The rate of speed expected to be attained is over 100 miles an hour. Last Wednesday, in a twelve-mile run, a rate of ninety-six miles was reached, including the starting and stopping.

KIDNAPS HER FATHER'S CHILD.

Illinois Woman Interferes With Affairs in Leavenworth, Kan.

Leavenworth, Kan., July 29.—Daniel Shannahan, an engineer of the Union Pacific shops in this city, lives with Mrs. Gallagher, with whom he has been boarding since the death of his wife, four years ago. Three years ago Mrs. Gallagher gave birth to a girl baby, which bore the name of Mamie Shannahan. This afternoon Mrs. Lizzie Calmer of Quincy, Ill., a daughter of Engineer Shannahan by his first wife, arrived in this city and hunted the residence of her father. Seeing little Mamie Shannahan at play she alighted from a carriage and took the little one, bareheaded and barefooted, by force, the mother from a sick bed seeing the act, but being unable to give the alarm.

CLEVELAND WARNS THE FILIBUSTERERS

Military Expeditions to Cuba Must Not Be Countenanced.

THEY CONSTITUTE A CONSPIRACY

Officers Will Be Severely Punished for Violation of Neutrality Laws.

Washington, July 30.—The following proclamation was issued by the state department this afternoon:

A PROCLAMATION.

Whereas, By a proclamation dated the twelfth day of June, A. D. 1896, attention was called to the subject of authorizations by the United States and all other persons to accompany by armed resistance to the established government of Spain then prevailing in the island of Cuba and citizens of the United States and all other persons were admonished to abstain from taking part in such disturbances in contravention of the neutrality laws of the United States; and

Whereas, Said civil disturbances and armed resistance to the authority of Spain, a power with which the United States is in terms of peace and amity, continue to prevail in said island of Cuba; and

Whereas, Since the date of said proclamation said neutrality laws of the United States have been the subject of authoritative exposition by the judicial tribunal of last resort, and it has thus been declared that any combination of persons organized in the United States for the purpose of proceeding to and making war upon a foreign country with which the United States are at peace and provided with arms for such purpose, constitute a "military expedition or enterprise" within the meaning of said neutrality laws, and that the providing or preparing of the means for such "military expedition or enterprise," which is expressly prohibited by said laws, includes furnishing or aiding in transportation for such "military expedition or enterprise;"

Whereas, By express enactment, if two or more persons conspire to commit an offense against the United States any act in violation of the neutrality laws of the United States which are violations of said laws and will render them liable to the severe penalties provided for such violations;

Now, therefore, that the laws above-referred to as judicially construed may be fully executed, that the international obligations of the United States may be fully satisfied, and that the citizens and all others within their jurisdiction, being reasonably apprised of their legal duty in the premises may abstain from disobedience to the laws of the United States which keep the forfeitures and penalties legally consequent thereon;

I, Grover Cleveland, president of the United States, do hereby solemnly warn all citizens of the United States and all others within their jurisdiction against violations of the said laws interpreted as hereinbefore explained, and give notice that such violations will be vigorously prosecuted, and I do hereby invoke the cooperation of all good citizens in the enforcement of said laws and in the detection and arrest of any persons who are engaged in such violations, and do hereby enjoin upon all the executive officers of the United States the utmost diligence in preventing, prosecuting and punishing any infractions thereof.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this twenty-seventh day of July, in the year of our Lord, one thousand eight hundred and ninety-six, and the Independence of the United States the one-hundredth and twenty-first.

GROVER CLEVELAND.

By the President—Richard Olney, Secretary of State.

RESULTED FROM OLNEY'S VISIT.

The president's warning proclamation as to Cuban filibusters is understood to be one of the results of Secretary Olney's recent visit to Gray Gabals, and is thought to be in some measure at least, the answer of the administration to the petitions and complaints against Spain's treatment of the Americans in Cuba, which continually pour in upon the state department. Many of these have contained pleas of ignorance of the laws under which the suspects were arrested and imprisoned, and it has apparently been deemed advisable to leave American citizens no longer in doubt as to the protection they may expect if they go so far in their sympathy as to violate United States laws.

Senator DeLoe has persistently tried to secure some statement of the administration's attitude ever since the belligerence resolutions were adopted by congress, he desiring to offset the ill effects in Spain of the debate in the senate. While the United States authorities have invariably displayed the activity required of them in enforcing the neutrality laws, it has been found almost impossible to secure any convictions for violations of the United States neutrality statutes until recently.

TRIED LANDANUM AND A PISTOL.

H. L. Withers Jr., Attempts Suicide on Account of Unrequited Love.

Baltimore, July 30.—Hanson L. Withers Jr., a young society man of Philadelphia, whose parents are now traveling in Europe, attempted suicide at the Mount Vernon Hotel here to-day by shooting himself in the head. He was the guest of Walter B. Pierce and had come here with him from Shapsherdstown, W. Va. At the latter place Withers had met Miss Helen Breckenbrough, the niece of General H. Kyd Douglas, and had fallen love with her. His passion, however, was not returned. This made him morose. Last night he also received letters from his father chiding him for spending too much money. This made matters worse.

REVOLVER'S TRAGIC HISTORY.

Daniel Strain Ends His Life with the Weapon His Daughter Used.

Indianapolis, July 30.—Daniel Strain, a wealthy farmer of Vermillion county, prominent in social and church life, committed suicide today, using the same revolver with which his daughter, 26 years old, committed suicide fourteen years ago because of disappointment in love.

This revolver had been carefully concealed by him all this time, none of the family knowing its whereabouts, although its loss was frequently mentioned in his presence.

CYCLERS BEFORE THE WIND.

Wheelmen Travel Four Miles in Front of a Terrific Gale.

Newark, O., July 30.—David Lewis and James Thomas rode four miles north of Vanantata last night on their bicycles. They had but fairly good way on the return trip when a terrific wind arose.

Putting their feet on the coasters the cyclists were carried by the wind for nearly four miles at almost a mile a minute, a part of the distance being up grade. They were able to dismount in a covered bridge just before the storm broke.

RAILROAD OWNED BY THE CITY.

Cincinnati Voters to Decide About Selling a Line for \$10,000,000.

Columbus, O., July 30.—A peculiar election will be held in Cincinnati next Monday. Cincinnati owns a large railway system, known as the Cincinnati Southern, now operated by the Owen and Crozer company, running from Cincinnati to Chattanooga. It was built by the city soon after the war, when it was thought that the only other road by which the southern trade could be reached, the Louisville and Nashville, was discriminating in favor of Louisville.

AN EDUCATIONAL PAMPHLET.

A Book of Currency Statistics Prepared for Free Circulation.

Washington, July 30.—In view of the great number of requests for information on the financial question, the treasury department has prepared a pamphlet of fifty-four pages, answering as nearly as can be foreseen the questions asked and expected to be asked. The book gives a history of the United States bonds from the earliest issues, and now they were disposed of, coinage of all sorts and treasury issues of paper money of every description now in circulation. The various kinds of notes—ten in number—are described and amounts issued and in circulation. Fractional currency also has a paragraph and the system of redemption of United States notes is explained.

Statistics are very elaborately given, covering the various production of gold and silver, American production from 1792 to 1895, monetary system and approximate stocks of money in the principal countries of the world, and a summary of the monetary events since 1796, arranged chronologically; the value, weight and fineness of all American coins and the changes and dates of such issue.

The purpose of the department is to send a copy of this book to every person applying for information with the page and paragraph marked which contains the answer to the query propounded.

FIREMEN CRAZED BY HEAT.

Two Men Leap Overboard from the Steamship Roland.

Baltimore, July 30.—Two men were leapt overboard from the North German Lloyd line steamship Roland, which arrived here today from Bremen. While the vessel was in mid-ocean the boat was very oppressive, and in the stroke hole almost unbearable. The firemen suffered terribly and several succumbed and had to be carried on deck and restored to consciousness by the ship's surgeon.

At least one of the men, who had been overcome by heat early in the voyage, began to talk rationally, and after a time acted in such a manner as to cause the belief that he was insane. Suddenly he was seized with a wild frenzy, and with a yell dashed up the iron ladder leading from the stowaway, rushed across the deck and jumped heading over the side into the sea. During the excitement a hitch occurred in the lowering of the boat, two seamen fell overboard; one was rescued, but his companion and the crazed man were not found.

CURES SICK HORSES BY FAITH.

Michigan Christian Scientist Treats Dumb Animals and Plants.

Kalamazoo, Mich., July 30.—A horse owned by Mr. Snow, west of the city, was afflicted with paralysis of the hip and was cured by Mrs. Agnes Chester, Christian scientist. She has also treated one or two horses in Kalamazoo for sciatic rheumatism, and one in Battle Creek for splint. The horse recovered. This horse she did not see. Mrs. Chester has also treated plants, trees and flowers in order that they might live and grow healthy. It is claimed that the health power of Christian science is not limited alone to human life.

BABY FATALLY BITTEN BY A COW.

Infant Attacked by a Carnivorous Bovine in a Field.

Fort Dodge, Iowa, July 30.—Anton Lahman and wife of Williams Township, Pocahontas county, are grief-stricken over the terrible condition of their 19-month-old baby, as the result of fatal injuries inflicted by a vicious cow. The baby was left in its crib by the mother, while she was engaged in driving the cows out of the corn.

When the mother returned she found the little one being devoured by one of the cows. After a hard fight the mother managed to drive the cow away, but too late to save the child.

FAMILY FUED LEADS TO BULLETS.

William Lehman Given a Probably Mortal Wound by C. A. Johnson.

New York, July 30.—The domestic troubles of William Lehman are as wife, which have been before the public at intervals during the last six weeks, culminated today in a shooting affair, which will probably result in Lehman's death. Mrs. Lehman said that Charles A. Johnson, who did the shooting, is her brother.
