that the militia would be utilized in the way outlined and a knowledge of fact, that at present, many of the officers in their zeal and earnestness have been making appropriations from their private funds to properly carry on the work as now performed, and that if greater knowledge be expected a still greater drain would follow."
